STATEMENT REGARDING CONFIRMED CASE OF COVID-19 AT AVIANO

PHOENIX, AZ (March 19, 2020) – Following the recommendations from the Centers for Disease Control and Prevention, the Aviano Community Association Board of Directors proactively voted to close the community clubhouse on Monday, March 16.

On Wednesday, March 18, the Association was notified of a confirmed case of COVID-19/Coronavirus within our community. Upon learning this news, the Board reacted expeditiously by consulting with the Arizona Department of Health Services and notifying neighbors.

While the infected individual is recovering from mild symptoms in self-quarantine, this is a reminder that no one is immune. We urge all citizens to protect themselves and their families by following the government’s recommendations on social distancing and infection control precautions.

The health and safety of our residents and employees is our top priority. Following all HIPAA privacy laws, we will continue to communicate with our residents and cooperate fully with local and state authorities, as we manage this dynamic situation.

Aviano Community Association
Board of Directors
