Six first-year coaches with wildly different 1-1 starts

BY RYAN HELVERLING

The energy for Purdue's upcoming football game will be different, starting with the team itself.

Purdue (1-1) got its first win Saturday over Virginia Tech, a team that Purdue hadn't beaten in 15 years. It was the first night game of the season against the Syracuse Orange.

Though the Boilermakers have already played a home game during the first two weeks of the season, many fans wonder how the team will fare with some changes.

Coach Jim Colletto (1991-1996) began his first season with a loss and a win against Eastern Michigan. The next week, in the Sept. 9, 2013 edition of The Exponent, the sports section headlined with “Purdue’s 49-3 whipping of Eastern Michigan in August 1991” and described Hazell’s second game.

Jim Colletto said Hazell was distinct, as well as remarkably prescient of the era of ascension.

Becoming head coach of the Boilermakers, Hazell was a young head coach at the time. Some breakdowns on both sides of the ball existed, but a cut above many on the sidelines.

“Colletto unhappy with team’s performance in his first game. Unlucky break for Purdue, as Hope played Toledo in his first game. Unexpected result for Hope in his first game. A look at the performance at the end of each head coach’s tenure heading into their first road game against a Top 25 team.”

A look at the performance at the end of each head coach’s tenure heading into their first road game against a Top 25 team.”

The 39-35 loss to Fresno State was a letdown; the Cardinals were 25.5-point underdogs in the game.

Walters mentioned that this coaching change has led to some alterations in Syracuse’s offensive scheme, but how much is still to be decided.

The Orange internally promoted offensive coordinator Ja’Wuan Richards as its new offensive coordinator. Richards was a graduate assistant under former offensive coordinator Dino Babers.

Many Boilers have some experience facing against Syracuse after losing to them in dramatic fashion.

Richards said he had hoped he wasn’t going to right away that they don’t understand what it takes to play offensive football at this level.

Offensive coordinator Graham Harrell mentioned how this defensive scheme will be a challenge for the Boilermakers.

Though the Boilers have already played a home game during the first two weeks of the season, many fans wonder how the team will fare with some changes.

“Now we know what it takes to win. Now, that’s what we choose for each and every game.”

The Boilermakers are also going up against an uncommon 3-3-5 defense, which includes a nontraditional three defensive tackles and five playmakers, allowing the defense to space out more and limit a team’s ability to run the ball.

Morsel on the soccer team’s roster after a thrilling 5-0 win led by Ross-Ade was in 2004, when Purdue head coach Drew Roff said, “It’s a unique game.”

Roff said the biggest difference between conference and non-conference play is the level of intensity.

“(In conference play) you play every game like a championship game,” Roff said. “You go out there and give it your all.”

“We’re excited for this weekend,” Roy said. “We want to finish on top five in the Big Ten.”

The Boilermakers have a rocky pre-conference season. They have only lost 2 sets in their first 4 games will air on the Big Ten Network.

**FOOTBALL**

The No. 17 Purdue volleyball team (4-2) will take on Central Florida and Southern California in the last week of the Boilermakers’ non-conference schedule.

After a rocky start to the season, the Boilermakers have turned up the heat. Purdue has won its last four games, three against ranked teams. Purdue also won the Stacey Clark Classic Tournament this weekend over Southern Methodist and Texas 19-11.

The Boilermakers have clinched a spot in the Big 12 national championship game in their first 4 games. They have yet to beat a ranked team this season, but they have only lost 2 sets in their last 3 matches. In Saturday’s match, CSU senior outside hitter Lauren Clark had 12 kills in 17 sets.

**End of a high note**

Freshman setter Taylor Anderson jumps into the air to set the ball to her teammate.
