

NOTICE OF INTENT TO APPLY HERBICIDES

St. Lawrence & Atlantic Railroad will spray portions of its right-of-way for weed control. Spraying will be conducted by a Vermont-certified herbicide applicator no sooner than May 25, 2026, and will be limited to areas in accordance with its herbicide application permit from the Vermont Agency of Agriculture, Food & Markets.

Spraying will be conducted in the following towns in Vermont: Warren Gore, Norton, Morgan, Brighton, Brunswick, and Bloomfield.

The following herbicides will be applied in liquid form: Opensight, Patriot, Polaris AC and/or Roundup Pro Max.

Potable water sources near the right-of-way should be buffered from this herbicide application. Residents who have a potable water source near the right-of-way must notify St. Lawrence & Atlantic Railroad about the existence of the water source. Contact Christopher Fletcher, SLR Roadmaster: christopher.fletcher@gwrr.com; (802) 624-6184, 225 First Flight Drive, Suite 201, Auburn, ME 04210; or Wendy Shellito, Senior Scientist at Waite-Heindel Environmental Management: wshellito@waiteenv.com, (802) 860-9400 x103. For further information or complaints, contact the Vermont Department of Agriculture, Food & Markets; Division of Plant Industry, 116 State Street, Montpelier, VT; (802) 828-1732.
