Rondo, Allegro

We are honored to welcome Vladimir Horsky to the area again; he was our first piano soloist, when the Symphony performed the Brahms second concerto, and has since presented three solo recitals at the Park-McCullough House.

The next concert of the Sage City Symphony will be Sunday, December 4 at 8 p.m., back at our home in the North Bennington School.

This evening we are particularly grateful to Bennington College for use of Greenwall Hall and the new Steinway concert grand. We are also most appreciative of a grant from the Vermont Council on the Arts, which has consistently supported this Symphony.

Vladimir Horsky was born of Russian emigre parents, in China, where he studied piano as a boy. Coming to the United States with an introduction from composer and pianist Rachmaninoff, he studied with Rudolf Serkin and began concertizing in the U. S. and Europe. He has also studied with Talia Beckerman in Pennsylvania, and is a conductor and organist as well. He conducts a choral group which commissioned Louis Calabro to compose their bicentennial piece last year.
