**Online Poll**

How should the U.S. handle North Korea's nuclear threat?

- A. The U.S. needs to strike North Korea with major military might right now. Don't wait for other nations to lend support.
  - B. We need to stop subsidizing and focus on diplomacy and sanctions.
  - C. We need to put aside differences with China in hopes of double-teaming North Korea into submission
  - D. We need to wait until North Korea launches a nuclear missile, then world opinion will be favorable toward a swift, multi-nation military assault on North Korea.
