

Dear Santa,

I've always wondered why you send
elves to watch us?

I think my behavior this year was fantastic
because I think I have been good.

Some nice things I have done are: 1. sitting my
puppy. 2. spoiling my elves.

Some naughty thing or stuff I could of done
better are: nothing.

Something I need is a night gown that is
Christmas theme and it would keep
me warm at night.

Something I want for Christmas is a
watch, phone, giant gumball machine.

Thank you so much for bringing me
happiness.

Love Scarle tt
