Why are you running?

It is important to be involved and give back to your community. I was encour-
gaged to run for four years ago by citizens that wanted to see more economic development in the city of Faribault. Faribault has seen some hard years, but the economy looks greater in District.

We are up and running.

I will be involved in the new building in St. Paul overlooking the Mississippi.

people would be let go when the time.

They would hire a lot of ex-

An exhibit pattern.

A number of other exhibit designing and development.

museums were up and running.

Martin’s staff made exhibits for the Lemelson Center at the Smithsonian and the California Science Center in Los Angeles, creating business and building their expo-

porting at the same time they con-

strated, say, magmatic rockstrains and sulfidated duties for other ar-

artitions.

The most recent big project was a five-year, multimillion-dollar contract with the Discovery Times Square.

We were building a museum from scratch, and we were looking for the experts to help us.
