

# ISD 719 SCHOOL BOARD NEWS

## Gruver receives good marks

The results of Superintendent Sue Ann Gruver's annual evaluation were released at Monday's School Board meeting, and the board came to a consensus that she has performed her duties "adequately" while acknowledging the difficult budgetary and curriculum issues the district has faced.

Board Chairman Tom Anderson read a summary of the results at the June 28 meeting, stating that Gruver "has shown ability to learn and adapt" but that "there are still opportunities for her to grow in her role."

Gruver will not receive a raise this year, due to her own requested pay freeze, a response to the district's tenuous financial situation.

## Drug, alcohol sanctions changed

Prior Lake High School students who participate in sports and activities will have another reason to "just say no."

That's because the Prior Lake-Savage Area School Board approved an increase Monday (June 28) in the severity of punishment for PLHS student athletes and activity members who get busted drinking alcohol or using drugs. These students, if they get caught just once, will now be forced to sit out for six weeks' worth of games or events. For each subsequent violation, students will be suspended from their sports or activities for a full calendar year.

Armed with an envelope of 15 student chemical-use violations that occurred June 9-13, Prior Lake High School Activities Director Eric Rodine presented the plan to the board. He said the original two-week penalty destroys team unity and a six-week penalty will not have that effect. Rodine said the new policy is one of the strictest in the metro area.

The governing high school sports and athletics body, the Minnesota State High School League, currently sets the standards for violations of its chemical-use policy at three strikes. Upon the first incident, a student is out for two games or two weeks. Strike two means a six-week or six-game suspension, and only upon a third violation would a student miss a full calendar year.

The board adopted the proposal by a vote of 5-1 (with Board Member Dee Dee Francis absent). Board Member Eric Pratt dissented, saying he felt the program should be a one-year pilot program. The policy went into effect July 1.

## Activity fees rise for 2010-11

The Prior Lake-Savage Area School Board has voted to implement a hike in activity fees for the next school year.

Activities Director Eric Rodine presented the price increases at the School Board's June 28 meeting. The smallest increase is \$15 for all middle school activities as well as the following high school programs: soccer, volleyball, tennis, cross-country running, cheerleading, baseball, softball, track, knowledge bowl, speech, theater, music and chess. Football, swimming, basketball, cross-country skiing, wrestling, dance and synchronized swimming fees will go up \$30.

Gymnastics participants will have to pay an additional \$55, hockey will now cost another \$100, and golfers' fees will go up \$115. Golf, gymnastics and hockey cost more for the district to provide, which is why those fees have steeper increases.

Rodine said the higher fees are due to rises in activities expenses, and in spite of the hike in fees, the amount will still not completely cover the cost the district incurs in providing the activities.
