**Notice of Violation/Public Notification of Non-Compliance
Tier 3 (MONITORING) Chlorine Residual Violation
Community Water System
Cadeville Water District, PWS ID # LA1073060
Ouachita Parish, Louisiana**

We are required to monitor your drinking water for chlorine residual at our point of collection taps at the same time bacteriological samples are collected. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the monitoring period of January 01, 2015 to January 31, 2015, the

Cadeville Water District did not monitor for chlorine residual at the same time bacteriological samples were collected, and therefore we cannot be sure of the quality of your drinking water during that time.

This violation occurred because of the failure to collect the required samples for chlorine residual from the water system's distribution system.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

Necessary action has been taken to prevent this violation from recurring. Samples were pulled but we failed to write down the chlorine residual on the forms. Please call Tom Owens, Operator, at 396-1933, should you have any questions.

PROCUREMENT POLICY

These procedures are intended to serve as guidelines for the procurement of supplies, equipment, construction services and professional services for the LCDBG Program. These guidelines meet the standards established in 24 CFR 85.36 and state requirements.

CODE OF CONDUCT

No employee, officer, or agent of the Town of Sterlington shall participate in the selection or in the award or administration of a contract supported by LCDBG funds if a conflict of interest, real or apparent, would be involved. Such a conflict could arise if the employee, officer or agent; any member of his/her immediate family; his/her partner; or an organization which employs or is about to employ any of the above, has a financial or other interest in the firm selected for award.

No officer, employee or agent of the Town of Sterlington shall solicit or accept gratuities, favors or anything of monetary value from contractors or firms, potential contractors or firms, or parties to sub-agreements, except where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value.

Any alleged violations of these standards of conduct shall be referred to the Town of Sterlington Attorney. Where violations appear to have occurred, the offending employee, officer or agent shall be subject to disciplinary action, including but not limited to dismissal or transfer; where violations or infractions appear to be substantial in nature, the matter may be referred to the appropriate officials for criminal investigation and possible prosecution.

PROCUREMENT PROCEDURES

The director or supervisor of each department or agency of the Town of Sterlington responsible for procurement of services, supplies, equipment, or construction obtained with LCDBG funds shall review all proposed procurement actions to avoid the purchase of unnecessary or duplicative items. Such reviews shall consider consolidation or breaking out to obtain a more economical purchase. When determined appropriate by the Director or Supervisor, an analysis to determine which approach would be the most economical shall be undertaken.

The Town of Sterlington shall take affirmative steps to assure that small and minority firms, women's business enterprises, and labor surplus firms are solicited whenever they are potential qualified sources. The Town of Sterlington shall also consider the feasibility of dividing total requirements into smaller tasks or quantities so as to permit maximum participation by small and minority firms, women's business enterprises, and labor surplus firms. Where permitted by regulations, delivery schedule will be developed which will include participation by such businesses.

The Town of Sterlington shall assist the prime contractor whenever possible by providing copies of lists which identify qualified small and minority firms, women's business enterprises, and labor surplus area firms.

SELECTION PROCEDURES

ALL procurement carried out with LCDBG funds, where the Town of Sterlington is a direct party, shall be carried out in a manner that provides maximum free and open competition. Procurement procedures will not restrict or eliminate competition. The Town of Sterlington shall not place unreasonable requirements on firms in order for them to qualify to do business. Nor will the Town of Sterlington

encourage or participate in noncompetitive practices among firms. The Town of Sterlington is alert to organizational conflicts which would jeopardize the negotiation process and limit competition. The Town of Sterlington will not require unnecessary experience or bonding requirements.

Pursuant to state law, all solicitations of offers shall incorporate a clear accurate description of the technical requirements for the material, service, or product to be procured. In competitive procurements, these descriptions shall not contain features which unduly limit competition. The description may include a statement of the qualitative nature of the material, product or service and the minimum essential

(Continued to Page 13B)

PUBLIC NOTICES

(Continued from Page 12B)

characteristics and standards to which it is to satisfy its intended use. Detailed product specifications shall be provided whenever possible.

All solicitations of offers shall clearly set forth all requirements which offerors must fulfill and all other factors to be used in evaluating bids, proposals, or statements of qualifications.

Contracts shall be awarded only to responsible contractors/firms that possess the potential ability to perform successfully under the terms and conditions of the proposed procurement.

Consideration shall be given to such factors as the contractor's/firm's capacity, integrity, compliance with public policy, record of past performance, and financial and technical resources.

METHODS OF PROCUREMENT

Direct procurement by the Town of Sterlington shall be made by using one of the following methods depending on the type of service to be procured.

Small Purchase Procedures. Relatively simple, informal procurement procedures will be used where the purchase of materials, supplies, equipment, and/or other property will not cost in the aggregate more than \$30,000, and for construction with a cost of not more than \$100,000, except where further limited by state law or LCDBG policy.

Competitive Sealed Bids/Formal Advertising. Under this procedure bids are publicly advertised in accordance with the state's Public Bid Law. A firm fixed price contract (either lump sum or unit price) shall be awarded to the responsible bidder whose bid is lowest in price and that conforms to all the material terms and conditions of the advertisement for bids.

Competitive sealed bids can be used ONLY when the following criteria are met: (1) there are complete, adequate, and realistic specifications or drawings; (2) there are two or more responsible bidders who are willing and able to compete effectively; (3) the procurement can be made on a firm fixed-price contract and selection of the successful bidder can be made principally on the basis of price.

When formal advertising is used the following conditions shall be met.

- i. The advertisement for bids shall be publicly advertised in accord with state law.
ii. The advertisement for bids, including the specifications and pertinent attachments, shall clearly define the items or services needed in order for the bidders to properly respond to the advertisement.
iii. All bids shall be opened publicly at the time and place specified in the advertisement for bids.
iv. A firm fixed-price contract award shall be made by written notice to the lowest responsible bidder whose bid conforms to the advertisement for bids.

Competitive Advertising: Requests for Proposals/Qualification Statements. This method may be used when formal advertising is not appropriate. Architectural and engineering services must be procured via requests for qualification statements; administrative consulting services must be procured via requests for proposals. Other professional services may also be procured by requests for proposals.

- i. Requests for proposal or qualification statements must be advertised in a newspaper in the nearest metropolitan area in accordance with the rules of the State's LCDBG Program. All submittals will be honored and entered into the competition.
ii. The package for proposals or qualification statements shall identify all significant evaluation factors or selection criteria, including the corresponding point system that will be used to rate the proposals/qualification statements.
iii. The selecting official (or committee, if one is designated) shall review all proposals and statements received and make a technical evaluation of each. This shall also include a written statement that identifies the basis upon which the selection was made.
iv. Contract award will be made to the responsible offeror whose submission is deemed most appropriate to the Town of Sterlington with consideration for price, qualifications, and other factors set by the local governing body.

Noncompetitive Negotiation/Sole Source. Noncompetitive negotiation shall be used when small purchase, formal advertising, or competitive negotiation procedures are not feasible. Noncompetitive negotiation will involve solicitations of a proposal from only one source.

- i. The item or service is available only from a single source;
ii. It is determined that a public urgency or emergency exists and the urgency will not permit the delay beyond the time needed to employ one of the other three methods of procurement.

CONTRACT PRICING

Cost plus percentage of cost and percentage of construction cost methods of contracting MUST NOT be used. The Town of Sterlington shall perform cost or pricing analysis in connection with EVERY procurement action including contract modifications.

A cost reimbursement type contract is most appropriate when the scope and extent of the work to be performed are not clearly defined. A cost reimbursement contract MUST clearly establish a cost ceiling which may not be exceeded without formally amending the contract, and must identify a fixed dollar profit that may not be increased unless there is a contract amendment that increases the scope of the work.

A fixed price contract is appropriate when the scope of work is very well defined and product oriented. A fixed price contract MUST establish a guaranteed price that may not increase unless there is a contract amendment that increases the scope of the work.

A per diem contract expected to exceed \$10,000 will not be considered unless the Town of Sterlington has determined that a cost reimbursable or fixed price contract is not appropriate. Cost and profit included in the per diem rate MUST be specifically negotiated and shown separately in the proposal.

The Town of Sterlington may use a multiplier type of compensation under either the cost reimbursement or fixed price contract. The multiplier and the portions of the multiplier applicable to overhead and profit must be specifically negotiated and separately identified in the contract.

PROCUREMENT RECORDS

The Town of Sterlington shall maintain records sufficient to detail the history of the procurement. The records shall include the following contract provisions and conditions:

- i. Contracts other than small purchase shall contain provisions that allow for administrative, contractual, or legal remedies if contractors violate or breach contract terms, and provide for sanctions and penalties as appropriate.
ii. All contracts in excess of \$10,000 shall provide for termination for cause and for convenience by the Town of Sterlington including the manner in which it will be done and the basis for settlement.
iii. All construction contracts and subcontracts in excess of \$10,000 shall include provisions which require compliance with Executive Order 11246, Equal Employment Opportunity, as amended by Executive Order 11375, and as supplemented in DOL regulations (41 CFR Part 60).
iv. All contracts and subcontracts for construction or repair shall include a provision for compliance with the Copeland "Anti-Kick-Back" Act (18 USC 874) as supplemented by DOL regulations (29 CFR Part 3).
v. All contracts or subcontracts in excess of \$2,000 for construction or repair shall include a provision for compliance with the Davis-Bacon Act (40 USC 276a to a-7) as supplemented by DOL regulations (29 CFR Part 5).

CONTRACT ADMINISTRATION

The Town of Sterlington shall maintain contract administration systems that insure contractors/firms perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. The accepted performance of contractors/firms will be a factor in subsequent contract negotiations and award.

Electronic bids will be received for the Bonds via PARITY®, in the manner described below, until 11:30 a.m., Louisiana time, on Tuesday, April 14, 2015.

Each prospective electronic bidder shall be solely responsible to register to bid via PARITY® as described above. The Issuer is using PARITY® as a communication mechanism, and not as the Issuer's agent, to conduct the electronic bidding for the Bonds. No other form of electronic bid or provider of electronic bidding services will be accepted. The Issuer is not bound by any advice and determination of PARITY® to the effect that any particular bid complies with the terms of this Official Notice of Bond Sale and in particular the "Bid Requirements" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via PARITY® are the sole responsibility of the bidders; and the Issuer is not responsible, directly or indirectly, for any of such costs or expenses. Electronic bids must be submitted for the purchase of the Bonds via PARITY®. Bids will be communicated electronically to the Issuer at 11:30 a.m., local Louisiana time, on April 14, 2015. Prior to that time, a prospective bidder may (1) submit the proposed terms of its bid via PARITY®, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via PARITY® to the Issuer, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on PARITY® shall constitute the official time.

Bids will also be accepted in written form on the Official Bid Form. The Issuer will receive sealed bids at the West Monroe City Hall, 2305 North Seventh Street, West Monroe, Louisiana, 71291, for the purchase of \$25,000,000 of principal amount of Sales Tax Bonds, Series 2015 of the City of West Monroe, State of Louisiana. Each bid must be in written form on the Official Bid Form in a sealed envelope marked "Proposal for the Purchase of Sales Tax Bonds, Series 2015 of the City of West Monroe, State of Louisiana". For purposes of accepting written bids, the time as maintained on PARITY® shall constitute the official time.

The Bonds will be dated the date of delivery and will be in the denomination of Five Thousand Dollars (\$5,000) each, or any integral multiple thereof within a single maturity. The Bonds will bear interest from date thereof or the most recent interest payment date to which interest has been paid or duly provided for, at a rate or rates not exceeding five percent (5%) per annum on any Bond in any interest payment period, said interest to be payable on December 1, 2015, and semiannually thereafter on June 1 and December 1 of each year. The Bonds will mature serially on December 1 of each year as follows, to-wit:

Table with 4 columns: YEAR, PRINCIPAL AMOUNT, YEAR, PRINCIPAL AMOUNT. Rows show years 2015-2024 and corresponding principal amounts.

The Bonds will be issued as fully registered bonds in "book-entry only" form and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the bonds, and purchasers of the Bonds will not receive certificates representing their interest in the Bonds purchased. The winning bidder (the "Purchaser") at the time of the sale, however, may elect to not receive book-entry only Bonds, in which case the Purchaser will receive one type written Bond per maturity, exchangeable in the manner provided in the Ordinance.

Those Bonds maturing December 1, 2026 and thereafter, will be callable for redemption by the Issuer in full, or in part, at any time on or after December 1, 2025, and if less than a full maturity, then by lot within such maturity, at the principal amount thereof and accrued interest to the date fixed for redemption. In the event any Bond to be redeemed is of a denomination larger than Five Thousand Dollars (\$5,000), a portion of such Bond (\$5,000 or any multiple thereof) may be redeemed. Official notice of such call of any of the Bonds for redemption will be given by first class mail, postage prepaid, by notice deposited in the United States mails not less than thirty (30) days prior to the redemption date addressed to the registered owner of each bond to be redeemed at his address as shown on the registration books of the Paying Agent.

The principal of the Bonds, upon maturity or redemption, will be payable at the principal corporate trust office of the Paying Agent upon presentation and surrender thereof, and interest on the Bonds will be payable by the Paying Agent by check mailed by the Paying Agent to the registered owner (determined as of the 15th calendar day of the month next preceding said interest payment date) at the address as shown on the books of said Paying Agent. Said Paying Agent will be a qualified bank or trust company selected by the Issuer.

Except as provided under DTC's book-entry only system, the Bonds may be transferred, registered and assigned only on the registration books of the Paying Agent, and such registration shall be at the expense of the Issuer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instruments of transfer and assignment acceptable to the Paying Agent. A new Bond or Bonds will be delivered by the Paying Agent to the successful bidder or the new registered owner in exchange for such transferred and assigned Bonds after receipt of the Bonds to be transferred in proper form. Such new Bond or Bonds must be in the denomination of \$5,000 or any integral multiple thereof within a single maturity. Neither the Issuer nor the Paying Agent shall be required to issue, transfer or exchange (i) any Bond during a period beginning at the opening of business on the 15th day of the month next preceding an interest payment date and ending at the close of business on the interest payment date, or (ii) any Bond called for redemption prior to maturity during a period beginning at the opening of business fifteen (15) days before the date of the mailing of a notice of redemption of such Bonds and ending on the date of such redemption.

In connection with the sale of the Bonds, a good faith deposit of 1% of the principal amount of the Bonds will be required. The manner and timing of such deposit shall be set forth in the Preliminary Official Statement for the Bonds. The good faith deposit of the successful bidder or bidders will be deposited and the proceeds credited against the purchase price of the Bonds, or in the case of neglect or refusal to comply with such bid, will be forfeited to the Issuer and for liquidated damages. No interest will be allowed on the amount of the good faith deposit.

Bidders shall name the rate or rates of interest the Bonds shall bear, not exceeding five per centum (5%) per annum on any Bond in any interest payment period. Bids must stipulate a purchase price for the Bonds of the par value thereof and accrued interest from the date of the Bonds to the date of delivery of the Bonds. No bid which specifies cancellation of the Bonds will be considered. No bids providing for additional or supplemental interest will be considered.

The Governing Authority will meet at the place and time hereinabove set forth for the receipt of bids. The Bonds will be awarded to the bidder whose bid offers the lowest "true interest cost" to the Issuer for the full authorized amount of the Bonds, to be determined by doubling the semiannual interest rate (compounded semiannually) necessary to discount the debt service payments on the Bonds from the payment dates to the date of delivery, such that the sum of such present values is equal to the price bid, including any premium bid but not including interest accrued to the date of delivery (the preceding calculation is sometimes referred to as the "Canadian Interest Cost Method" or "Present Value Method"). In the case of a tie bid, the winning bid will be awarded by lot. If any bid for the Bonds shall be acceptable, a prompt award of the bonds will be made. The right is expressly reserved to waive any irregularity in any bid or to reject any and all bids received.

The Official Statement containing pertinent information relative to the authorization, sale and security of the Bonds is being prepared and may be obtained upon its completion from the Issuer's Bond Counsel, Foley & Judell, L.L.P., One Canal Place, Suite 2600, 365 Canal Street, New Orleans, Louisiana 70130. The Purchaser will be furnished a reasonable number of final official statements on or before the seventh business day following the sale of the Bonds.

The approving legal opinion of Foley & Judell, L.L.P., Bond Counsel, who have supervised the proceedings, the printed Bonds and the transcripts of records as passed upon will be furnished to the successful bidders without cost to them. Said transcripts will contain the usual closing proofs, including a certificate that up to the time of delivery no litigation has been filed questioning the validity of the Bonds or the respective tax revenues necessary to pay the same.

It is anticipated that the American Bankers' Association Committee on Uniform Security Identification Procedures (CUSIP) identification numbers will be printed on the Bonds, but the failure to print such numbers shall not constitute cause for refusal by the successful bidder to accept delivery of and to pay for the Bonds. No CUSIP identification number shall be deemed to be part of any Bond or a part of the contract evidenced thereby, and no liability shall hereafter attach to the Issuer or any of the officers or agents thereof because of or on account of such numbers. All expenses in relation to the printing of the CUSIP identification numbers on the Bonds shall be paid by the Issuer. However, the CUSIP Service Bureau charge for the assignment of such numbers shall be the responsibility of and shall be paid by the successful bidder.

In order to assist bidders in complying with S.E.C. Rule 15c2-12(b)(5), the Governing Authority will undertake, pursuant to an ordinance providing for the issuance of the Bonds and a Continuing Disclosure Certificate, to provide annual reports and notices of certain events. A description of this undertaking is set forth in the Preliminary Official Statement and will also be set forth in the Final Official Statement.

For information relative to the Bonds and not contained in the Notice of Bond Sale and Official Statement, address Mr. Benny Chelette, City Clerk, 2305 North Seventh Street, West Monroe, Louisiana, 71291, or Foley & Judell, L.L.P., One Canal Place, Suite 2600, 365 Canal Street, New Orleans, Louisiana 70130 & Judell, L.L.P., Bond Counsel.

THUS DONE AND SIGNED at West Monroe, Louisiana, on this, the 10th day of March, 2015.
