

Life begins at NVRH.

Becky and Logan,
with daughter Eloise.

Birth Center Tours Available!

“The Birth Center at NVRH was the natural choice for us.”

When Becky Armstrong and Logan Owens, owners of The Coffee Cabin in East Burke, were looking for a place to welcome their newest baby, they chose NVRH.

Our OB/GYNs and Certified Nurse Midwives partner with you to develop the birth plan you want, while making the health and safety of you and your baby our top priority.

“They listen to you and support your choices. We felt so well taken care of—they really made us feel at home. As people who work in the hospitality industry, we appreciate that level of care.”

From prenatal and pregnancy, to labor, birth and post-partum care, the NVRH Birth Center delivers.
