THE RIVERWALK

Meet at 4:00pm/ 299 Beaver Street/ North Adams

Join us for Part 2 of the RIVERWALK, hosted by Hoosic River Revival the last Sunday of each month in North Adams.

On August 31, meet at 299 Beaver Street to pick up a free sketchbook and follow the river - either through the forest (wear long pants and socks!) or along the sidewalk. Finish at 233 Union Street for food, art-making, ecology, and community.

Totally free of cost, families welcome.

See you there!

hoosicriverrevival.org

hosted by Hoosic River Revival the last Sunday of each month in North Adams.

On September 28, meet alongside the Eclipse Mill (230 Union Street) to pick up a free sketchbook and follow the river as the North Branch enters the flood chutes. Finish at Holden Street for food, artmaking, ecology, and community.

Totally free of cost, families welcome.

See you there!

Meet at 2:00pm/ Behind Big Y/ North Adams

The days are getting shorter! Join us at 2pm for Part 4 of the RIVERWALK, hosted by Hoosic River Revival in North Adams.

On Saturday, October 25, meet behind the Big Y (in the Holden Street parking lot) for a free sketchbook and join the youth musicians of BAAMS as we follow the river to their courtyard space near Heritage State Park. An outdoor musical experience and a Pho station, serving Vietnamese soup from STATE, will await us.

Totally free of cost, families welcome.

See you there!

Join us for the final leg of the $\it RIVERWALK$, hosted by Hoosic River Revival in North Adams.

On Sunday, November 30 at 2pm, meet in the BAAMS Courtyard in Heritage State Park, with parking at 115 State Street. Pick up your free sketchbook and follow the river with us as we walk the landform loop at The Berms. We will finish at Hotel Downstreet with warm refreshments and a public presentation of HRR's next project.

Totally free of cost, families welcome.

See you there!

HOOSIC RIVEL

In 2025, HRR created the Riverwalk, a series of Sunday gatherings to bring together neighbors, build a practice of care for the Hoosic River, and increase awareness of the river as a central organizing feature of North Adams.

Riverwalk as a Community Catalyst

- 1- The Riverwalk offers a framework for catalyzing engagement with the river and recognition and usage of the river as an asset.
- 2- The Riverwalk is scalable in terms of intervention in the built environment, from simple wayfinding to full rehabilitation of specific areas, which allows flexibility in how it is implemented.
- 3 The Riverwalk allows both short term and long term projects to happen in parallel. It also allows other projects to proceed without creating redundant or mutually exclusive plans with other civic initiatives.
- 4 The Riverwalk offers complementary support to all of the civic projects happening in North Adams including the Adventure Trail, Rte 2 Overpass Study, and Grey to Green initiatives by helping residents to actively use the river as a site / path / mindset for recreation in the city.
- The Riverwalk is user oriented, phasable, and defined through iterative design based on actual physical engagement with the river through programming, events, and activations.

RIVERWALK: 2026

In 2026, HRR could galvanize energy and acknowledgement around the Hoosic with a vertical element of flags that is continuous and visible throughout the city. The flags follow the path of the Riverwalk, linking the North Branch, Downtown, and the Berms into a continuous experience centered on the Hoosic.
