# Fresh Spring SKIN

Exfoliation comes in many forms, and can help you shed dull winter skin to reveal FRESH, SMOOTH, GLOWING skin in time for warmer weather.

## DERMALOGICA

Daily Microfoliant

Get softer, more supple skin by using this unique rice-based enzyme powder that turns dull skin noticeably smoother and brighter.

Enriched with Organic Hemp seed oil, this product will gradually give you a summer glow *without* the fake orange look or funky smell.

Tip: Use Microfoliant before using Hempz for even application.

## HEMPZ

Touch of Summer

## PLUM SMOOTH

Ingrown Hair Treatment

Its time to start prepping for bikini season! Try this gentle roll-on exfoliation product to reduce and prevent unsightly ingrown hairs and irritation between waxing appointments.
