Iowa man arrested for shoplifting

An Iowa man has been arrested for allegedly stealing and then destroying as a result of several residential burglaries that took place the night of the July 14.

On Friday, July 17, the Susquehanna County Sheriff’s Office deputies were dispatched to a mobile home located on Fox Street in Susquehanna in reference to the burglary complaints. Best

A shoplifting suspect had stolen several items out of the home and damaged the residence. During the investigation detectives were able to identify the suspect as Jacob P. Porazek, 34, 340 E Miller Ave., Iowa.

After the same day after further investigation, Judge David Ruchel signed a warrant warrant in the amount of $20,000 for Breonard’s arrest. He was later located and arrested after a subsequent search warrant was executed at his residence.

Center and charged with six counts of simple burglary of an inhabited dwelling, six counts of theft of property $500 or under, five counts of theft of property $500 to $1,000, five counts of theft of property $1,000 to $5,000, five counts of theft of property $5,000 or more. The suspect spoke with the complainant who stated an unknown man took a set of Alleyway Nixs worth approximately $1,050. Detectives viewed video surveillance and observed the

Requirements for reopening La. schools

On Thursday, the Louisiana Department of Education released guidelines for how the state’s schools can reopen for the 2020-2021 school year as the COVID-19 pandemic continues. Here are some of the guidelines to be followed during reopening phases 1, 2, and 3.

PHASE 1

PHASE 2

PHASE 3

Maximum group size

10, including adults

25, including adults

50, including adults

Younger students

Maintain static groups, understanding individuals may come into close contact and may not be wearing face coverings.

If students are able to maintain physical distance, the group’s composition may change. Students maintain physical distance of at least six-feet indoors/instructor settings in the maximum possible.

Youth

Office lead detective Charles Stoppers at 439-2222.

Physical standards

• Groups congregate in rooms enclosed by walls or partitions.

• High-touch surfaces are cleaned before and after each group’s use.

• Groups are separated outdoors but do not require a physical barrier.

• Limit cooling in and out, and set up areas to maximize group size and physical distance recommendations to the maximum possible extent.

Athletics

Symptom monitoring

• Assess students on arrival and throughout the day, including conducting an initial temperature check.

• Estimate an area that can be used to isolate sick students.

Environmental cleaning and personal hygiene

• Handwashing at arrival, at least every hour, and before eating and eating after using outdoor playground equipment or after using restroom facilities.

• Adults and students (3rd grade and up) should wear face coverings, as able, to the maximum possible extent.

Transportation

Maximum school bus capacity, including adults

25 percent

50 percent

75 percent

• Take the number of seats and multiply by the percentage of the manufacturer’s capacity. This is the maximum number of people allowed on the bus at any given time.

• Space and disburse passengers to the maximum extent possible.

• Takeoff from and high-risk sports attendances within defined groups.

• Contact high-risk sports activities within defined groups.

• A local decision making will play a large role in how districts re-open. Bramley said “Thursday’s release is meant to guide local decisions for school leaders who know what works best in their community.”

When it comes to making decisions about campus closures due to an outbreak or to ensure a mask-wear- ing, Bramley said individual school systems and even regional public health officials will be responsible.

The Calcasieu Parish School Board released a state-wide guidance statement that it under- stands the importance of an in-person educational setting. "While school district may look at a little different as we implement recommended safety guidelines, our current plans are being formulated around the Calcasieu Parish School Board’s guidance statement that it understands the importance of an in-person educational setting. "While school district may look at a little different as we implement recommended safety guidelines, our current plans are being formulated around the Calcasieu Parish School Board’s guidance statement that it understands the importance of an in-person educational setting."
