

Dear Santa,

I'm 9 year's old. I am in third grade. I have been pretty good this year. These are the nice things I've done. I've done my chore some more. I've played with my sister more.

This is my Christmas list. First I would like a snow board. I'd also like a lego set for christmas.

I want to ask you some questions for you. Do your reindeer have other jobs in the north pole? What is your favorite thing in the north pole?
