In the heart of St. Johnsbury's downtown, we've provided work and hunting apparel for men and women, and over the years have added a great selection of men and women's boots, sportswear, hiking equipment, and a line from Johnson Woolen Mills, as well as kayaks.

Owner David Caplan and manager Gary Ely are constantly changing selections of what's new and more efficient – and stocking the advertised brands their customers recognize and which set the standard for their industry.

This is a second-generation business that David Caplan and his proficient staff constantly strive to improve, through customer confidence and good selection of better-quality merchandise at prices people are comfortable with.

The Mayo's Difference...

It extends beyond the workplace!

Our employees are organizers, care-givers, nature lovers and loyal community members. We value our staff and encourage a work/life balance for everyone.

When Fred wanted to jump in the lake, others followed!

Both Nancy and Fred's families were touched by cancer. So what did they do? They organized events to raise money for research.

And everyone at Mayo's supported them.

When asked about his time outside the workplace, Craig's clear that family comes first. They are part of a group of seasonal campers at Sugar Ridge.

Why? "Because there is so much to do, so close to home."

Happy Home. Happy Work. Happy Customers.

Armstrong's

BETTER HEARING SERVICE, LTD.

**Celebrating
26
YEARS!**

Sandra Day & Diane LaRose

Isabelle Armstrong learned about hearing aids, how they worked, how they were serviced, and how to help people with hearing loss for a very personal reason: her mother had hearing loss, and being fitted with devices helped her a great deal.

Now retired, Armstrong, 83, is proud to see the business she opened still in her family's hands. Two of her daughters, Sandra Day and Diane LaRose, purchased the business 14 years ago and continue the personal service with the latest developments in technology available for those in need of hearing devices.

Armstrong's are hearing care professionals, who provide hearing counseling services and hearing aid sales. They offer a 90-day trial period, which is twice the time required by the State of Vermont.

"It has been very exciting to see the changes in hearing aid technology."

Redesign is still in its infancy but we have had a fabulous year so far!

As a stockist for the Original Chalk Paint® by Annie Sloan, we carry the full line of paints,

finishes, tools and accessories. Karen Matthews, the proprietor, and our store manager Alex Willey have both attended the master workshop in New Orleans.

Alex brings a fresh and exciting perspective to the ideas of 're-designing', sharing her knowledge in fun workshops.

This is by far the best way to DIY your furniture, cabinets, accessories, floors, walls, and more – all with minimal prep. Needing no priming or sanding, Chalk Paint® has excellent adhesion on a variety of surfaces, such as wood, metal, concrete, laminate. You can even paint fabric!

Unrivalled since 1990, Chalk Paint® is a non-toxic, water-based paint with superior coverage (~150 sq ft per quart) and easy clean-up. It is quick drying to an ultra-matte velvety finish. You can create washed, smooth, or textured finishes, even layer colors or distress for a vintage look.

Please visit our shop and take a peek at what we have 're-designed'. Sign up for a workshop and join the excitement! We have gift certificates and starter kits, great books and resources to get your creative juices flowing!

Let us help you fall in love with your home!

What a pleasant surprise to find ourselves in our 14th year of business! The expansion to the new space has been so exciting and we are buzzing with activity. It has been such fun this year to help clients pick colors for their walls and put a splash of color on the floor with a great area rug. Then coordinate the sofa and chairs with great durable fabrics that keep the 'children and pet fears' at bay.

We love what we do. And we love to help our clients love their homes by creating a warm and relaxed living space. And we even take some days off for ourselves – we've been known to sneak off and celebrate a 'Sunny Day'.

Give us a call. We'd love to meet you!

As one of the oldest businesses in Littleton, Hunkins & Eaton Insurance Agency has been providing insurance services for the North Country since 1880. Throughout our history, quite a lot has changed. As the area grew, we expanded our services to eventually include the entire North Country and Vermont areas.

How did we get to where we are today? In 1880, our firm was founded by Benjamin Corning, a local sheriff. In 1890, he was joined by Orrin Hunkins. Winton and Patricia Eastman purchased the business in 1957. In 1993, Gregory Eastman purchased the firm from his parents and has been running it ever since.

From the beginning, the greatest asset of Hunkins & Eaton Insurance Agency has been its employees. With a history of long-tenured, professional customer service representatives and agents, Hunkins & Eaton Insurance Agency has succeeded on the basis of professionalism, trust and honesty. As an independent Trusted Choice agency, we match our customer's requirements with the appropriate and competitive insurance product.

Hunkins & Eaton offers all lines of insurance including Automobile, Homeowners, Business, Life, Health. Stop in today or give us a call, our offices are open 8:00 AM to 4:30 PM Monday through Friday.

MOMS was founded in 1973 in Manchester, New Hampshire, and with nearly 45 years of outstanding sales and service, the MOMS brand is familiar to riders throughout New England and eastern Canada. That brand awareness makes MOMS North Country a destination for on and off road riders. MOMS of Lancaster is easily accessible by off-roaders and snowmobilers on area trails, and to motorcyclists in the touring area.

Along with the best product selection and service, MOMS is working closely with the area's trail associations and rider groups. They are providing riders with maps and information about the area's great riding opportunities and are promoting the area's shopping, lodging and dining.

The MOMS of Lancaster staff has over 100 years of cumulative service, and that means the team members know the residents, the attractions and the best riding in the area. The staff and management at MOMS of Lancaster invite you to stop in and see the new 2018 Polaris models in stock, and to meet the staff. MOMS is located right next door to McDonald's in Lancaster, New Hampshire.
