FOR IMMEDIATE RELEASE

Statement from Wes Duncan:

“I’m not running because of political ambition, I’m running because Chris Hicks has lost all of his ambition to keep people safe.”

Law enforcement across Washoe County and Nevada knows what’s at stake. That’s why every major law enforcement group—representing the men and women on the frontlines—has endorsed my campaign. They’ve seen firsthand the consequences of weak leadership, poor communication, and charging decisions that let violent offenders walk.

This race isn’t about politics. It’s about restoring accountability, rebuilding trust, and protecting our community. When the people tasked with keeping us safe say it’s time for a change, we listen.

I’m running for Washoe District Attorney to make Washoe County a safer place to call home and raise a family.
