

House of Representatives

April 3, 2021

Coca-Cola Company
C/O Kevin Perry
Georgia Beverage Association
50 Hurt Plaza, Suite 935
Atlanta, GA 30303

Kevin,

For years the Georgia House Republican Caucus has celebrated the Coca-Cola Company as one of Georgia's most successful companies. We, as members, have enjoyed partnering with Coke to make Georgia the #1 State in which to do business and our relationship has been built on respect, transparency, and honesty.

Unfortunately, upon the passage of "Election Integrity Act of 2021", your company has made the conscious decision to perpetuate a national dialogue which seeks to intentionally mislead the citizens of Georgia and deepen a divide in our great State. We have the responsibility to all of Georgia to not engage in those misguided intentions nor continue to support corporations who choose to. SB 202 expands early voting opportunities, provides for a pathway to ensure shorter voting lines, secures the use of drop boxes which otherwise would be illegal, as well as several other provisions allowing all Georgians greater access to fast, secure and transparent elections.

Given Coke's choice to cave to the pressure of an out of control cancel culture, we respectfully request all Coca-Cola Company products be removed from our office suite immediately. Should Coke chose to read the bill, share its true intentions and accept their role in the dissemination of mistruths, we would welcome a conversation to rebuild a working relationship.

Regards,

House Members of Suite 612 CLOB

Rep. Victor Anderson
District 10

Rep. Matt Barton
District 5

Rep. Clint Crowe
District 110

Rep. Stan Gunter
District 8

Rep. Dewayne Hill
District 3
