Overnight closure on U.S. 63

In preparation for the Oct. 7 traffic shift, overnight closures will occur on U.S. 63 between Broadway and the I-70 connector. This small stretch carries more than 52,000 vehicles on an average day.

Planned underpass development

On Oct. 7, southbound U.S. 63 traffic will shift into a head-to-head configuration to facilitate the construction of a new underpass. Two narrow lanes, seperated by concrete barriers, will remain open on northbound U.S. 63.
