What Are The Top Three Priorities Of Your Campaign: I want to guide our school district in a new direction with Safe Schools, Better Vocational Training, American Focused Education,

What Differentiates You From Your Opponents: Pediatrics, Infectious Disease, and Epidemiology training taught me to deal with children and parents during a global pandemic like COVID 19. Fair and honest hiring and advancement practices must start while ending wasteful spending. We require discipline and not tolerate bullying. We need better use of cameras, locks, and inexpensive wand metal detectors. Schools must emphasize the Constitution and Civics. I want "God Bless America" sung. I was a professor who taught all levels of Anatomy & Physiology to Health Science and Dual Enrolled high school students at the College of Central Florida in Lecanto. We must stress DUAL ENROLLMENT not just Advanced Placement Exams. High school students need courses in construction and maritime trades. RELEASE TIME is necessary for students to attend outside Religion Classes. I will broker arrangements with corporations for Masters Degree Scholarships for teachers. Half my salary will go to Citrus Blessings.
