Millions Headed to GLOW Region For Road Projects

$2 million awarded to resurface State Route 5 and State Route 19 in Le Roy

By **BEN BLAGLE**
benblagle@thedailynewsonline.com

More than $5 million is coming to four Genesee Valley region communities for repaving projects.

The funding was announced Nov. 10 by the office of Gov. Kathy Hochul and will be used for the state's funding for projects in 68 locations across the state. A total of 642 lane miles of state highways across every region of the state will be repaved under the Department of Transportation's Fiscal Year Winter Paving program.

A total of $5,161,000 has been awarded to local municipalities in the Genesee Valley region to begin next spring, including:

• $2 million to resurface State Route 5 and U.S. Route 20 from the village of Le Roy to Batavia.

• $1 million to resurface State Route 19 from the Niagara County line to the village of Le Roy.

• $80,000 to resurface State Route 63 from the south side of the large line to Randall Road in the town of Avon and the village in Genesee County.

• $1.78 million to resurface State Route 98 from Route 5 in the town of Le Roy to State Route 33 in Monroe County.

• $311 million to resurface State Route 5 and U.S. Route 20 from the village of Le Roy to Livingston County.

• $81,000 to resurface State Route 18 from the Niagara County line to Oatka Creek in the towns of Bergen and Carlton in Orleans County.

Two awards went to resurfacing projects in Genesee County, including $1.78 million to resurface State Route 98 from Route 5 in the town of Le Roy to Route 33 in Monroe County.

The $311 million to resurface State Route 5 and U.S. Route 20 from the village of Le Roy to Batavia in Genesee and Livingston County.

Batavia's $80,000 award will resurface State Route 18 from the Niagara County line to Oatka Creek in the towns of Bergen and Carlton in Orleans County.
