

Introducing

Dr. Alexandra Bishop, Orthopedic Surgeon

Littleton Regional Healthcare's The Alpine Clinic is pleased to welcome Dr. Alexandra Bishop as its newest Orthopedic Surgeon. Specializing in the orthopedic management of upper extremities, Dr. Bishop is accepting referrals for new patients now.

Dr. Bishop provides comprehensive care for patients with shoulder, hand, and wrist conditions, as well as orthopedic injuries requiring both surgical and non-surgical treatment. She is passionate about strengthening access to specialty medical and surgical services in rural communities.

Clinical areas of focus include, but are not limited to:

- Shoulder arthritis and rotator cuff arthropathy
- Rotator cuff and labrum tears
- Shoulder impingement syndrome
- Arthritis of the hand and wrist
- Adhesive capsulitis (frozen shoulder)
- Shoulder and hand reconstruction
- Stenosing tenosynovitis (trigger finger)
- Median and ulnar nerve entrapment
- General orthopedic trauma and fracture care
