Public Health and Safety Bulletin 2025-01

The Nevada Cannabis Compliance Board (CCB) issues this Public Health and Safety Bulletin 2025-01 on September 12th, 2025, advising consumers and patients to avoid or take caution if consuming the cannabis that is the subject of this notice.

The following cannabis packages (uninfused pre-rolls and whole flower) passed the initial laboratory testing. However, CCB agents discovered products were misrepresented during the lab sampling and therefore required secondary confirmation testing. Secondary results revealed that the lots failed for microbials (Yeast & Mold and/or Aspergillus). Additionally, some lots were not available for secondary testing and may potentially be contaminated.

The CCB advises consumers to avoid or take caution if consuming the identified lot number(s)
