ARIES (March 21-April 19) ★★★★★ This is a pleasant day; nevertheless, you will have to put your own emotional considerations second to those of others. This doesn't mean you're being a martyr; it's simply meeting the situation as it is. That's life. You might receive an exciting health tip today. Tonight: Work.

TAURUS (April 20-May 20) ★★★★★ Enjoy warm relations with others today, especially children. Romance will be exciting and have greater emotional depth than usual. Social outings will appeal. In particular, the arts, the theater, museums and sports will be enjoyable activities for you. Tonight: Playful activities.

GEMINI (May 21-June 20) ★★★★★ This is the perfect day to relax! Find a way to retire to your own private place so you can take it easy and enjoy the reassurance of familiar surroundings. CANCER (June 21-July 22) ★★★★★ You're chatty and eager to learn the latest gossip and catch up on news. Tonight: Short trips and conversations.

LEO (July 23-Aug. 22) ★★★★★ Today you identify with something you own more than usual. You want to take care of it or admire it. (You certainly don't want to lend it.) This is actually a good day for you to buy wardrobe items for yourself. You'll also enjoy active and competitive interactions with friends and groups. Tonight: Check your money.

VIRGO (Aug. 23-Sept. 22) ★★★★★ Things will tend to go your way today. Why not ask the universe for a favor? After all, you look fabulous because the Sun is at the top of your chart casting you in a flattering spotlight. Say yes if you're asked to take on extra responsibilities, because you'll shine! A secret love affair might occur. Tonight: You're strong.

LIBRA (Sept. 23-Oct. 22) ★★★★★ Conflicting influences exist for you today. In one way, you want to hide and enjoy your own privacy (with good food and drink). HAPPY BIRTHDAY

For Saturday, June 20, 2026:

You're curious, idealistic and can think on your feet. You're also outgoing, exuberant and intuitive. This is a year of wrapping up things and moving on because you are finishing a nine-year cycle. Take inventory of your life. Do some internal and external housecleaning. Commune with nature.

SAGITTARIUS (Nov. 22-Dec. 21) ★★★★★ You are noticed today. In fact, some people will know personal details about your private life for some reason. Don't worry about this. But do remember that you need more sleep right now. Be patient with partners and close friends. Tonight: You're noticed.

CAPRICORN (Dec. 22-Jan. 19) ★★★★★ Try to do something different today because you're restless for adventure. Obviously, travel would be an excellent choice.
