

5 Tips to Keep Swimmers Safe This Summer

“Water Watcher”

Designate someone whose sole responsibility is watching the kids without distractions.

Be Ready To Save a Life

Learn CPR and react quickly to accidents.

Safety First

Employ layers of protection to keep swimmers safe and prevent unsupervised access to water.

Learn To Swim

Teach every family member how to swim.

Don't Go Alone

Instruct kids to avoid any body of water without adult supervision.

Visit LesliesPool.com for a wide selection of water safety equipment.

Drowning is a Leading Cause of Death in the United States

10 people die from drowning each day in the U.S.

75% of fatal pool accidents occur at residential locations

Swimming lessons can reduce childhood drownings by 88%.
