6/29  
NOTICE  
The Ouachita Parish School Board met in regular session on Tuesday, May 26, 2015 at six (6:00) o'clock p.m. at its regular meeting place, the Ouachita Parish School Board office.  
In the absence of President Jerry Hicks, Vice President Carey Walker called the meeting to order and welcomed visitors and guests to the meeting.  
The roll was called and the following members were present: Tommy Comeaux, Scott Robinson, A. R. Sims, John Russell, Carey Walker and Greg Manley. Jerry Hicks was the only member absent.  
The Pledge of Allegiance to the American Flag was led by Board member Greg Manley.  
The Invocation was given by Board member Tommy Comeaux.  
On motion by Scott Robinson, seconded by A. R. Sims, the Board unanimously approved the Minutes of May 12, 2015 as written.  
On motion by John Russell, seconded by Tommy Comeaux, the Board approved the Agenda as presented. Motion carried unanimously.  
On motion by Greg Manley, seconded by A. R. Sims, the Board amended the Agenda to add items No. 7 & No. 8 under IX. Business. No. 7 Flooring & Installation (Kenneth Slusher) and No. 8 Land Purchase in West Ouachita Parish (Bobby Jones). Motion carried unanimously.  
Greg Manley moved, seconded by John Russell, that the Board add the three (3) flooring & installation projects to the Agenda. Motion carried unanimously.  
Superintendent Webber announced the appointment of the following administrative positions: (1) Mickey Merritt from Principal of West Ouachita High to Director of Secondary Education; (2) Janice Comeaux from Principal of Crosley Elementary to Title I Supervisor; (3) Buddy Canal, from Assistant Principal to Principal of Calhoun Middle; (4) Sharyl Boudreau from Assistant Principal to Principal of Drew Elementary; (5) Cathy Jackson from Assistant Principal to Principal of Woodlawn Elementary; and (6) Sharon Cady from Administrative Assistant to Coordinator of Graphic Arts, with all positions effective July 1, 2015.  
On motion by Greg Manley, seconded by A. R. Sims, the Board granted Superintendent Webber permission to open up the following five positions for application through the interview process that were left vacant with the previous appointments: (1) Assistant Principal, Crosley Elementary; (2) Principal, West Ouachita High; (3) Assistant Principal, Calhoun Middle; (4) Assistant Principal, Drew Elementary and (5) Assistant Principal, Woodlawn Elementary. Motion carried unanimously.  
Purchasing Agent Bobby Jones provided the Board with information regarding the construction of the Shady Grove Walking Path outlined in the Cooperative Endeavor Agreement between the Ouachita Parish School Board and Police Jury in extending funds for the walking path construction. As specified in the quote from Traxler Construction, the project will require 1,100 lineal feet of 8' fencing, two (2) walk bridges, one (1) walk through gate and approximately 3,000 lineal feet of trail, 6' wide. Mr. Jones told the Board that any money expended by the Board during its construction will be reimbursed by the Police Jury up to \$82,800.00. Upon the execution of the contract, the project will commence and must be completed by July 15, 2015. An additional 8% fee will be paid to Land 3 Architect for their oversight services during the construction of the path. Mr. Jones advised the Board that the fee amount will not exceed \$7,200.00 and all payments made for the trail shall be submitted to the Police Jury for reimbursement.  
Business Director Juanita Duke gave a report on the May 19, 2015 quarterly Finance Committee meeting. Several items were taken under consideration by the committee. Accountant Sharon Bridges presented an investment report, stating that investments and cash balances are tracking about the same as last year. The budget approved by the Board at the end of August 2014 is progressing as projected. The status of the revised budget was discussed and will be presented for approval at the June 23, 2015 Board meeting, which will be available for viewing by the public in a public hearing in the Board room of the central office prior to that meeting.  
Duke continued her Finance Committee report with an update on group insurance cost increases. Costs are increasing about 10% and will be offset some by the reduction expected in our retirement contribution rates, which will also affect the balance in the general fund. With the help of the committee, details for the 2015-16 Budget are being formulated and the Board will be informed on their progress.  
In conclusion, Duke emphasized the need for developing policies that improve our financial management practices. Whenever the Board goes out for bonds, Mrs. Duke feels that these bond agencies will be looking for financial management practices that prioritize their business operations in a responsible manner and believes it will also help improve our bond ratings in general. Once developed, these management policies will be brought back to the committee for their review.  
According to the Director of Business Juanita Duke, Supplemental Salaries Sales Tax collections are up 6.7% compared to the end of March last year for the 13th check. However, Duke could not determine the amount of the 13th check until final collections are calculated and staff can be counted. Three more collection payments are to be received before they are remitted to us. Collections increased 5.7% July through March compared to last year for the 1995 Sales Tax 14th check. The M & O Sales Tax or District #1 Sales Tax collections increased 5.6% July through March compared to last year and the West Ouachita Sales Tax collections increased 4.8% July

through March compared to last year.  
On motion of Tommy Comeaux, seconded by Scott Robinson, the Board approved the selection of Tim Brandon with TBA Studio as the architect for the Boley Elementary renovations to add four (4) additional small classrooms and two (2) bathrooms; enclose sidewalks for the back classroom attachment to the main building; address drainage issues between the back wing as well as the front wing; renovate the student restrooms in the main hall and the gym; install air conditioning and heating in the gymnasium. Motion carried unanimously.  
Special Projects/Safety Coordinator Kenneth Slusher reported that there were only two projects ongoing at this time, the lecture hall at Ouachita High School and the weight room at Sterlington Middle School. The contractors are having trouble getting them off the ground due to the weather. The architect assured him they are working on the projects and will finish on time.  
Purchasing Agent Bobby Jones provided information to the Board regarding the flooring items added to the Agenda and asked permission to use funds from the Maintenance and Operations Capital improvement budget an amount not to exceed \$150,000.00 for the following schools:  
Riverbend Elementary – 2 Offices: Will remove carpet and replace with tile  
Good Hope Middle School - Lobby: Waiting on response from school  
West Monroe High School – Field House Will remove carpet and replace with tile  
upstairs and a rubber floor in the locker room and training room  
Sterlington High School – Library  
1 Computer Lab and the Home Economics Room: Replace carpet in library with carpet. Replace carpet in computer lab and Home Economics room with tile.  
Swartz Lower Elementary – Multipurpose room and 2 hallways: Replacing tile for tile  
Whereby, Scott Robinson moved, seconded by Greg Manley, to grant permission to bid the five items listed above as presented by Purchasing Agent Bobby Jones using the funds from the Maintenance and Operations Capital Improvement Budget for an amount not to exceed \$150,000.00 to complete these projects. In discussion, Ms. Duke reminded the Board of the use of maintenance and operations funds set in the ordinance adopted by the School Board in August 1992 and indicated the Capital Improvement allocation of the M&O is usually expected to have a balance of \$5,319,000 and funds are used for roof and bus replacements throughout the district. Motion carried unanimously.  
On the recommendation of Purchasing Agent Bobby Jones, Greg Manley moved, seconded by Scott Robinson, that the Board grant permission to bid the sale of surplus equipment [Bid No. 6-16]. Motion carried unanimously.  
On the recommendation of Special Projects/Safety Coordinator, A. R. Sims moved, seconded by Scott Robinson, that the Board grant permission to Board attorney Elmer Noah to enter into an agreement and purchase from Mr. and Mrs. Sam O. Henry, III and the Succession of Gwen Henry Hardy for the total price of \$269,180.00 for the purchase of land located in Tract II adjacent to West Ouachita High School and containing approximately 13.459 acres of land at \$20,000 per acre excluding the mineral rights, that they be allowed 60 days to select, clear cut and harvest the timber on the land and if the Board wants any of the timber to remain, they are to mark the trees they want to keep within this 60 days. Mrs. Hardy authorized her son to act on behalf of all her children. Whereby, Mr. Sims moved, seconded by Scott Robinson, that the Board approve the agreement with Mr. and Mrs. Sam O. Henry, III, accept their proposal for the purchase of 13.459 acres of land at \$20,000 per acre with a total price of \$269,180.00. Motion carried unanimously.  
The next Board meeting will be held on June 9, 2015 at 12:00 noon.  
There being no further business to discuss, A. R. Sims moved, seconded by Greg Manley, that the meeting adjourn. Motion carried unanimously.

PROCEEDINGS OF THE POLICE JURY, PARISH OF OUACHITA, STATE OF LOUISIANA, TAKEN AT A REGULAR MEETING HELD ON, MONDAY, APRIL 20, 2015 AT 5:35 P.M.

The Police Jury of the Parish of Ouachita, State of Louisiana met in a regular session in the Ouachita Parish Police Jury Meeting Room, Courthouse Building, Monroe, Louisiana on Monday, April 20, 2015 at 5:35 p.m., and was duly convened by Mr. Scotty Robinson, President.

The invocation was given by Dr. Reddix. The Pledge of Allegiance to the flag was led by Dr. Reddix.

<b>Members Present</b>	<b>(6)</b>
Scotty Robinson	District A
Mack Calhoun	District B
Walt Caldwell	District C
Ollibeth Reddix	District D
Shane Smiley	District E
Pat Moore	District F
<b>Members Absent</b>	<b>(0)</b>

APPROVAL OF AGENDA:

The president asked if there were any additions or amendments to the agenda. Mr. Mitchell requested to add Ordinance No. 9069 to the agenda. Mr. Mitchell stated that this item was inadvertently left off of the agenda but had been introduced at the prior meeting and it was advertised for a public hearing on this agenda. Motion offered by Dr. Reddix, seconded by Mr. Calhoun to approve the agenda with the amendment. Motion passed without opposition.

PUBLIC COMMENT PERIOD:

The president asked for public comments on the agenda as approved. No one came forth at this point in the meeting.

ADOPTION OF MINUTES:

A motion to adopt the minutes of the regular Police Jury meeting including the committee meetings held on April 6, 2015 was offered by Mr. Smiley seconded by Mr. Calhoun. Motion passed without opposition.

PUBLIC HEARING:

The president convened a public hearing on Ordinance No. 9069 – An Ordinance amending Section 14-1 of the compiled ordinances of the Ouachita Parish Police Jury, to establish a speed limit of fifteen (15) miles per hour for Meyers Road; providing for a public hearing; and further providing with respect thereto. No one appeared to speak in favor of or against said ordinance. Motion offered by Mr. Caldwell, seconded by Ms. Moore to close the public hearing. Motion passed without opposition.

VISITORS:

The president recognized Tommy Sparks with Greater Ouachita Water Company. Mr. Sparks addressed complaints regarding the quality of water on their system. Mr. Sparks stated that they are in the process of converting to new filters and have been successful in several areas.

The president recognized Bill Mertes with Severn Trent Services. Mr. Mertes stated that his company is working on improving and changing the filtering process for the water system. Mr. Mertes also stated that the water is safe. Mr. Mertes introduced Jason Moss the project manager for the project.

Mr. Moss stated that he is monitoring the water since changing the filter and that several areas are now producing good water. Mr. Moss stated that they are working on customer service and encourage people to call and report any problems they are having with the water.

The president recognized Bill Robertson with the Public Service Commissioner's Office. Mr. Robertson spoke regarding Greater Ouachita Water Company and stated that since they have taken over the LWC waters systems the water has improved for those customers. Mr. Robertson stated there are still several issues to be fixed but that they are working on getting them resolved.

The president recognized Lewis Felton, 106 Taft Drive, Monroe. Mr. Felton spoke regarding the condition of the drainage ditch beside his house. Mr. Sparks stated that they have problems in the area and that he would have the engineers look at the ditch on Tuesday.

The president recognized Quentin Henry, 120 Lakewood Drive, West Monroe. Mr. Henry spoke regarding the Greater Ouachita Water Company Advisory Board and wanted to know why the Police Jury has not appointed someone to the board. Mr. Robinson stated that there has not been a need for the board until recently. Discussion ensued. After discussion, motion offered by Mr. Smiley, seconded by Mr. Caldwell to appoint Mr. Robinson as the Police Jury liaison with Greater Ouachita Water Company. Motion passed without opposition.

The president recognized Ben Allen, 247 Hart Road, West Monroe. Mr. Allen stated that he has seen improvements to the water system but he still has problems periodically when the lines need flushing. Mr. Sparks stated that they are working on getting the dead-end lines on a schedule to be flushed.

The president recognized Cleoria Dunn, 707 Texas Avenue, Monroe. Ms. Dunn spoke regarding "Happy Week" and encouraged everyone to participate in random acts of kindness during the week. The Jury members then gathered for a picture with "Mr. Happy" the official mascot of "Happy Week."

Dr. Reddix, seconded by Ms. Moore offered the following resolution for adoption.

RESOLUTION NO. 15-14

A RESOLUTION ENDORSING THE CITY OF MONROE'S "HAPPY WEEK" INITIATIVE; DECLARING THE WEEK OF APRIL 20-24, 2015, AS "HAPPY WEEK" IN THE UNINCORPORATED AREA OF OUACHITA PARISH; AND, FURTHER PROVIDING WITH RESPECT THERETO.

WHEREAS, Ms. Cleoria Dunn, a local educator, was inspired by the Pharrell Williams song "Happy" to create a "Happy Week" celebration to boost morale and encourage positive civic engagement in Monroe, Louisiana and surrounding areas;

WHEREAS, Mayor Jamie Mayo has declared April 20-24, 2015 to be "Happy Week" in the City of Monroe and has encouraged residents to participate by performing "Random Acts of Kindness Everyday" during said week; and,

WHEREAS, the Ouachita Parish Police Jury finds that the concept of "Happy Week" is worthwhile and should be recognized outside the corporate limits of Monroe,

NOW, THEREFORE:

BE IT RESOLVED that the Ouachita Parish Police Jury, in Regular and Legal Session, does hereby endorse and support the City of Monroe's "Happy Week" initiative;

BE IT FURTHER RESOLVED that the Ouachita Parish Police Jury does hereby designate the week of April 20-24, 2015, as "Happy Week" in the unincorporated area of Ouachita Parish and does further encourage residents to bring happiness to the lives of others by performing "Random Acts of Kindness Everyday" during such week.

The above resolution was adopted on the 20<sup>th</sup> day of April, 2015. No opposition.

\* \* \*

ENGINEERING REPORT:

The president recognized Mr. Crosby, Engineer. Mr. Crosby spoke regarding Oak Circle and stated that the low bid was from Amethyst Construction in the amount of \$1,329,905.50 which is over the original cost estimate. Mr. Crosby stated that his office has been in contact with GOHSEP for additional funding and that a formal request from the Police Jury was needed. Motion offered by Mr. Smiley, seconded by Mr. Caldwell to authorize the president to sign the letter to GOHSEP requesting additional funding. Motion passed without opposition.

Mr. Crosby spoke regarding the Finks Hideaway Road change orders and stated that Change Order Nos. 3 and 4 were previously approved but those change orders are now identified as Change Order Nos. 2 and 3 respectively. Mr. Crosby explained that the re-numbering was required because the original Change Order No. 2 was not yet ready for consideration. Mr. Crosby stated that the new Change Order No. 4 is for \$9,056 to undercut an area on Old Sterlington Road. Mr. Crosby stated that this change order will also add three days to the contract. Motion offered by Mr. Smiley, seconded by Mr. Calhoun to approve Change Order No. 4. Motion passed without opposition.

Mr. Crosby spoke regarding Change Order No. 5 and stated that this change order will add 67 days to the contract for the delays the contractor experienced awaiting completion of the utility relocation work. After discussion, motion offered by Mr. Smiley, seconded by Mr. Caldwell to approve Change Order No. 5. Motion passed without opposition.

Mr. Crosby spoke regarding Change Order No. 6 and stated that this change order was for \$95,130 to add Geogrid under the new road bed to address poor soil conditions. Mr. Crosby explained that the soil conditions had been reviewed by all of the engineers and by LA DOTD and that the use of Geogrid was recommended as an alternative to digging out and replacing the soils which could have cost well more than \$1,000,000. Mr. Crosby stated that this change order will also add 14 days to the contract. Motion offered by Mr. Smiley, seconded by Ms. Moore to approve Change Order No. 6. Motion passed without opposition.

Mr. Crosby spoke regarding the 2015 Road Striping Program and stated that the contractor has started and they should be finished within two or three weeks.

Mr. Crosby spoke regarding the 2015 Road Program and stated that he will start looking at the roads later in the week.

Mr. Crosby spoke regarding OCOG roads and stated that he is working on the design for Ole Highway 15 and should send the plans to DOTD on Friday.

Mr. Crosby spoke regarding the FEMA flood map for Frenchman's Bend and stated that FEMA has revised the flood map and recommended that the residents contact their insurance companies about their flood insurance.

Mr. Crosby spoke regarding preliminary subdivision approval for Riverview Subdivision and recommended approval. Motion offered by Mr. Calhoun, seconded by Mr. Caldwell to grant preliminary subdivision approval subject to comments from the Public Works Department and

parish engineer being adequately answered. Motion passed without opposition.

Mr. Crosby spoke regarding preliminary and final subdivision approval for Jackson Square West and recommended approval. Motion offered by Mr. Robinson, seconded by Dr. Reddix to grant preliminary subdivision approval subject to comments from the Public Works Department and parish engineer being adequately answered. Motion passed without opposition.

Mr. Crosby spoke regarding preliminary subdivision approval for Mallard Estates, Unit 3 and recommended approval. Motion offered by Mr. Robinson, seconded by Dr. Reddix to grant preliminary subdivision approval subject to comments from the Public Works Department and parish engineer being adequately answered. Motion passed without opposition.

Mr. Crosby spoke regarding the re-subdivision plat approval for Autumn Place Subdivision, Lots 28-31 and recommended approval. Motion offered by Mr. Robinson, seconded by Dr. Reddix to grant preliminary re-subdivision plat approval subject to comments from the Public Works Department and parish engineer being adequately answered. Motion passed without opposition.

Motion offered by Mr. Smiley, seconded by Dr. Reddix to recess the regular meeting in favor of the finance committee meeting. Motion passed without opposition.

FINANCE COMMITTEE MEETING

The chairman, Mr. Caldwell, called the finance committee meeting to order at 6:49 p.m. The chairman recognized Mr. Cammack, Treasurer.

Mr. Cammack presented the claim statement for the period of March 13, 2015 through April 16, 2015 and recommended approval. Motion offered by Mr. Smiley, seconded by Mr. Robinson to approve the claims for the period stated as recommended by the Treasurer. Motion passed without opposition.

Mr. Cammack presented the Green Oaks food and food products, second quarter bid results and stated that the lowest conforming bid was from Sysco Food Service for \$23,784.64. Motion offered by Mr. Smiley, seconded by Dr. Reddix to accept the low bid from Sysco Food Service. Motion passed without opposition.

Mr. Cammack asked to declare a 2001 Crown Victoria (asset # 11176) as surplus and allow for sale at public auction. Motion offered by Mr. Robinson, seconded by Mr. Calhoun to declare the vehicle as surplus and allow it to be sold at public auction. Motion passed without opposition.

There being no further business to come before this committee, a motion to adjourn the finance committee meeting and reconvene the regular meeting was offered by Mr. Smiley, seconded by Dr. Reddix. The finance committee meeting was adjourned at 6:51 p.m.

\* \* \*

Motion offered by Mr. Caldwell, seconded by Mr. Smiley to ratify and adopt all actions taken in the committee meeting. Motion passed without opposition.

MOTIONS \* ORDINANCES \* RESOLUTIONS:

MR. SCOTTY ROBINSON, DISTRICT A:

Mr. Robinson, seconded by Ms. Moore offered the following resolution for adoption.

RESOLUTION NO. 15-13

A RESOLUTION PROCLAIMING THE MONTH OF APRIL AS FAIR HOUSING MONTH IN OUACHITA PARISH; AND FURTHER PROVIDING WITH RESPECT THERETO:

WHEREAS, the strength of our nation flows from the promise of individual equality and freedom of choice; and

WHEREAS, the 47<sup>th</sup> Anniversary of the National Fair Housing Law, Title VIII of the Civil Rights Act of 1968, during the month of April, is an occasion for all Americans – individually and collectively – to rededicate themselves to the principle of freedom from housing discrimination whenever it exists. This law guarantees for each citizen that critical, personal element of freedom of choice – selection of the home; and

WHEREAS, a fair housing law has been passed by the state of Louisiana, and implementation of the law requires the positive commitment, involvement, and support of each of our citizens; and

WHEREAS, the departments and agencies of the state of Louisiana are to provide leadership in the effort to make fair housing not just an idea, but an ideal for all our citizens; and

WHEREAS, barriers that diminish the rights and limit the options of any citizen will ultimately diminish the rights and limit the options of all

NOW, THEREFORE, we the Ouachita Parish Police Jury do hereby proclaim the month of April 2015, as Fair Housing Month in the Parish of Ouachita.

The above resolution was adopted the 20<sup>th</sup> day of April, 2015.

\* \* \*

Mr. Robinson spoke regarding the speed limit on Ridgedale Lake Road. Mr. Robinson stated that this road is now in Mr. Caldwell's district but that he has received several calls to reduce the speed limit.

Mr. Caldwell introduced the following ordinance.

ORDINANCE NO. 9070

AN ORDINANCE AMENDING SECTION 14-1 OF THE COMPILED ORDINANCES OF THE OUACHITA PARISH POLICE JURY, TO ESTABLISH A SPEED LIMIT OF FIFTEEN (15) MILES PER HOUR FOR RIDGEDALE LAKE ROAD; PROVIDING FOR A PUBLIC HEARING; AND FURTHER PROVIDING WITH RESPECT THERETO.

WHEREAS, the Ouachita Parish Police Jury finds that the establishment of a speed limit of Fifteen miles per hour (15 mph) for Ridgedale Lake Road in Ouachita Parish Police Jury District "C" is in the public interest;

NOW, THEREFORE:

BE IT ORDAINED by the Ouachita Parish Police Jury in legal and regular session that Section 14-1 of the Compiled Ordinances of the Ouachita Parish Police Jury, be, and is hereby,

supplemented and amended to establish and provide for a specific speed limit of Fifteen miles per hour (15 mph) for Ridgedale Lake Road.

\* \* \*

The president recognized Mr. Calhoun, District B.

MR. MACK CALHOUN, DISTRICT B:

Mr. Calhoun, seconded by Mr. Caldwell offered the following ordinance for adoption.

ORDINANCE NO. 9069

AN ORDINANCE AMENDING SECTION 14-1 OF THE COMPILED ORDINANCES OF THE OUACHITA PARISH POLICE JURY, TO ESTABLISH A SPEED LIMIT OF FIFTEEN (15) MILES PER HOUR FOR MEYERS ROAD; PROVIDING FOR A PUBLIC HEARING; AND FURTHER PROVIDING WITH RESPECT THERETO.

WHEREAS, the Ouachita Parish Police Jury finds that the establishment of a speed limit of Fifteen miles per hour (15 mph) for Meyers Road in Ouachita Parish Police Jury District "B" is in the public interest;

NOW, THEREFORE:

BE IT ORDAINED by the Ouachita Parish Police Jury in legal and regular session that Section 14-1 of the Compiled Ordinances of the Ouachita Parish Police Jury, be, and is hereby, supplemented and amended to establish and provide for a specific speed limit of Fifteen miles per hour (15 mph) for Meyers Road.

The ordinance was introduced on the 2<sup>nd</sup> day of April, 2015.

The ordinance was submitted to a roll call vote, and the vote thereon was as follows:

YEAS:	(6)	Mr. Scotty Robinson, District A; Mr. Mack Calhoun, District B; Mr. Walt Caldwell, District C; Dr. Ollibeth Reddix, District D; Mr. Shane Smiley, District E; and Ms. Pat Moore, District F.
NAYS:	(0)	
ABSTAIN:	(0)	
ABSENT:	(0)	

The above ordinance was adopted on the 20<sup>th</sup> day of April, 2015.

\* \* \*

The president recognized Mr. Caldwell, District C.

MR. WALT CALDWELL, DISTRICT C:

Mr. Caldwell asked for an update on Old Sterlington Road. Mr. Crosby stated that he has looked at the road and recommended three soil borings. Motion offered by Mr. Caldwell, seconded by Mr. Smiley to authorize three soil borings on Old Sterlington Road. Motion passed without opposition.

The president recognized Dr. Reddix, District D.

DR. OLLIBETH REDDIX, DISTRICT D:

Dr. Reddix, seconded by Ms. Moore offered the following resolution for adoption:

RESOLUTION NO. 15-16

A RESOLUTION STATING THE OUACHITA PARISH POLICE JURY'S OPPOSITION TO THE EXPANSION OF THE SWANSON CORRECTION CENTER FOR YOUTH ONTO PROPERTY EAST OF JACKSON STREET; AND, FURTHER PROVIDING WITH RESPECT THERETO,

WHEREAS, the State of Louisiana has announced its intention to construct a new facility for the Swanson Correction Center for Youth on property owned by the State of Louisiana located east of Jackson Street and west of Burg Jones Lane;

WHEREAS, in the decades that have passed since the State of Louisiana acquired the property in question several residential neighborhoods and hundreds of family homes have been developed in the area east of Jackson Street in close proximity to this State property;

WHEREAS, it is the belief of the Ouachita Parish Police Jury that due to the close proximity of such a significant number of homes and neighborhoods this State property east of Jackson Street is not an appropriate location for a correctional facility such as Swanson; and,

WHEREAS, the Ouachita Parish Police Jury recognizes the importance of the Swanson Correction Center and the need for updated facilities; but believes those facilities should be located on Swanson's present campus west of Jackson Street that adjoins other institutional facilities rather than residential areas;

NOW, THEREFORE:

BE IT RESOLVED that the Ouachita Parish Police Jury hereby states its opposition to the expansion of Swanson Correctional Center for Youth onto state property east of Jackson Street;

BE IT FURTHER RESOLVED that the Ouachita Parish Police Jury encourages the State of Louisiana to construct improved facilities for Swanson Correction Center for Youth on the present Swanson Campus west of Jackson Street

BE IT FURTHER RESOLVED that a copy of this Resolution be provided to Governor Jindal and the delegation representing Ouachita Parish in the Louisiana Legislature.

The above resolution was adopted on the 20<sup>th</sup> day of April, 2015.

\* \* \*

The president recognized Mr. Smiley, District E.

MR. SHANE SMILEY, DISTRICT E:

Mr. Smiley asked to defer Resolution No. 15-15.

The president recognized Ms. Moore, District F.

MS. PAT MOORE, DISTRICT F:

Ms. Moore stated that she did not have any additional items.

ADMINISTRATIVE REPORTS:

The president recognized Ms. Doretha Bennett, Federal Programs Director. Ms. Bennett requested approval of the new job descriptions and to open positions for Recruitment and Placement Specialist, Office Assistant II, and Workforce Development Special Project Coordinator. Motion offered by Mr. Caldwell, seconded by Ms. Moore to approve the job descriptions and open the positions. Motion passed without opposition.

The president recognized Mr. Cammack, Treasurer. Mr. Cammack stated that he did not have any additional items.

The president recognized Mr. Mitchell, Assistant District Attorney. Mr. Mitchell stated that he did not have any items.

The president recognized Mr. Murray, Public Works Director. Mr. Murray spoke regarding a variance for fire hydrant at 385 Keystone Road. Mr. Murray stated that the fire chief has recommended denying the variance. Motion offered by Mr. Caldwell, seconded by Mr. Smiley to deny the variance. Motion passed without opposition.

BEER AND WHISKEY APPLICATIONS:

There were none.

OTHER BUSINESS:

There being no other business to come before the jury, a motion to adjourn was offered by Mr. Caldwell, seconded by Mr. Smiley. The meeting was adjourned at 6:59 p.m.

Scotty Robinson, President	Karen Cupit, Recording Secretary

PUBLIC NOTICE  
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY (LDEQ)  
Graphic Packaging International, Inc./ West Monroe Mill  
ADMINISTRATIVE COMPLETENESS DETERMINATION

The LDEQ, Office of Environmental Services, has reviewed a Title V air permit modification and PSD (Prevention of Significant Deterioration) modification application from Graphic Packaging International, Inc., P.O. Box 35800 West Monroe, LA 71294 for the West Monroe Mill and determined that it is administratively complete. The application was received on November 5, 2014. The facility is located at 1000 Jonesboro Road in West Monroe, Ouachita Parish.

Graphic Packaging International, Inc. proposes to obtain a Title V air permit modification and PSD (Prevention of Significant Deterioration) modification.

This permit is to be processed as an expedited permit in accordance with LAC 33:1 Chapter 18.

Inquiries or requests for additional information regarding this application should be directed to Kaylee Fontenot, LDEQ, Permit Application Administrative Review Group (PAAR), P.O. Box 4313, Baton Rouge, LA 70821-4313, phone (225) 219-3285.

Persons wishing to be included on the LDEQ permit public notice mailing list or for other public participation related questions should contact the Public Participation Group in writing at LDEQ, P.O. Box 4313, Baton Rouge, LA 70821-4313, by email at [DEQ.PUBLICNOTICES@LA.GOV](mailto:DEQ.PUBLICNOTICES@LA.GOV) or contact the LDEQ Customer Service Center at (225) 219-LDEQ (219-5337).

Permit public notices can be viewed at the LDEQ permits public notice webpage at [www.deq.louisiana.gov/apps/pubNotice/default.asp](http://www.deq.louisiana.gov/apps/pubNotice/default.asp) and general information related to the public participation in permitting activities can be viewed at [www.deq.louisiana.gov/portals/tabid/2198/Default.aspx](http://www.deq.louisiana.gov/portals/tabid/2198/Default.aspx).

Alternatively, individuals may elect to receive the permit public notices via email by subscribing to the LDEQ permits public notice List Server at [http://louisiana.gov/Services/Email\\_Notifications\\_DEQ\\_PN/](http://louisiana.gov/Services/Email_Notifications_DEQ_PN/).

All correspondence should specify AI Number 1432, Permit Number 2160-00001-Y13 and PSD-LA-795 (M-1), and Activity Number PER20150002 and PER20150003.

6/25	
	OFFICIAL NOTICE OF BOND SALE

# PUBLIC NOTICES

## (Continued from Page 11B)

Official Notice of Bond Sale, the terms of this Official Notice of Bond Sale shall control. For further information about PARITY®, potential bidders may contact PARITY® at (212) 849-5021.

Each prospective electronic bidder shall be solely responsible to register to bid via PARITY® as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY® for the purposes of submitting its bid in a timely manner and in compliance with the requirements of the Notice of Sale. Neither the

Issuer nor PARITY®, shall have any duty or obligation to provide or assure access to PARITY® to any prospective bidder, and neither the Issuer nor PARITY® shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by, PARITY®. The Issuer is using PARITY® as a communication mechanism, and not as the Issuer's agent, to conduct the electronic bidding for the Bonds. No other form of electronic bid or provider of electronic bidding services will be accepted. The Issuer is not bound by any advice and determination of PARITY® to the effect that any particular bid complies with the terms of this Official Notice of Bond Sale and in particular the "Bid Requirements" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via PARITY® are the sole responsibility of the bidders; and the Issuer is not responsible, directly or indirectly, for any of such costs or expenses. If a prospective bidder encounters any difficulty in submitting, modifying or withdrawing a bid for the Bonds, he should telephone PARITY® (212) 849-5021 and notify the Issuer's Bond Counsel, Foley & Judell, L.L.P. at (504) 568-1249.

Electronic bids must be submitted for the purchase of the Bonds via PARITY®. Bids will be communicated electronically to the Issuer at 12:00 noon, local Louisiana time, on July 14, 2015. Prior to that time, a prospective bidder may (1) submit the proposed terms of its bid via PARITY®, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via PARITY® to the Issuer, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on PARITY® shall constitute the official time.

**Bids will also be accepted in written form on the Official Bid Form.** The Issuer will receive sealed bids at the Ouachita Parish School Board, 100 Bry Street, Monroe, Louisiana 71201, for the purchase of \$20,000,000 of principal amount of Sales Tax Bonds, Series 2015 of the West Ouachita Parish School District of the Parish of Ouachita, State of Louisiana. Each bid must be in written form on the Official Bid Form in a sealed envelope marked "Proposal for the Purchase of Sales Tax Bonds, Series 2015 of the West Ouachita Parish School District of the Parish of Ouachita, State of Louisiana". For purposes of accepting written bids, the time as maintained on PARITY® shall constitute the official time.

The Bonds will be dated the date of delivery and will be in the denomination of Five Thousand Dollars (\$5,000 each), or any integral multiple thereof within a single maturity. The Bonds will bear interest from date thereof or the most recent interest payment date to which interest has been paid or duly provided for, at a rate or rates not exceeding six per centum (6%) per annum on any Bond in any interest payment period, said interest to be payable on March 1, 2016, and semiannually thereafter on March 1 and September 1 of each year. The Bonds will mature serially on September 1 of each year as follows, to-wit:

YEAR	PRINCIPAL AMOUNT	YEAR	PRINCIPAL AMOUNT
2016	\$470,000	2026	\$1,360,000
2017	495,000	2027	1,405,000
2018	505,000	2028	1,455,000
2019	505,000	2029	1,510,000
2020	525,000	2030	1,560,000
2021	535,000	2031	1,615,000
2022	545,000	2032	1,670,000
2023	540,000	2033	1,730,000
2024	470,000	2034	1,790,000
2025	1,315,000		

The Bonds will be issued as fully registered bonds in "book-entry only" form and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the bonds, and purchasers of the Bonds will not receive certificates representing their interest in the Bonds purchased. The winning bidder (the "Purchaser") at the time of the sale, however, may elect to not receive book-entry only Bonds, in which case the Purchaser will receive one type written Bond per maturity, exchangeable in the manner provided in the Resolution.

Those Bonds maturing September 1, 2026 and thereafter, will be callable for redemption by the Issuer in full, or in part, at any time on or after September 1, 2025 and if less than a full maturity, then by lot within such maturity, at the principal amount thereof and accrued interest to the date fixed for redemption. In the event any Bond to be redeemed is of a denomination larger than Five Thousand Dollars (\$5,000), a portion of such Bond (\$5,000 or any multiple thereof) may be redeemed. Official notice of such call of any of the Bonds for redemption will be given by first class mail, postage prepaid, by notice deposited in the United States mails not less than thirty (30) days prior to the redemption date addressed to the registered owner of each bond to be redeemed at this address as shown on the registration books of the Paying Agent.

The principal of the Bonds, upon maturity or redemption, will be payable at the principal corporate trust office of the Paying Agent upon presentation and surrender thereof, and interest on the Bonds will be payable by the Paying Agent by check mailed by the Paying Agent to the registered owner (determined as of the 15th calendar day of the month next preceding said interest payment date) at the address as shown on the books of said Paying Agent. Said Paying Agent will be a qualified bank or trust company selected by the Issuer.

Except as provided under DTC's book-entry only system, the Bonds may be transferred, registered and assigned only on the registration books of the Paying Agent, and such registration shall be at the expense of the Issuer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instruments of transfer and assignment acceptable to the Paying Agent. A new Bond or Bonds will be delivered by the Paying Agent to the last assignee (the new registered owner) in exchange for such transferred and assigned Bonds after receipt of the Bonds to be transferred in proper form. Such new Bond or Bonds must be in the denomination of \$5,000 or any integral multiple thereof within a single maturity. Neither the Issuer nor the Paying Agent shall be required to issue, register, transfer or exchange (i) any Bond during a period beginning at the opening of business on the 15th day of the month next preceding an interest payment date and ending at the close of business on the interest payment date, or (ii) any Bond called for redemption prior to maturity during a period beginning at the opening of business fifteen (15) days before the date of the mailing of a notice of redemption of such Bonds and ending on the date of such redemption.

In connection with the sale of the Bonds, a good faith deposit of 1% of the principal amount of the Bonds will be required. The manner and timing of such deposit shall be set forth in the Preliminary Official Statement for the Bonds. The good faith deposit of the successful bidder or bidders will be deposited and the proceeds credited against the purchase price of the Bonds, or in the case of neglect or refusal to comply with such bid, will be forfeited to the Issuer and for liquidated damages. No interest will be allowed on the amount of the good faith deposit.

Bidders shall name the rate or rates of interest the Bonds shall bear, not exceeding six per centum (6%) per annum on any Bond in any interest payment period. Bids must stipulate a purchase price for the Bonds of the par value thereof and accrued interest from the date of the Bonds to the date of delivery of the Bonds. No bid which specifies cancellation of the Bonds will be considered. No bids providing for additional or supplemental interest will be considered.

The Governing Authority will meet at the place and time hereinabove set forth for the receipt of bids. The Bonds will be awarded to the bidder whose bid offers the lowest "true interest cost" to the Issuer for the full authorized amount of the Bonds, to be determined by doubling the semiannual interest rate (compounded semiannually) necessary to discount the debt service payments on the Bonds from the payment dates to the date of delivery, such that the sum of such present values is equal to the price bid, including any premium bid but not including interest accrued to the date of delivery (the preceding calculation is sometimes referred to as the "Canadian Interest Cost Method" or "Present Value Method"). In the case of a tie bid, the winning bid will be awarded by lot. If any bid for the Bonds shall be acceptable, a prompt award of the bonds will be made. The right is expressly reserved to waive any irregularity in any bid or to reject any and all bids received.

The Official Statement containing pertinent information relative to the authorization, sale and security of the Bonds is being prepared and may be obtained upon its completion from the Issuer's Bond Counsel, Foley & Judell, L.L.P., One Canal Place, Suite 2600, 365 Canal Street, New Orleans, Louisiana 70130. The Purchaser will be furnished a reasonable number of final official statements on or before the seventh business day following the sale of the Bonds.

The approving legal opinion of Foley & Judell, L.L.P., Bond Counsel, who have supervised the proceedings, the printed Bonds and the transcripts of record as passed upon will be furnished to the successful bidders without cost to them. Said transcripts will contain the usual closing proofs, including a certificate that up to the time of delivery no litigation has been filed questioning the validity of the Bonds or the respective tax revenues necessary to pay the same.

It is anticipated that the American Bankers' Association Committee on Uniform Security Identification Procedures (CUSIP) identification numbers will be printed on the Bonds, but the failure to print such numbers shall not constitute cause for refusal by the successful bidder to accept delivery of and to pay for the Bonds. No CUSIP identification number shall be deemed to be part of any Bond or a part of the contract evidenced thereby, and no liability shall hereafter attach to the Issuer or any of the officers or agents thereof because of or on account of such numbers. All expenses in relation to the printing of the CUSIP identification numbers on the Bonds shall be paid by the Issuer. However, the CUSIP Service Bureau charge for the assignment of such numbers shall be the responsibility of and shall be paid by the successful bidder.

In order to assist bidders in complying with S.E.C. Rule 15c2-12(b)(5), the Governing Authority will undertake, pursuant to the ordinance providing for the issuance of the Bonds and a Continuing Disclosure Certificate, to provide annual reports and notices of certain events. A description of this undertaking is set forth in the Preliminary Official Statement and will also be set forth in the Final Official Statement.

For information relative to the Bonds and not contained in the Notice of Bond Sale and Official Statement, address Ms. Juanita Duke, Director of Business, 100 Bry Street, Monroe, Louisiana, 71201, or Foley & Judell, L.L.P., One Canal Place, Suite 2600, 365 Canal Street, New Orleans, Louisiana 70130, Bond Counsel.

THUS DONE AND SIGNED at Monroe, Louisiana on this, the 9<sup>th</sup> day of June, 2015.

ATTEST: /s/ Jerry R. Hicks  
President, Parish School Board

By: /s/ Robert Webber  
Secretary, Parish School Board

### The Water We Drink

CADEVILLE WATER DISTRICT  
Public Water Supply ID: LA1073060

We are pleased to present to you the Annual Water Quality Report for the year 2014. This report is designed to inform you about the quality of your water and services we deliver to you every day (Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien). Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

Our water source(s) are listed below:

Source Name	Source Water Type
WELL NO 2 HWY 546	Ground Water
WELL NO 1 RAY RD	Ground Water
WELL NO 3 LUBENIA RD	Ground Water
WELL #4 - WINFIELD ROAD	Ground Water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

**Microbial Contaminants** – such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.  
**Inorganic Contaminants** – such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.  
**Pesticides and Herbicides** – which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.  
**Organic Chemical Contaminants** – including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.  
**Radioactive Contaminants** – which can be naturally-occurring or be the result of oil and gas production and mining activities.

A Source Water Assessment Plan (SWAP) is now available from our office. This plan is an assessment of a delineated area around our listed sources through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply's susceptibility to contamination by the identified potential sources. According to the Source Water Assessment Plan, our

water system had a susceptibility rating of "MEDIUM". If you would like to review the Source Water Assessment Plan, please feel free to contact our office.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottled water which must provide the same protection for public health. We want our valued customers to be informed about their water utility. If you have any questions about this report, want to attend any scheduled meetings, or simply

want to learn more about your drinking water, please contact **Tom Owens 318- 396-1933**

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. CADEVILLE WATER DISTRICT is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

The Louisiana Department of Health and Hospitals - Office of Public Health routinely monitors for constituents in your drinking water according to Federal and State laws. The tables that follow show the results of our monitoring during the period of January 1st to December 31st, 2014. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk.

In the tables below, you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms, we've provided the following definitions:

**Parts per million (ppm) or Milligrams per liter (mg/L)** – one part per million corresponds to one minute in two years or a single penny in \$10,000.  
**Parts per billion (ppb) or Micrograms per liter (ug/L)** – one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.  
**Picocuries per liter (pCi/L)** – picocuries per liter is a measure of the radioactivity in water.  
**Nephelometric Turbidity Unit (NTU)** – nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.  
**Action level (AL)** – the concentration of a contaminant that, if exceeded, triggers treatment or other requirements that a water system must follow.  
**Maximum contaminant level (MCL)** – the "Maximum Allowed" MCL is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLG as is feasible using the best available treatment technology.  
**Maximum contaminant level goal (MCLG)** – the "Goal" is the level of a contaminant in drinking water below which there is no known or expected risk to human health. MCLG's allow for a margin of safety.  
**Maximum residual disinfectant level (MRDL)** – The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.  
**Maximum residual disinfectant level goal (MRDLG)** – The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLG does not reflect the benefits of the use of disinfectants to control microbial contaminants.

During the period covered by this report we had below noted violations of drinking water regulations.

Type	Category	Analyte	Compliance Period
INADEQUATE MINIMUM CHLORINE RESIDUAL	TT	CHLORINE	5/1/2014 - 5/31/2014

MCL, LRAA	MCL	THM	1/1/2014 - 3/31/2014
MCL, LRAA	MCL	THM	4/1/2014 - 6/30/2014

MCL, LRAA	MCL	THM	7/1/2014 - 9/30/2014
MCL, LRAA	MCL	THM	10/1/2014 - 12/31/2014

Our water system tested a minimum of 3 samples per month monthly sample(s) in accordance with the Total Coliform Rule for microbiological contaminants. During the monitoring period covered by this report, we had the following noted detections for microbiological contaminants:

Microbiological	Result	MCL	MCLG	Typical Source
No Detected Results were Found in the Calendar Year of 2014				

In the tables below, we have shown the regulated contaminants that were detected. Chemical Sampling of our drinking water may not be required on an annual basis; therefore, information provided in this table refers back to the latest year of chemical sampling results.

Regulated Contaminants	Collection Date	Highest Value	Range	Unit	MCL	MCLG	Typical Source
ANTIMONY, TOTAL	2/24/2014	1	1	ppb	6	6	Discharge from petroleum refineries; fire retardants; ceramics; electronics; solder
ARSENIC	2/24/2014	1	1	ppb	10	0	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes
DALAPON	2/24/2014	2,736	2,736	ppb	200	200	Runoff from herbicide used on rights of way
DI(2-ETHYLHEXYL) PHTHALATE	2/24/2014	1.14	0.73 - 1.14	ppb	6	0	Discharge from rubber and chemical factories
FLUORIDE	2/24/2014	0.5	0.3 - 0.5	ppm	4	4	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories

Lead and Copper	Date	90 <sup>th</sup> Percentile	Range	Unit	AL	Sites Over AL	Typical Source
COPPER, FREE	2011 - 2013	0.4	0.1 - 0.5	ppm	1.3	0	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD	2011 - 2013	2	1 - 2	ppb	15	0	Corrosion of household plumbing systems; Erosion of natural deposits

Disinfection Byproducts	Sample Point	Period	Highest LRAA	Range	Unit	MCL	MCLG	Typical Source
TOTAL HALOACETIC ACIDS (HAAs)	BERRY RD AT GOLSON RD	2014	58	14.35 - 35.6	ppb	60	0	By-product of drinking water disinfection
TOTAL HALOACETIC ACIDS (HAAs)	HWY 34 AT HWY 546	2014	57	29.4 - 71.7	ppb	60	0	By-product of drinking water disinfection
THM	BERRY RD AT GOLSON RD	2014	128	51.6 - 131.9	ppb	80	0	By-product of drinking water chlorination
THM	HWY 34 AT HWY 546	2014	133	94.6 - 146.6	ppb	80	0	By-product of drinking water chlorination

+++++Environmental Protection Agency Required Health Effects Language+++++  
Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Additional Required Health Effects Language:

Some people who drink water containing trihalomethanes in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous systems, and may have an increased risk of getting cancer.

Some people who drink water containing haloacetic acids in excess of the MCL over many years may have an increased risk of getting cancer.

There are no additional required health effects violation notices.  
+++++  
Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers.

We at the CADEVILLE WATER DISTRICT work around the clock to provide top quality drinking water to every tap. We ask that all our customers help us protect and conserve our water sources, which are the heart of our community, our way of life, and our children's future. Please call our office if you have questions.

### The Water We Drink

WESTERN UTILITIES, INC  
Public Water Supply ID: LA1073097

We are pleased to present to you the Annual Water Quality Report for the year 2014. This report is designed to inform you about the quality of your water and services we deliver to you every day (Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien). Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water.

Our water source(s) are listed below:

Source Name	Source Water Type
WELL #2 (NORTH)	Ground Water
WELL #3, CHURCH ST.	Ground Water
WELL #1 (SOUTH)	Ground Water

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

**Microbial Contaminants** – such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.  
**Inorganic Contaminants** – such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.  
**Pesticides and Herbicides** – which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.  
**Organic Chemical Contaminants** – including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.  
**Radioactive Contaminants** – which can be naturally-occurring or be the result of oil and gas production and mining activities.

A Source Water Assessment Plan (SWAP) is now available from our office. This plan is an assessment of a delineated area around our listed sources through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply's susceptibility to contamination by the identified potential sources. According to the Source Water Assessment Plan, our water system had a susceptibility rating of "MEDIUM". If you would like to review the Source Water Assessment Plan, please feel free to contact our office.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottled water which must provide the same protection for public health. We want our valued customers to be informed about their water utility. If you have any questions about this report, want to attend any scheduled meetings, or simply want to learn more about your drinking water, please contact TOM LOWENS at 318-323-8066.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. WESTERN UTILITIES, INC is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

The Louisiana Department of Health and Hospitals - Office of Public Health routinely monitors for constituents in your drinking water according to Federal and State laws. The tables that follow show the results of our monitoring during the period of January 1st to December 31st, 2014. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk.

In the tables below, you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms, we've provided the following definitions:

**Parts per million (ppm) or Milligrams per liter (mg/L)** – one part per million corresponds to one minute in two years or a single penny in \$10,000.  
**Parts per billion (ppb) or Micrograms per liter (ug/L)** – one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.  
**Picocuries per liter (pCi/L)** – picocuries per liter is a measure of the radioactivity in water.  
**Nephelometric Turbidity Unit (NTU)** – nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.  
**Action level (AL)** – the concentration of a contaminant that, if exceeded, triggers treatment or other requirements that a water system must follow.  
**Maximum contaminant level (MCL)** – the "Maximum Allowed" MCL is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLG as is feasible using the best available treatment technology.  
**Maximum contaminant level goal (MCLG)** – the "Goal" is the level of a contaminant in drinking water below which there is no known or expected risk to human health. MCLG's allow for a margin of safety.  
**Maximum residual disinfectant level (MRDL)** – The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.  
**Maximum residual disinfectant level goal (MRDLG)** – The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLG does not reflect the benefits of the use of disinfectants to control microbial contaminants.

During the period covered by this report we had below noted violations of drinking water regulations.

Type	Category	Analyte	Compliance Period
No Violations Occurred in the Calendar Year of 2014			

Our water system tested a minimum of 1 samples per month monthly sample(s) in accordance with the Total Coliform Rule for microbiological contaminants. During the monitoring period covered by this report, we had the following noted detections for microbiological contaminants:

Microbiological	Result	MCL	MCLG	Typical Source
No Detected Results were Found in the Calendar Year of 2014				

In the tables below, we have shown the regulated contaminants that were detected. Chemical Sampling of our drinking water may not be required on an annual basis; therefore, information provided in this table refers back to the latest year of chemical sampling results.

Regulated Contaminants	Collection Date	Highest Value	Range	Unit	MCL	MCLG	Typical Source
ARSENIC	12/1/2014	1	1	ppb	10	0	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes
DI(2-ETHYLHEXYL) PHTHALATE	12/1/2014	0.87	0.51 - 0.87	ppb	6	0	Discharge from rubber and chemical factories
FLUORIDE	12/1/2014	0.3	0.3	ppm	4	4	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories

Lead and Copper	Date	90 <sup>th</sup> Percentile	Range	Unit	AL	Sites Over AL	Typical Source
COPPER, FREE	2010 - 2012	0.2	0.1 - 0.5	ppm	1.3	0	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD	2010 - 2012	2	1 - 4	ppb	15	0	Corrosion of household plumbing systems; Erosion of natural deposits

Disinfection Byproducts	Sample Point	Period	Highest LRAA	Range	Unit	MCL	MCLG	Typical Source
TOTAL HALOACETIC ACIDS (HAAs)	100 YELLOWSTONE CIRCLE	2014	19	19 - 19	ppb	60	0	By-product of drinking water disinfection
TOTAL HALOACETIC ACIDS (HAAs)	208 WINTERPARK DRIVE	2014	15	15 - 15	ppb	60	0	By-product of drinking water disinfection
THM	100 YELLOWSTONE CIRCLE	2014	60	59.7 - 59.7	ppb	80	0	By-product of drinking water chlorination
THM	208 WINTERPARK DRIVE	2014	47	46.9 - 46.9	ppb	80	0	By-product of drinking water chlorination

In the table below, we have shown the deficiencies that were identified during our latest survey done by the Louisiana Department of Health and Hospitals. These are deficiencies that we are currently working to resolve.

Date Identified	Facility	Category code	Activity Name	Due Date	Comments
2/01/2014	WELL #2 (NORTH)	S030	GWR - ADDRESS TT45 DEFICIENCIES (FED)	5/1/2015	SRC WL - TSS 2.7.3.a.4 - GW - Check and Shut-off Valve, Pressure Gauge, Flow Meter, and Sample Tap
2/01/2014	HYDRO-PNEUMATIC TANK	ST44	GWR - ADDRESS TT45 DEFICIENCIES (FED)	5/1/2015	TSS 7.2.3 - Hydro-pneumatic Tank Systems - Bypass Piping
2/01/2014	GROUND (NORTH)	ST23	GWR - ADDRESS TT45 DEFICIENCIES (FED)	5/1/2015	TSS 7.0.9 - Provisions for Sampling

PUBLIC NOTICES

(Continued from Page 12B)

day of June, 2015, and will be considered for adoption at the regular meeting of the Mayor and Board of Aldermen on the 14<sup>th</sup>, day of July, 2015 at 7:00p.m., City Council Chambers, West Monroe City Hall, 2305 N. 7<sup>th</sup> Street, West Monroe, Louisiana. Any opposition to the proposed Ordinance must be in writing, filed with the City Clerk with 15 days of the first publication of this Legal Notice. A public hearing will be held on any such written opposition at the time, date and place set forth above for the consideration of the adoption of the proposed Ordinance.

Benny Chelette  
City Clerk  
City of West Monroe

STATE OF LOUISIANA  
CITY OF WEST MONROE

ORDINANCE NO. 4298

MOTION BY: Mrs. Mitchell  
SECONDED BY: Mr. Brian

AN ORDINANCE AUTHORIZING THE CITY OF WEST MONROE, LOUISIANA TO SELL CERTAIN DESCRIBED MOVABLE PROPERTY WHICH IS NOT NEEDED FOR ANY FURTHER PUBLIC PURPOSE BY THE CITY OF WEST MONROE, LOUISIANA TO CHANCE BRASIEL FOR THE OBLIGATION AND RESPONSIBILITY FOR ALL FUTURE COSTS AND EXPENSES RELATING TO THAT MOVEABLE PROPERTY, AND OTHERWISE PROVIDING WITH RESPECT THERETO.

WHEREAS, the City of West Monroe, Louisiana, owns certain movable property, the canine known as “Nikko” which is no longer able to be utilized because of his age and physical infirmities; and

WHEREAS, while the canine Nikko is no longer able to serve the West Monroe Police Department, he has provided many years of service and should be retired to enjoy the rest of his years as a family dog and pet; and

WHEREAS, the fair market cash value of the canine Nikko is negligible when his future potential medical expenses and care are considered, and Chance Brasiel, who has been his handler for the years he has been owned by the City, is the appropriate person to provide that care to the canine Nikko for the remainder of his lifetime. Additionally, transferring the canine Nikko, an attack trained police dog, to a trained and experienced person who is already well familiar with that canine, is a wise and necessary step to insure proper handling and use in the future.

NOW, THEREFORE:

SECTION 1. BE IT ORDAINED by the Mayor and Board of Aldermen of the City of West Monroe, Louisiana, in regular and legal session convened, that the City of West Monroe, Louisiana is hereby authorized to sell certain movable property, that canine known as “Nikko”, which is no longer needed for any public purpose by the City of West Monroe, Louisiana to Chance Brasiel for and in cause and consideration of Chance Brasiel assuming all obligation and responsibility for all future liability, costs and expenses in any way relating to that moveable property, the canine Nikko, which transfer shall be “as is” and without warranty of any type or nature, and any further transfer of the canine Nikko to be only with the written consent of the City and in its sole discretion, except that Chance Brasiel may gratuitously transfer Nikko to any qualified training or certification agency, or to any law enforcement agency without express written consent of the City.

SECTION 2. BE IT FURTHER ORDAINED by the Mayor and Board of Aldermen of the

City of West Monroe, Louisiana, in regular and legal session convened, that Dave Norris, Mayor of the City of West Monroe, Louisiana, be and he is hereby authorized to execute a Bill of Sale on behalf of the City of West Monroe, Louisiana, reflecting the terms set forth above, and to take any other action or execute any and all other documents deemed by him either necessary or appropriate in order to transfer the canine Nikko as set forth above.

SECTION 3. The above ordinance was introduced on June 9, 2015, in regular and legal session convened; notice of this ordinance was published three times in fifteen (15) days, one week apart, as required by R.S. 33:4712; no opposition being filed, it is considered by sections, voted on by yea and nay vote, passed and adopted in legal session convened this 14<sup>th</sup> day of July, 2015, with the final vote being as follows:

YEA: \_\_\_\_\_  
NAY: \_\_\_\_\_  
NOT VOTING: \_\_\_\_\_  
ABSENT: \_\_\_\_\_

Dave Norris  
DAVE NORRIS, MAYOR  
CITY OF WEST MONROE  
STATE OF LOUISIANA

6/18,6/25,7/2

LEGAL NOTICE

NOTICE is hereby given by the Mayor and Board of Aldermen of the City of West Monroe, Louisiana, in accordance with Louisiana Revised Statutes, Title 33, Section 4712, that the proposed Ordinance 4294 attached hereto as Exhibit “A” was introduced at the regular meeting of the Mayor and Board of Aldermen of the City of West Monroe, Louisiana, on the 9<sup>th</sup> day of June, 2015, and will be considered for adoption at the regular meeting of the Mayor and Board of Aldermen on the 14<sup>th</sup>, day of July, 2015 at 7:00p.m., City Council Chambers, West Monroe City Hall, 2305 N. 7<sup>th</sup> Street, West Monroe, Louisiana. Any opposition to the proposed Ordinance must be in writing, filed with the City Clerk with 15 days of the first publication of this Legal Notice. A public hearing will be held on any such written opposition at the time, date and place set forth above for the consideration of the adoption of the proposed Ordinance.

Benny Chelette  
City Clerk  
City of West Monroe

STATE OF LOUISIANA  
CITY OF WEST MONROE

ORDINANCE NO. 4294

MOTION BY: Mr. Brian  
SECONDED BY: Mr. Hamilton

AN ORDINANCE TO DECLARE CERTAIN RIGHTS RELATING TO CERTAIN IMMOVABLE PROPERTY WHICH IS TO BE DEDICATED TO PUBLIC USE WILL NOT BE NEEDED OR NECESSARY FOR THE PUBLIC USE, AND TO REVOKE THE DESTINATION AND DEDICATION OF SUCH PROPERTY TO THE EXTENT OF THOSE RIGHTS DESCRIBED; AND THEREAFTER TO AUTHORIZE THE CITY OF WEST MONROE, LOUISIANA, TO GRANT THOSE RIGHTS AS TO CERTAIN DESCRIBED IMMOVABLE PROPERTY TO TEXAS ROADHOUSE HOLDINGS, L.L.C., PURSUANT TO AN EASEMENTS, COVENANTS, AND RESTRICTIONS AGREEMENT; AND TO OTHERWISE PROVIDE WITH RESPECT THEREWITH.

WHEREAS, after construction of street and utility improvements, certain immovable property is to be dedicated to the City of West Monroe, Louisiana, for public use, but intended to be subject to certain rights of use and maintenance in favor of Texas Roadhouse Holdings, L.L.C. which rights are not needed or necessary for the public use, all as specifically set forth in an Easements, Covenants and Restrictions Agreement, and the City of West Monroe, Louisiana wishes to be able to accept such dedication of the property subject to the rights of use, maintenance, and as otherwise provided; and

WHEREAS, the proposed actions would be a benefit to the City of West Monroe, Louisiana, and to its citizens; and

WHEREAS, the benefits to be received by the City of West Monroe, Louisiana, exceed the obligations incurred by the City of West Monroe, Louisiana, and the terms and provisions of the Easements, Covenants and Restrictions Agreement are fair and reasonable;

NOW, THEREFORE,

SECTION 1. BE IT ORDAINED by the Mayor and Board of Alderman of the City of West Monroe, Louisiana, in regular and legal session convened, that certain rights relating to certain immovable property, more particularly described in the attached Exhibit A, will not be needed or necessary for public use, and to any extent necessary or appropriate, the destination and dedication of that immovable property to the extent of those rights is hereby revoked;

SECTION 2. BE IT FURTHER ORDAINED by the Mayor and Board of Alderman of the City of West Monroe, Louisiana, in regular and legal session convened, that Dave Norris, Mayor of the City of West Monroe, Louisiana, be and he is hereby authorized to execute that Easements, Covenants and Restrictions Agreement attached as Exhibit A on behalf of the City of West Monroe, Louisiana, and thereafter to take any and all other action and execute any and all other documents deemed by him either necessary or appropriate in order to effect the intent of the City of West Monroe, Louisiana, as set forth above.

SECTION 3. The above ordinance was introduced on June 10, 2015, in regular and legal session convened; notice of this ordinance was published three times in fifteen (15) days, one week apart, as required by R.S. 33:4712; no opposition being filed, it is considered by sections, voted on by yea and nay vote, passed and adopted in regular and legal session convened this 14<sup>th</sup> day of July, 2015, with the final vote being as follows:

YEA: \_\_\_\_\_  
NAY: \_\_\_\_\_  
NOT VOTING: \_\_\_\_\_

WEST MONROE WATER SYSTEM PUBLIC WATER SUPPLY  
ID 1073056  
City of West Monroe  
2305 North 7<sup>th</sup> Street  
West Monroe, Louisiana 71291

We are pleased to present to you the 2014 Annual Water Quality Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and to protect our water resources. We are committed to ensuring the quality of your water. We are pleased to report that our drinking water is safe and meets all federal and state requirements. If you have any questions about this report or concerning your water utility, please contact Terry Emory, Environmental Quality Manager, at (318) 397-6541.

Our water sources are 6 groundwater wells in the Sparta Aquifer. As of February 14, 2002, the city has a source water protection plan available from our office that provides more information such as potential sources of contamination to the water supply. The assessment includes a delineated area around our wells, or intakes, through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply’s susceptibility to contamination by the identified potential sources. The Drinking Water Protection Program has been approved by the Louisiana Department of Environmental Quality and had a susceptibility rating of “MEDIUM”. As water travels through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or human activity. Contaminants that may be present in source water include:

*Microbial contaminants* – such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agriculture livestock operations, and wildlife.  
*Inorganic contaminants* – such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, and residential uses. *Pesticides and Herbicides*-sources such as agriculture, urban stormwater runoff, and residential uses. *Organic chemical contaminants* – including synthetic and volatile organic chemicals, which are by-products of industrial processes, petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems. *Radioactive contaminants* – which can

*Millirems per year (mrem/yr)* – is the measure of radiation absorbed by the body.  
*Nephelometric Turbidity Unit (NTU)* – is a measure of the clarity of the water. Turbidity in excess of 5 NTU is just noticeable to the average person.  
*Maximum Contaminant Level Goal* – The “Goal” (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.  
*Maximum Contaminant Level* – The “Maximum Allowed” (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.  
*Picocuries per liter (pCi/l)* – is the measure of radioactivity in water.  
*Parts per billion (ppb) or Micrograms per liter (ug/l)* – one part per billion corresponds to one minute in two thousand years, or a single penny in \$10,000,000.  
*Parts per million (ppm) or Milligrams per liter (mg/l)* – one part per million corresponds to one minute in two years or a single penny in \$10,000.  
*Maximum residual disinfectant level (MRDL)*- The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.  
*Maximum residual disinfectant level goal (MGDLG)*- The level of drinking water disinfectant below which there is no known or expected risk to health. MGDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.  
*Coliforms*- Bacteria that are naturally present in the environment and are found in more samples than allowed and this was a warning of potential problems.

be naturally occurring or be the result of oil and gas production and mining activities.

The Louisiana Department of Health / Office of Public Health routinely monitors for constituents in your drinking water according to federal and state laws. The following table shows the results of our monitoring for the period of January 1 to December 31, 2014. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some constituents. It is important to remember that the presence of these constituents does not pose a health risk.

We detected the following regulated contaminants at levels BELOW the maximum contaminate level.

<i>Compound</i>	<i>date</i>	<i>level</i>	<i>MCL</i>	<i>MCLG</i>	<i>UNIT</i>
Lead	2012-2014	90 <sup>th</sup> % 3 Range 1-13	15.0	0	ppb
Arsenic	3/17/2014	High 1 - Range 1	10	0	ppb
Free Copper	2012-2014	90 <sup>th</sup> % 0.3 Range 0.1-0.3	1.3	0	ppm
Fluoride	9/4/2014	High 1 Range 0.3 – 1	4	4	ppm
Dalapon	3/17/2014	High 9.039 Range 3.15-9.039	200	200	ppb
Di (2-ethylhexyl) Phthalate	3/17/2014	High 1.33 Range 1.33	6	0	ppb
Total Haloacetic Acids (HAA5)	102 Redwood 2014	High 11 Range 6.6-17.9	60	0	ppb
Total Haloacetic Acids (HAA5)	303 Ludwig 2014	High 21 Range 6.4-21.7	60	0	ppb
Total Haloacetic Acids (HAA5)	411 Filhoil St 2014	High 19 Range 7.1-22	60	0	ppb
Total Haloacetic Acids (HAA5)	614 Grantham 2014	High 17 Range 1.7-22.9	60	0	ppb
TTHM	102 Redwood 2014	High 38 Range 19.4-62.1	80	0	ppb
TTHM	303 Ludwig 2014	High 84 Range 11.8-77.3	80	0	ppb
TTHM	411 Filhoil St 2014	High 79 Range 16-80.8	80	0	ppb
TTHM	614 Grantham 2014	High 46 Range 5.5-60.6	80	0	ppb
During the period covered by this report we had the following violations of drinking water regulations: Failure to submit OEL reports for TTHM 10/31/2013 - 10/28/2014 in a timely manner.			Coliform and Chloramine samples were taken one day outside of the sampling period and were in compliance.		
MCL, LRAA	1/1/2014-3/31/2014	TTHM	MCL		
Monitoring, Routine (TCR), Minor	12/1/2014-12/31/2014	COLIFORM (TCR)	MON		
Monitoring, Routine (DBP), Major	10/1/2014-12/31/2014	CHLORAMINE	MON		

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer, undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe drinking water hotline (800-426-4791).

The typical source for all contaminants listed in the table including radionuclides is erosion of natural deposits. Other sources include: The typical source for lead and copper comes from leaching of wood preservatives, or corrosion of household plumbing systems. Typical source of TTHM and HAA5 is the by-product of drinking water disinfection and chlorination. Typical sources for cadmium: corrosion of galvanized pipes, discharge from metal refineries, runoff from waste batteries and paints. Typical sources for dichloromethane: discharge from pharmaceutical and chemical factories. Typical sources for fluoride: Water additives, discharge from fertilizer and aluminum factories. Nitrates and Nitrites: run-off from fertilizer use, leaching of septic tanks, sewage. Arsenic: Run-off from orchards, glass and electronics production wastes. Typical sources for Dalapon: Run-off from herbicide use on rights of way.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. West Monroe Water Systems is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing

Our water system tested a minimum of 15 monthly samples in accordance with the Total Coliform Rule for microbiological contaminants. During the period covered by this report we had one positive sample returned for the month of July 2014. Additional sampling of the site, upstream, downstream, and all source wells returned negative results.

In this table you will find many terms that you may not be familiar with. To help you better understand these terms we have provided the following definitions: *Action Level (AL)* - is the concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system must follow.

components. When your water has been sitting for several hours, you can minimize the potential for lead and copper exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the safe drinking water hotline or at <http://www.epa.gov/safewater/lead>.

Some people who drink water containing trihalomethanes in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous systems, and may have an increased risk of getting cancer.

In the table above, we have shown the regulated contaminants that were detected. Chemical sampling of our drinking water may not be required on an annual basis; therefore, information provided in this table refers to the latest year of chemical sampling results.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottle water which must provide the same protection for public health. We want our valued customers to be informed about their water utility.

Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers. We at the West Monroe Water System work around the clock to provide top quality drinking water supply to every tap. We ask that all of our customers help us protect and conserve our water sources, which are the heart of our community, our way of life and our children’s future. Please call our office if you have questions.
