

### Savealotmom Pricing Expectations

From 20 years of couponing experience, I have been able to figure out what's the best prices for me. Please note that you may not be able to achieve the same results as me on all the items but this will give you an idea of where your "threshold" for savings should be. For packs that have multiple items in it, such as toilet paper and paper towels, here's how to determine \$ per roll.....take the price of the item (\$) and divide it by the count in the item. For example...pack of 12count toilet paper on sale and with coupons: \$3.49. \$3.49/12 is \$.29 per roll.

Don't pay more than.....(My goal is to pay less than the price stated.)

- For toilet paper: \$.30 per roll
- Paper towels: \$.70 per roll
- Garbage bags: \$.10 per bag
- Diapers: \$.20 per diaper
