YOUR HOROSCOPE

SATURDAY, JULY 6, 2019

Make this year count. Put your energy into the way you look and how you present who you are to the world. Self-improvement will boost your morale and encourage you to help others strive to live a healthier and more active lifestyle.

ARIES (March 21-April 19): Stop to consider what others are going through. Offer an encouraging word. How you approach people and situations will make a difference in your relationships with others.

TAURUS (April 20-May 20): A day-trip, shopping spree or doing something that will relax your body, mind and spirit should be scheduled.

GEMINI (May 21-June 20): If you want something, go after it. Use your intelligence and charm, and you will convince whoever you are pleading with to get involved in your plans.

CANCER (June 21-July 22): Call on someone you know can offer expert advice. The suggestions made will help you bring about a change that will improve your life. Think big, but live within your means.

LEO (July 23-Aug. 22): Be reluctant to judge others. If you want to be critical, take a look inward and decide what you can do to improve.

VIRGO (Aug. 23-Sept. 22): What you do will be far more touching than words. An act of kindness, a gesture of friendliness or just being a sounding board for someone will change the way others view you.

LIBRA (Sept. 23-Oct. 22): Size up a situation, and consider whether it's worth getting involved. You are likely to be accused of meddling if you aren't careful.

SCORPIO (Oct. 23-Nov. 21): Take a break and do something that brings you joy. Surround yourself with family and friends; share memories. Attending a reunion will reconnect you to your past.

SAGITTARIUS (Nov. 22-Dec. 21): Think before you get involved in something you know little about. Emotions will be difficult to control, and situations will get blown out of proportion.

CAPRICORN (Dec. 22-Jan. 19): A change at home will lift your spirits and can lower your overhead if you go about it the right way. A cost-efficient home is a convenient and less stressful place to reside.

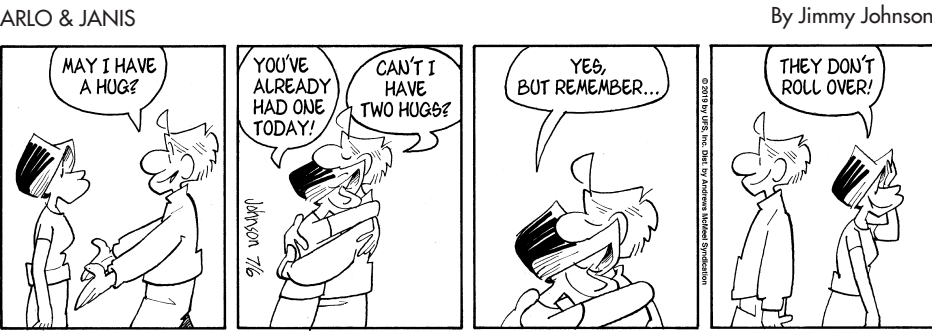

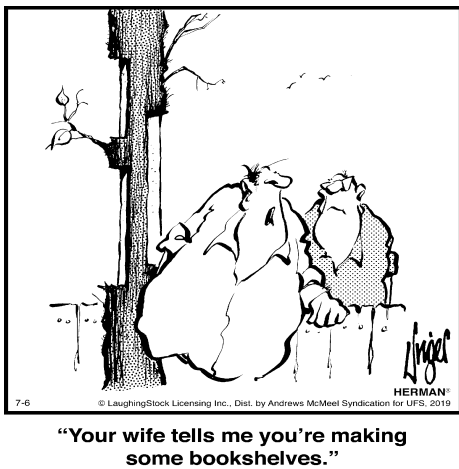

AQUARIUS (Jan. 20-Feb. 18): You'll have plenty on your mind and are likely to blurt out what you think. Consider the recipient of your words before you say something you may regret. Consider the source of information that's influencing your thoughts.

PISCES (Feb. 19-March 20): Make your actions count. Show affection, offer help and make plans with someone you love. A partnership based on truth, equality and shared goals will encourage you to initiate what you want to happen.
