Dave Huffman 5K Memorial Run/Walk and Children's Fun Run

USATF CERTIFIED

Saturday, September 8th, 2007, 9:00 A.M., Chanhassen, MN.

The Dave Huffman 5K Run was organized eight years ago to memorialize former Chanhassen Park and Recreation Commissioner Dave Huffman. He was also a Vikings football player and KFAN radio announcer. Huffman passed away in 1998 at the age of 41. Former Minnesota Vikings and the Vikings cheerleaders are expected to run with the crowd each year.

ENTRY FEES AND REGISTRATION:

Revenue generated from the race will be donated to local charities.
5K: \$15 before August 31 and \$18 after September 1. Visit raceberryjam.com to register online or print out the registration form and mail it in. Race day registration is also available.
Children's Fun Run: free, register the day of the race, there is no pre-registration.

AWARDS:

All paid entrants receive a free long sleeve t-shirt. Fun Run participants receive ribbons.
Grand Prize: Name brand mountain bike.
Overall Men's and Womens Winner: Whirlpool suite and Houlihan's gift certificate.
Age Group Winners: Houlihan's gift certificate.

MAJOR SPONSORS: AmericInn, Houlihan's, City of Chanhassen and Ridgeview Medical Center.

For questions or other race information, call the Chanhassen AmericInn at 952-934-3888 or visit raceberryjam.com.

Kristin attended Eden Prairie High School and St. Cloud State University. She is employed as a behavior therapist at Holland Center.

Jeremy attended Eden Prairie High School and St. John's University. He is a senior business analyst.

A Sept. 1, 2007, wedding is planned in Prior Lake.

Public Notices

Public Notice
 (Official Publication)
 NOTICE OF HEARING
 Minnesota Statutes
 §§103D.605 & 103D.745
 NINE MILE CREEK WATERSHED DISTRICT
 BOARD OF MANAGERS
 EDEN PRAIRIE LAKES WATER QUALITY IMPROVEMENT PROJECT

NOTICE HEREBY IS GIVEN that the Board of Managers, Nine Mile Creek Watershed District, will hold a public hearing at 7:00 p.m., August 29, 2007, in Eden Prairie City Hall, City Council Chambers, 8080 Mitchell Road, Eden Prairie, Minnesota 55344, on a pending petition for the Eden Prairie Lakes Water Quality Improvement Project ("Project").

The Project proposes to construct regional ponds to treat stormwater runoff flowing to Southwest and Northwest Anderson Lakes, Bryant Lake and Birch Island Lake; provide in-lake alum treatment of Bryant Lake; install a stormwater conveyance system to restore surface and groundwater flows from north of Highway 62 to Birch Island Lake; restore wetlands and extend a public trail adjacent to the Cardinal Creek area; modify the water elevation control structure between Southeast and Southwest Anderson Lakes; and drawdown Southwest and Northwest Anderson Lakes to address invasive plant species and water quality issues. A chemical treatment alternative is being considered either alone or in combination with the drawdown for Southwest and Northwest Anderson Lakes.

On August 16, 2005, the City of Eden Prairie petitioned the Managers to establish and implement the Project. The Managers directed the District engineer to report whether the Project was feasible and provide a plan of the proposed work. The engineer's report was filed with the Managers in June 2006, and submitted to the Director, Division of Waters, Minnesota Department of Natural Resources and the Minnesota Board of Water and Soil Resources for review. The Director and the Board filed with the Managers their advisory reports approving the Project as being a practical plan. The Managers determined the damages to the properties subject to temporary or permanent easements by obtaining appraisals of those properties, which along with the engineer's report and plans are on file at the District office located at 7710 Computer, Suite 135, Edina, MN 55435 and subject to inspection.

The estimated cost of the Project is \$1,928,000 plus the cost to acquire needed easement rights, as set forth in the engineer's report. The estimated cost of project alternative that would include a combination of partial drawdown and chemical treatment of Southwest and Northwest Anderson Lakes is \$2,800,000. The Managers propose to fund the Project by a tax levied by value on real property within the legal boundaries of the watershed district. The City of Eden Prairie will pay for a portion of the easement acquisition cost.

The Board of Managers held a public hearing on December 7, 2006 on this project at Eden Prairie City Hall, and left the record open for comment until December 13, when the Board of Managers determined that the recommendations of the District engineer as enumerated above are consistent with the objectives of the City's petition; consistent with the District's use attainability analyses for Birch Island, Bryant and Anderson Lakes; and will be conducive to public health, promote the general welfare, comply with watershed law, and result in benefits greater than the cost of Project implementation and damages. The Board of Managers granted the petition of the City of Eden Prairie, confirmed the Engineer's report, and ordered that the Project be established and constructed, and that voluntary conveyance of necessary easements be pursued, and that the Engineer, under direction of the Administrator, be ordered to proceed with making the necessary surveys, plans, and specifications, and advertise for bids.

In April 2007, residents on Anderson Lakes contacted the District and expressed concerns with the portion of the Project involving the drawdown and modified elevation control structure on Anderson Lakes. Accordingly, the Board of Managers agreed to convene a further public

hearing on May 30 for the purpose of taking further testimony from any interested party concerning any aspect of the Project. Thereafter, the District prepared a draft Environmental Assessment Worksheet (EAW) concerning the Anderson Lakes elements of the Project, a copy of which may be obtained from Kevin Bigalke, District Administrator, 7710 Computer Avenue, Suite 135, Edina, MN 55435; telephone (952) 835-2078; or on the District web site: www.ninemilecreek.org.

The Board of Managers held a public hearing to receive comments on the draft EAW on July 19, 2007. A further hearing to receive comments on the project and the draft EAW will be held on August 29 as noted above. Written comments on the draft EAW were initially due at the District Office on or before August 15, 2007, but due to a publication error, that deadline has been extended to September 12, 2007.

On September 19, the Board of Managers will meet at Eden Prairie City Hall, Mitchell Road, Eden Prairie, Minnesota 55344, to determine whether an environmental impact statement (EIS) is necessary, and if no EIS is necessary, whether to order the project to proceed as originally ordered on December 13, 2006 with a drawdown of Southwest and Northwest Anderson Lakes; whether to order a chemical treatment of the lakes; whether to order a combined partial drawdown and chemical treatment; or whether to otherwise modify or delay the project.

All parties interested in the Project are to appear before the Managers on August 29 to offer comments on the Project, and on September 19 at the time and place stated above to show why the Managers should not grant the petition of the City of Eden Prairie, confirm the engineer's report and order that the Project be established, the necessary easements acquired, and the Project constructed, with or without modification.

Dated: August 9, 2007

RILEY-PURGATORY-BLUFF CREEK WATERSHED DISTRICT SOLICITATION OF INTEREST NOTICE

The Managers of the Riley-Purgatory-Bluff Creek Watershed District solicit expressions of interest of professional engineers experienced in the work of Watershed Districts. The Managers request interested persons provide a brief letter (one to no more than two pages) identifying individuals to be assigned to the account, proposed fees for services, and a concise summary of the proposed services. The Managers also request disclosure of any existing or potential conflict of interest.

This Solicitation will enable the Managers to identify consultants qualified to supply the professional services needed by the District. Based upon a review of the written information, the Managers will determine whether a personal appearance is required and, if necessary, will notify you.

Please submit your response on or before the 1st day of September, 2007, addressed to:

Riley Purgatory Bluff Creek Watershed District
 Attn: Coordinator
 c/o Krebsbach and Haik, Ltd.,
 225 South Sixth Street, Suite 4320

 Notice of Public Hearing
 Riley-Purgatory-Bluff Creek Watershed District
 2008 Annual Budget and Levies
 Notice is hereby given that at the

meeting of the Board of Managers of the Riley-Purgatory-Bluff Creek Watershed District, scheduled for Thursday, September 13, 2007, at 7:00 p.m., at the Eden Prairie City Offices, 8080 Mitchell Road, Eden Prairie, Minnesota, the Managers will consider the following budget for the year 2008 levies:

A 509 LEVY to pay the costs of preparing a plan under Minnesota Statutes sections 103B.231 and 103B.235 or for projects identified in an approved and adopted plan as authorized by Minnesota Statutes Section 103B.241 in the amount of \$1,250,000.

A BASIC WATER MANAGEMENT LEVY to pay the costs of basic water management features of the Round Lake Basic Water Management Project initiated by petition of the City of Eden Prairie as authorized by Minnesota Statutes Section 103D.905 of 0.0798 percent of taxable market value, or \$525,000, whichever is less.

A GENERAL LEVY to pay the costs of District operations and projects of common benefit as authorized by Minnesota Statutes Section 103D.905 of 0.048 percent of taxable market value, or \$250,000, whichever is less.

An INSURANCE PREMIUM LEVY to pay tort liability insurance premiums as authorized by Minnesota Statutes Section 466.01 in the amount of \$16,500.

A MAINTENANCE AND REPAIR LEVY authorized by Laws of Minnesota 1980, Chapter 501, in the amount of \$15,000.

A SURVEY AND DATA ACQUISITION LEVY to pay the costs of making necessary surveys and acquiring data only if other funds are not available as authorized by Minnesota Statutes Section 103D.905 of 0.02418 percent of taxable market value, of \$50,000, whichever is less.
 Dated: August 1, 2007
