A compassionate approach to life, love and how you treat others will offer peace of mind and help you resolve matters that have been standing in your way. Embrace the future with courage and an open mind.

ARIES (March 21-April 19): Put everything in its place, and carry on until you reach your destination. Focus on your relationships with people who can help you get ahead

TAURUS (April 20-May 20): Getting along with others will be necessary. Be a good listener, and show support for those who share your beliefs. Don't feel you need to change to fit in; be yourself

GEMINI (May 21-June 20): Be objective, open and honest. Present the best point of view you can concisely, and people will listen. Mix business with pleasure, and friendships will sprout.

### CANCER (June 21-July 22):

Problems will develop if you are possessive or moody. Pay attention to how you look, and consider what you want to do before sharing with others.

LEO (July 23-Aug. 22): Think about the message you want to send. Consider how someone you care about will feel or react if you are abrupt or pushy.

VIRGO (Aug. 23-Sept. 22): Use your imagination, and you will come up with a plan that will help you achieve your goal. Run your ideas by those who may be affected by the decisions you make.

LIBRA (Sept. 23-Oct. 22): Express your thoughts and feelings, and follow through with your plans. Offer what you can to those in need, and participate in events that are similar in goals to your own.

SCORPIO (Oct. 23-Nov. 21): Keep things simple and under control. Too much of anything will lead to trouble. Curb bad habits and enforce a routine, diet and lifestyle that will keep you in shape.
