IS IT TIME FOR A PERSONAL CHECKUP?

Just as your health needs an annual checkup, so does your insurance program. Although you may not be aware of it, your financial profile has probably changed over the past year(s). You may need to adjust your insurance coverage.

Following is a checklist for a "few" items you should consider. For a full copy of a checklist ... call or come in to our office for a copy.

- Do you own valuable jewelry or furs?
- Do you own costly sporting equipment or firearms?
- Do you have expensive camera or other photography equipment?
- Do you keep more than \$100 cash at home?
- Do you own tools, equipment or instruments used in your trade or profession?
- Do you operate an office in your home?
- Do you baby-sit in your home?
- Do you use a wood-burning stove?
- Do you routinely drive automobiles you do not own?
- Do you have rental coverage on your automobile insurance?
- Do you have disability income insurance?

These are just a few of the questions on a personal insurance checklist. If the answer to some, any or all of these questions is yes ... then you should talk to an agent at NFP INSURANCE to discuss the limitations in your present insurance. Don't be sorry if a loss occurs and then you find that your coverage is limited or non-existent. Call today!
