LEGAL NOTICE

STATE OF LOUISIANA, DEPARTMENT OF CONSERVATION AND ENERGY, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, DECEMBER 1, 2026,** upon the application of **PRUET PRODUCTION COMPANY.**

At such hearing the Office of Permitting and Compliance will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Lower Tuscaloosa Sand, Reservoir A,** in the Pigeon Creek Field, St. Helena Parish, Louisiana.

1. To further define the Lower Tuscaloosa Sand, Reservoir A, as being that stratigraphic equivalent of that oil, gas and condensate bearing zone encountered between the depths of 13,950' and 14,262' (electrical log measurements) in the Pruet Production Co.-L TUSC RA SUA;Kennedy-Elam No. 1 Well (SN 255288), located in Section 48, Township 3 South, Range 4 East, and establish rules and regulations for the same.
2. To create an additional 640 acre drilling and production unit for the exploration for and production of oil, gas and condensate from the Lower Tuscaloosa Sand, Reservoir A, said unit to be designated L TUSC RA SUB, as shown on the plat submitted with the application, and made a part hereof.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
4. To designate a unit operator and unit well as may be deemed appropriate.
5. To declare that any future wells drilled to the Lower Tuscaloosa Sand, Reservoir A, within or outside of the unit created herein should be located in accordance with the spacing provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
6. To declare that the Secretary of the Department of Conservation and Energy should be authorized to reclassify the reservoir by Supplemental Order, without the necessity of a public hearing, if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Secretary of the Department of Conservation and Energy.
7. To consider such other matters as may be pertinent.

A plat is available for inspection in the Department of Conservation and Energy in **Baton Rouge** and **Lafayette,** Louisiana.
