Berkshire Concrete Corp.
550 Cheshire Rd
Pittsfield, MA 01201

Subject: Earth Removal at 40 Bridle Rd - Parcel ID: 105-16

Dear property owner,

Acting as the town's Zoning Enforcement Officer; you were ordered to restore the area located on parcel 105-16 on October 15, 2025.

You are obligated to restore parcel 105 -16 in its entirety to the design standards found in section 350-61 (E).

The written plan that was submitted did not indicate that the entire parcel was to be restored to the standard that the bylaw requires. You were asked to revise it and submit a new, more detailed plan.

As of to day's date my office has not received a revised copy.

You are hereby ordered to supply this information to the Town of Dalton's Building Department **no later than 4/24/26**. Along with this information you will be required to provide a detailed timeline of progress. This site must be restored in its entirety **no later than 5/31/26**.

Failure to provide this information or meet this timeline will be considered a violation and will result in citations being issued as allowed by MGL 21D ticketing for non-criminal disposition.

Fines are \$50.00 for the first offence, \$100.00 for the second, and \$300.00 each after that. Every day the violation exists will constitute a new violation.

If you have any questions, please feel free to contact my office.

Sincerely,

CC: Dalton Planning Board, Dalton Select Board, Attorney Dennis Eagen

Brian Duval

Town of Dalton

Building Commissioner/ Zoning Enforcement Officer
