TOWN OF BETHANY BEACH
COMMUNITY BULLETIN

The Town of Bethany Beach will be flushing water lines Monday October 12th through Friday October 16th, 2026, from 7:00 a.m. to 3:00 p.m.

The Town flushes its water system twice a year – spring and fall. This is done to rid the system of any accumulated sediment so that the Town can provide you with the highest water quality possible and to ensure that fire hydrants are operating properly in case of a fire emergency.

While flushing is being performed you may find that your water is discolored. Your water should return to normal within a few hours. It is recommended that no laundry be done during the flushing periods to prevent discoloration.
