

Timber Products Company

THE TREMENDOUS RESOURCE

SUPERINTENDENT - PLYWOOD

Timber Products Company is recruiting for a Superintendent for our Medford Plywood facility. This position will report directly to the Mill Manager and is responsible for supporting the mill in meeting its goals by managing daily plant production. Work includes overall management and scheduling of shifts and employees, monitoring the production and quality of plywood produced, and ensuring mill resources are utilized to the highest levels of efficiency. Ensures a safe and efficient work environment by communicating and managing to established safety, quality, and production goals.

The Ideal candidates will have a BA/BS degree in Business Administration, production management or related field with a minimum of 5 years of overall production management experience, preferably in a wood products manufacturing or other manufacturing environment; or an equivalent combination of education and experience. Must also possess strong interpersonal, leadership, and team building skills with a commitment to safety.

Timber Products Company is a leader in diversified wood product sales, manufacturing, and transportation. We offer a competitive wage and benefit package including health, dental, vision, and life insurance.
