SPRING 2018 COMMENCEMENT PROCEDURE AND SCHEDULE

A commencement ceremony represents and commemorates a significant academic achievement in one's career and a moment of pride for the graduate's loved ones.

The College Park Center, located at 601 Spaniolo Drive, will host all commencement ceremonies. Parking will be available in the College Park garages and the surrounding surface lots. Graduates will assemble inside the College Park Center west entrance.

It is strongly encouraged to arrive one hour before the ceremonies commence for parking and ticket collection. Guests arriving 10 minutes after the ceremonies begin will not be allowed to enter. Graduates should arrive one hour before their commencement timings to assemble with their school or college.

Guests are encouraged to wear formal attire. For graduates, academic dress and regalia are traditional attire for the ceremony. They can be purchased at the UTA Bookstore.

General Regulations:

- For security reasons, all bags will be checked at the entrance.
- Outside food and drink will not be prohibited.
- All cellphones and electronics must be turned off.
- Disruptive guests will be asked to leave.
- Strollers can be checked in at the Box Office.
- All guests, including family members, must present their tickets.
- Noisemakers, firecrackers, balloons, flags, banners, alcohol and all illegal substances are prohibited inside the College Park Center.

Mr., Ms. UTA reflect on semester together

The pair were already friends before taking on their roles.

The Shorthorn staff

The Shorthorn: file photo

Mr. UTA Dillian Frelow and Ms. UTA Razeena Moosa sing along to the UTA fight song during the 52nd annual Arlington 4th of July Parade. Mr. and Ms. UTA work with the UTA ambassadors and are tasked with promoting school spirit and maintaining campus traditions.

After meeting in a speech class, Dillian Frelow and Razeena Moosa developed a friendship that would later evolve to Mr. and Ms. UTA.

"We were a dynamic duo before we were even Mr. and Ms. UTA," Frelow said.

Frelow said he and Razeena set the bar for these roles in the past year because they were "go-getters" and were always eager to be present at events. They were not afraid to bring a hip style and new vibes to campus and even refer to UTA President Vistasp Karbhari as "BFF."

"Don't be shy in these roles, like, be you," Frelow said. "I literally show up to anything and President Karbhari asks me where my cape is, like my cape and crown."

Frelow said individuals in campus leadership roles should work on making the experience their own instead of letting the role define them. These roles are about building up professionalism but don't forget to be personable, he said.

"It's a once in a lifetime opportunity and you have one year and this one year goes by so fast," Moosa said. "You need to do what you can to make sure those memories are going to be in your head, in your hearts, forever."

Before becoming Mr. and Ms. UTA, the two business management and marketing seniors were a part of the UTA Ambassadors program and the EXCEL Campus Activities Executive Board. They saw these roles as an opportunity to build their credibility and gain experience that would help them be successful in pursuing the roles of Mr. and Ms. UTA.

As Mr. and Ms. UTA, Frelow and Moosa served as co-presidents of UTA Ambassadors, the program of official student hosts, hostesses that establish and strengthen pride and passion for the university.

A major focus for them was to raise student awareness of the program and of what the ambassadors do. The program is beneficial to the entire campus because of all the events we plan, Moosa said.

As the UTA Ambassadors secretary, historian, Kirsten Manns, worked closely with Frelow and Moosa during the past year. Manns said she enjoyed working with Mr. and Ms. UTA and is going to miss them being her fearless leaders.

She said working with Frelow and Moosa helped her develop skills such as leadership, time management, event promotion and how to conduct meetings.

Frelow and Moosa are complete opposites which allows them to balance each other out very well, Manns said.

Frelow and Moosa said they value the relationships they've built with people and the stories behind the changes they've made within the past year.

"It was an experience from the get-go that me and Razeena always knew that we wanted, it was something that we aspired to be," Freelow said. "Now, to say that we're done is just crazy because you just never would have thought that the year would unfold the way it did. It was an amazing year."

COLLEGE OF ENGINEERING

Doctoral Degrees

DOCTOR OF PHILOSOPHY IN BIOMEDICAL ENGINEERING

Olajide Babawale
M.S., UT Arlington, 2014
B.E., Covenant University, 2009
Dissertation Title: Investigation of Functional Connectivity and Neurovascular Coupling in Different Vigilance/Breath-Hold States of the Brain from Simultaneous Eeg-Fnirs Measurements
Supervising Professor: Hanli Liu

DOCTOR OF PHILOSOPHY IN CIVIL ENGINEERING

Taha Ashoori
M.S., Sharif University of Technology, 2012
B.S., University of Tehran, 2008
Dissertation Title: Comparison of Ground Movements During Trenchless Technology Operations for Pipe and Box Installations by Numerical Analysis
Supervising Professor: Mohammad Najafi

Jasaswee Das
M.S., UT Austin, 2014
B.T., National Institute of Technology Trichy, 2011
Dissertation Title: Assessment of Sustainability and Resilience in Transportation Infrastructure Geotechnics
Supervising Professor: Anand J. Puppala

Ahmed Hassan Gaily
M.S., UT Arlington, 2012
B.S., Sudan University of Science and Technology, 1998
Dissertation Title: Field and Laboratory Evaluations of Novel Stabilization Methods for High Sulfate Expansive Soils in North Texas
Supervising Professor: Anand J. Puppala

Shelia Scott Neumann
M.S., Air University, 2002
M.S., UT San Antonio, 1993
B.S., Mississippi State University, 1983
Dissertation Title: Environmental Life Cycle Assessment of Commercial Space Transportation Activities in the United States
Supervising Professor: Melanie Sattler
Naima Rahman
M.C.R.P., Bangladesh University of Engineering and Technology, 2014
B.S., Bangladesh University of Engineering and Technology, 2011
Dissertation Title: Sustainable Waste Management Through Operating Landfill as Biocell
Supervising Professor: Sahadat Hossain

Fatemeh Rezaeifar
M.A., University of Tarbiat Modares, 2010
B.A., University of Art, 2004
Dissertation Title: Operations Optimization of an Intermodal Underground Freight Terminal Using Simulation-Optimization
Supervising Professor: Mohammad Najafi

Razieh Tavakoli
M.A., Islamic Azad University, 2013
B.A., University of Guilan, 2009
Dissertation Title: Modeling Remaining Useful Life of Water Pipes Using Artificial Neural Network and Adaptive Neuro Fuzzy Inference System
Supervising Professor: Mohammad Najafi

Thomas Patrick Taylor
M.S., UT Arlington, 2015
B.S., University of Wyoming, 1990
B.S., University of Wyoming, 1985
Dissertation Title: Framework for Determining the Pullout

Resistance of Inextensible 2-Wire Soil-Reinforcing Elements Embedded in Sand
Supervising Professor: Anand J. Puppala

DOCTOR OF PHILOSOPHY IN COMPUTER ENGINEERING

Mohammadhani Fouladgar
M.S., Iran University of Science and Technology, 2011
B.S., Islamic Azad University, 2007
Dissertation Title: Indexing, Querying, Prediction, and Integration for Network-Constrained Moving Objects Databases
Supervising Professor: Ramez Elmasri

Luan V. Nguyen
M.S., Catholic University of America, 2013
B.E., Catholic University of America, 2012
Dissertation Title: Cyber-Physical Systems: From Specification Inference to Design Analysis
Supervising Professor: Christoph Csaliner

DOCTOR OF PHILOSOPHY IN COMPUTER SCIENCE

Afroza Sultana
B.S., Bangladesh University of Engineering and Technology, 2009
Dissertation Title: Efficient Contextual and Reverse Pareto-Optimization
Supervising Professor: Chengkai Li

Konstantinos Tsiakas
B.E., Technical University of Crete, 2013
Dissertation Title: Interactive Learning and Adaptation for Personalized Robot-Assisted Training
Supervising Professor: Fillia Makedon

De Wang
B.S., Huazhong Agricultural University, 2012
Dissertation Title: Hierarchical Representational Learning with Connectionist Models
Supervising Professor: Heng Huang

Wei Xiang
B.E., Xidian University, 2012
Dissertation Title: Applications of Deep Learning in Large-Scale Object Detection and Semantic Segmentation
Supervising Professor: Vassillis Athitsos

DOCTOR OF PHILOSOPHY IN ELECTRICAL ENGINEERING

Mohammad Ghassan Abdallah
B.S., UT Arlington, 2009
Dissertation Title: Devices to Study Cancer Cell Behavior
Supervising Professor: Samir Iqbal

Souvik Dubey
B.T., Maulana Abdul Kalam Azad University, 2010
Dissertation Title: Wireless Powered Flexible Gastrostimulator and Passive Sensing
Supervising Professor: Jung-Chih Chiao

Md. Sohel Mahmood
B.S., Bangladesh University of Engineering and Technology, 2011
Dissertation Title: Wafer-Level Vacuum-Packaged Flexible and Bendable Micro Accelerometer
Supervising Professor: Zeynep Celik-Butler

Muhammad Usman Raza
B.S., Ghulam Ishaq Khan Institute, 2009
Dissertation Title: Nanoscale Biosensors for Disease Detection and Analysis
Supervising Professor: Samir Iqbal

Samuel Vega Cotto
M.S., University of Idaho, 2006
B.S., University of Puerto Rico Mayaguez, 1991
Dissertation Title: Application of the Research Process for the Development of a Microgrid Modular Design for Tribal Healthcare Facilities in the Navajo Nation: Kayenta Health Center Used as a Subject Study for Experimental Data
Supervising Professor: Wei-Jen Lee

DOCTOR OF PHILOSOPHY IN INDUSTRIAL ENGINEERING

Hadis Anahideh
M.S., University of Tehran, 2012
B.S., Shahid Beheshti University, 2009
Dissertation Title: TK-MARS: An Efficient Approach for Black-Box Optimization
Supervising Professors: Jay Rosenberger, Victoria Chen

Ukesh Chawal
M.S., UT Arlington, 2016
B.S., UT Arlington, 2013
Dissertation Title: Optimizing a System of Electric Vehicle Charging Stations
Supervising Professors: Jay Rosenberger, Victoria Chen

Feng Liu
M.E., Huazhong University of Science and Technology, 2013
B.S., Qingdao University, 2010
Dissertation Title: Sparse Representation and Optimization for Discriminative EEG Source Imaging
Supervising Professors: Shouyi Wang, Jay Rosenberger

The Shorthorn: Marangeli Lopez

Seniors Rebekah VanDijk and Shelby Richards hug Krista Gerlich, Lady Mavericks head coach, after losing their last game of their collegiate career to the University of Louisiana at Lafayette on March 8 in Lakefront Arena at the University of New Orleans. The tight game ended with the Ragin' Cajuns prevailing over the Lady Mavs 54-48.

Dr. Ruth

Q: I've been in a relationship with my boyfriend for four and a half years. He recently ended it because he felt that the passion was no longer there between us. Just to give some history, he has been working some stressful hours in one job, and then he moved on to another job, which allowed us to see each other only on weekends. He has always said that I don't initiate sex and that he sometimes feels undesired. I am an introvert and also have issues with intimacy. I have told him that there are things we could do to rekindle the passion, but he feels that once it's diminished between two people, that's it. He has said that he loves me and that all of the other components that make up a relationship were still there, but so as not to hurt me in the long run, he has ended it. Can passion really be rekindled? I still love him and want us to be back together. We used to speak about the future together, even seriously talking about marriage, and were looking at rings. What do I do?

Dr. Ruth
Send your questions to Dr. Ruth Westheimer c/o King Features Syndicate 235 E. 45th St., New York, NY 10017

A: To be honest, I wonder if he is telling you the truth. Perhaps he has found someone new and is saying this to let you down easy. If it were just a matter of passion, you could fix things, especially if you both loved each other. But throwing away a relationship that has gone on this long because of a lack of passion, and not really talking about it or trying to make repairs, doesn't make sense to me. I wish I had a solution, but I'm not sure there is one.
