- you knew his intention

How can I know person's intentions I cannot read anyone's mind

"some things have led"

- the text mess didn't capture feeling & uses that word to continue to conversation

You were scared of Roberts

(I didn't know

didn't want to be victim of Roberts

kind of figure what was happening but @ same time didn't

> it was what he was doing & scared as soon as heard gunshots & he kept on going & didn't want to question/anger Roberts & "have him come at him"

probably the gun part: prosecutor & they were questioning him on the gun (interview after prelim)

- bug you him; let not show

bc of how he grew up & mom ~~wasn't~~ a big emo person bc it shows weakness (feelings/emotions)

- want to get my part of the story out

- actually approaching / hanging out w/ Robert's

- yes, ~~we~~ they didn't tell why

they were ~~at~~ ^{me} arresting him but I saw it on news that Alcala died on Twitter & "changed" GF asked him abt it

"I felt bad knowing what happened after"

sorry for your loss; condolences, never spoke to Alcala family

~~It's~~ "It's been like that since I've been here"

no updates

since Tuesday, no evidence

R ~~at~~ sent to text message;

to show he committed the crime

he had told a person to turn on news

wit: point out Robert

I never touched R's phone & looked @ R's phone for 30 seconds for hotspot
