

ROYAL STARS

YOUR DAILY HOROSCOPE FROM GEORGIA NICOLS

The day ahead: ★★★★★ = Dynamic; ★★★★ = Positive; ★★★ = Average; ★★ = So-so; ★ = Difficult

Moon Alert: Avoid shopping (except for food and gas) and important decisions from 7:15 a.m. to 10:30 a.m. EDT today (4:15 a.m. to 7:30 a.m. PDT). After that, the Moon moves from **CANCER** into **LEO**.

ARIES (March 21-April 19) ★★★★★ This is a good day for you, especially if you work in the arts, the entertainment world, sports or education. However, it's also a playful, fun-loving day! It's Friday and you can choose your own adventure. Enjoy socializing. Meet the gang for happy hour. Tonight: Have fun!

TAURUS (April 20-May 20) ★★ Play things low-key today, because you are best served by working alone or behind the scenes. You might prefer to relax at home. A competition with a friend from your past or perhaps a member of a group might occur. Your faith in yourself will win the day. Tonight: Relax at home.

HAPPY BIRTHDAY
For Friday, March 27, 2026:

You appear laid-back, but you're determined, incisive and fired by social ideals. You are intellectually curious. This is a year of work and construction to create solid foundations. Simplicity will be key. Take charge of your health. Exercise will be important. Explore martial arts or yoga. Stay grounded and levelheaded.

BORN TODAY
Actor Nathan Fillion (1971), singer-songwriter Mariah Carey (1969), singer-songwriter Fergie (1975)

GEMINI (May 21-June 20) ★★ This is an energetic, fast-paced day! It's also a popular day. You might be involved more than usual with creative, artistic people. In fact, a friendship could turn romantic. Meanwhile, you're pumped with energy and ambition to boost your salary. Tonight: Interesting conversations.

CANCER (June 21-July 22) ★★★ Keep in mind that you make a great impression on others right now because the Sun, high in your chart, is symbolically casting you in a flattering spotlight. This means it's easy to impress others, especially authority figures. Explore opportunities in publishing, medicine, the law, higher education or the media. Tonight: Maintain your possessions.

LEO (July 23-Aug. 22) ★★★★★ Today the Moon is in your sign, which does two things: It can make you more emotional than usual. However, it can also slightly increase your good luck. This means this is the day for you to ask for favors or for permission. Try it! Tonight: You win!

VIRGO (Aug. 23-Sept. 22) ★★ With fiery Mars opposite your sign now (along with Mercury retrograde), you might find your closest relationships to be a tad challenging. Partners and close friends seem aggressive. If so, consider this an opportunity to practice patience, which is a virtue. Tonight: Enjoy privacy.

LIBRA (Sept. 23-Oct. 22) ★★★ Remember that you need more sleep right now because the Sun (your source of energy) is as far away from your sign as it can get all year. (We're not talking 93 million miles. We're talking 5 inches on your chart.) Share your hopes and dreams for the future with a friend. Tonight: Be friendly.

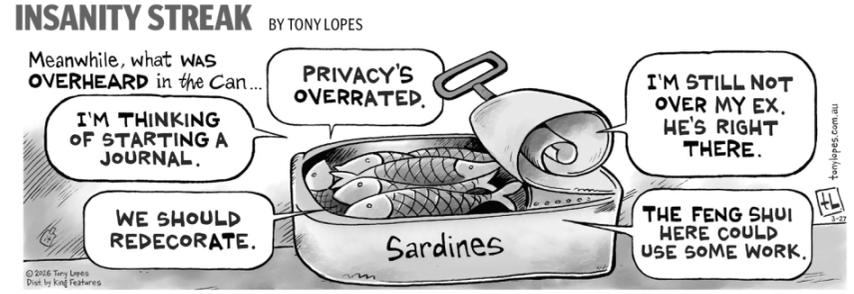

SCORPIO (Oct. 23-Nov. 21) ★★★ You're high-viz today, which means that some people know personal details about your private life. This is important for you to know because you are someone who values your privacy. Meanwhile, it's a productive day and you can get a lot done! Tonight: You're admired.

SAGITTARIUS (Nov. 22-Dec. 21) ★★★★★ Do something different today. Break free of your routine. Go someplace different. If you can travel, great! Give yourself a pleasant break that feels socially rewarding. A long lunch. Coffee with a friend. Treat yourself to a little adventure. Tonight: Do something different.

CAPRICORN (Dec. 22-Jan. 19) ★★★ Home, family and your private life are your main focus now. Discussions about shared property, taxes, debt, insurance issues or inheritances might come up. This is a good time to wrap up old business and work to make your home nicer. Tonight: Check your finances.

AQUARIUS (Jan. 20-Feb. 18) ★★★★★ Be prepared to accommodate others today. The reason you have to do this is because the Moon is opposite your sign and that's how it works. But, hey -- two weeks from now, others will have to accommodate you. That's also how it works. Tonight: Cooperate.

PISCES (Feb. 19-March 20) ★★★ Do your best to stay on track, because with Mercury retrograde in your sign, mistakes, delays and equipment breakdowns are likely. Meanwhile, Mars in your sign urges you to be fast and sassy. Whoa! A dangerous combo. Be aware of what's going on. Tonight: Work.
