Invitation:

Hello General Jennings,

I'm writing on behalf of George Mason University (GMU) and its National Institute of Justice (NIJ) / National Center on Forensic National Association of Attorneys General, the American Society for Clinical Pathology, and the Montana Forensic Science Division.

We are co-hosting the 2023 Forensic Science Training Conference from August 8 - 11, 2023 at the GMU Science and Technology Center. We are hopeful that you will accept our invitation to moderate the opening panel and a breakout session to follow for prosecutors on the title is **"Working Together."** There will be a moderator and 3 other speakers on this panel including a medical examiner, a forensic pathologist, and a forensic toxicologist to discuss the importance of collaboration in dealing with complex forensic cases. Your background as a prosecutor and forensic scientist makes you a great addition to the panel if your schedule permits, and we will host a pre-panel with the call with the pre-flow, logistics etc. (AG's Ellison, Drummond and Miyares are participating on other panels for us, FYI)

The 2023 NIJ / NCF Forensic Science Training Conference will address the goals of the NIJ / NCF Grant listed below:

- * Provide medico-legal learning opportunities for medical students to train as deputy medical examiners/coroners in undeveloped areas;
- * Provide forensic science and legal training to prosecutors, judges, and law enforcement; and
- * Develop opportunities as appropriate amongst the designated partners to benefit current and future practitioners in the field.

The audience for the NIJ / NCF Conference will include new to mid-level medical examiners, prosecutors, judges, and law enforcement in the United States and will address medico-legal learning opportunities for medical students and forensic science training topics.

All expenses for your participation in this conference will be paid for by the NIJ grant. Please let me know at your earliest convenience if you have any questions. Thank you in advance for your consideration.

The reason I have been trying to reach Attorney General, Kathy Jennings is to ask for her assistance identifying and implementing a satisfactorily solution to address unethical (and possibly illegal) actions from DSHA associates. DSHA's Mortgage Relief Program applicants are being harmed and these applicants are comprised of individuals that have limited or no access to resources, are underserved, and those that are otherwise disenfranchised.

Please, help me in identifying a day and time that Kathy & I can talk via Zoom or Microsoft Teams, etc. I look forward to your response. Have a wonderful weekend!!

Best Regards,
Sam

About the Delaware Chapter of the Links, Inc.:

The Wilmington (DE) Chapter of The Links, Incorporated, was sponsored by the Philadelphia Chapter and was chartered on April 10, 1948, as the third chapter in the National organization of The Links, Incorporated. Twelve civic-minded women, already active in various other organizations, comprised the initial group.

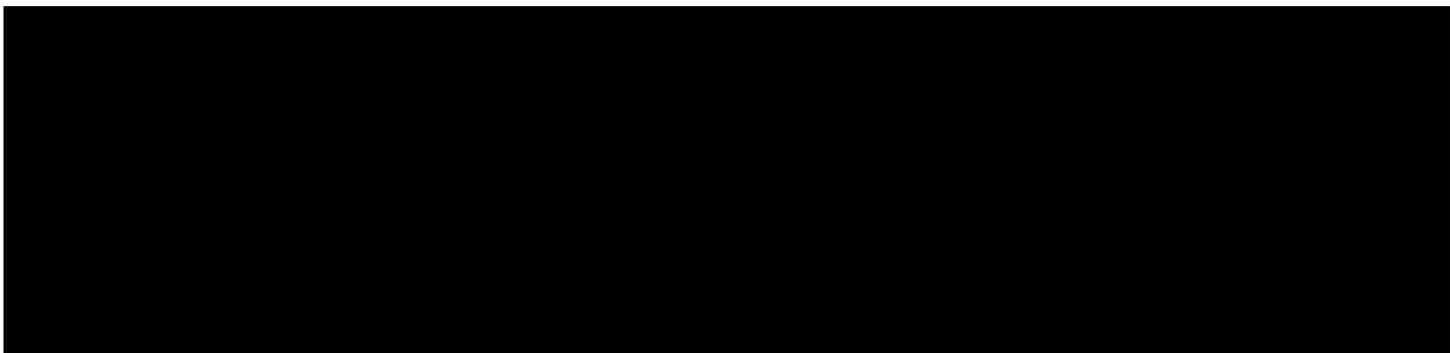

Poised to celebrate 75 years of friendship and service in Wilmington and its surrounding communities the Wilmington (DE) Chapter was the third chapter to join the national chain of civic-minded women of The Links, Incorporated.

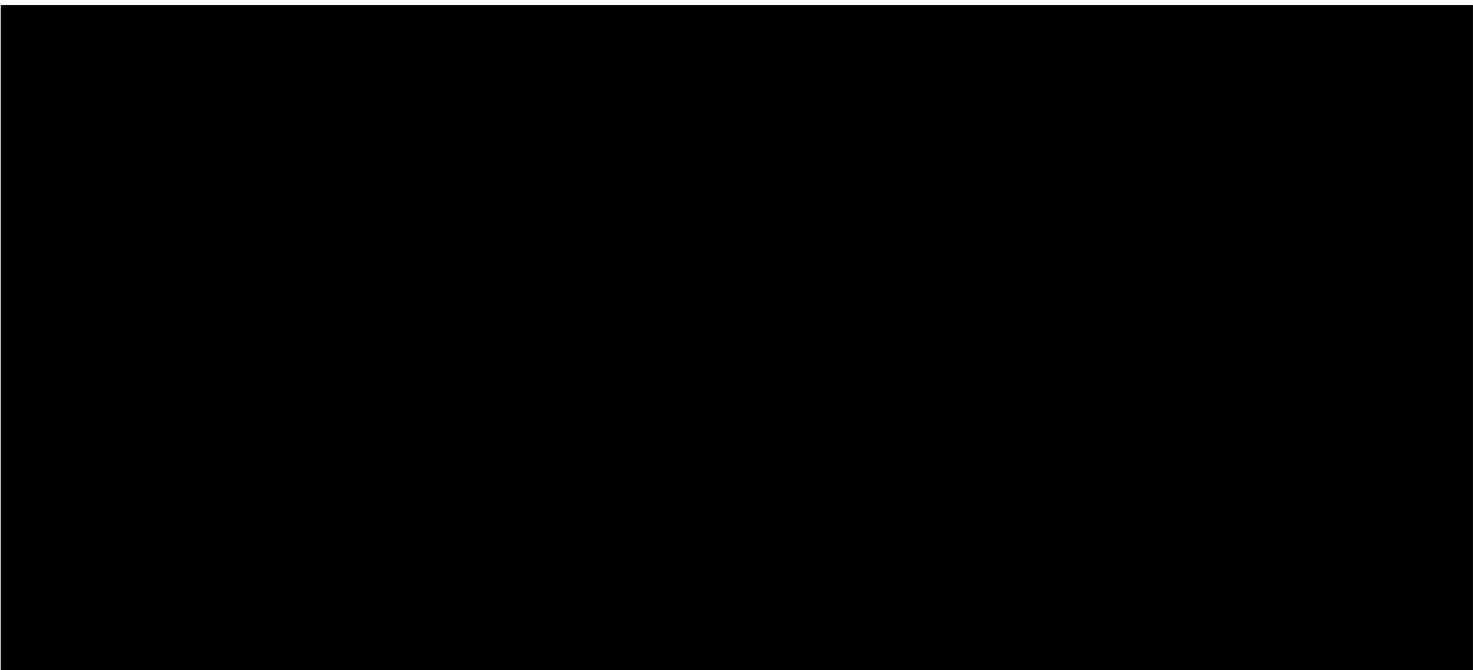

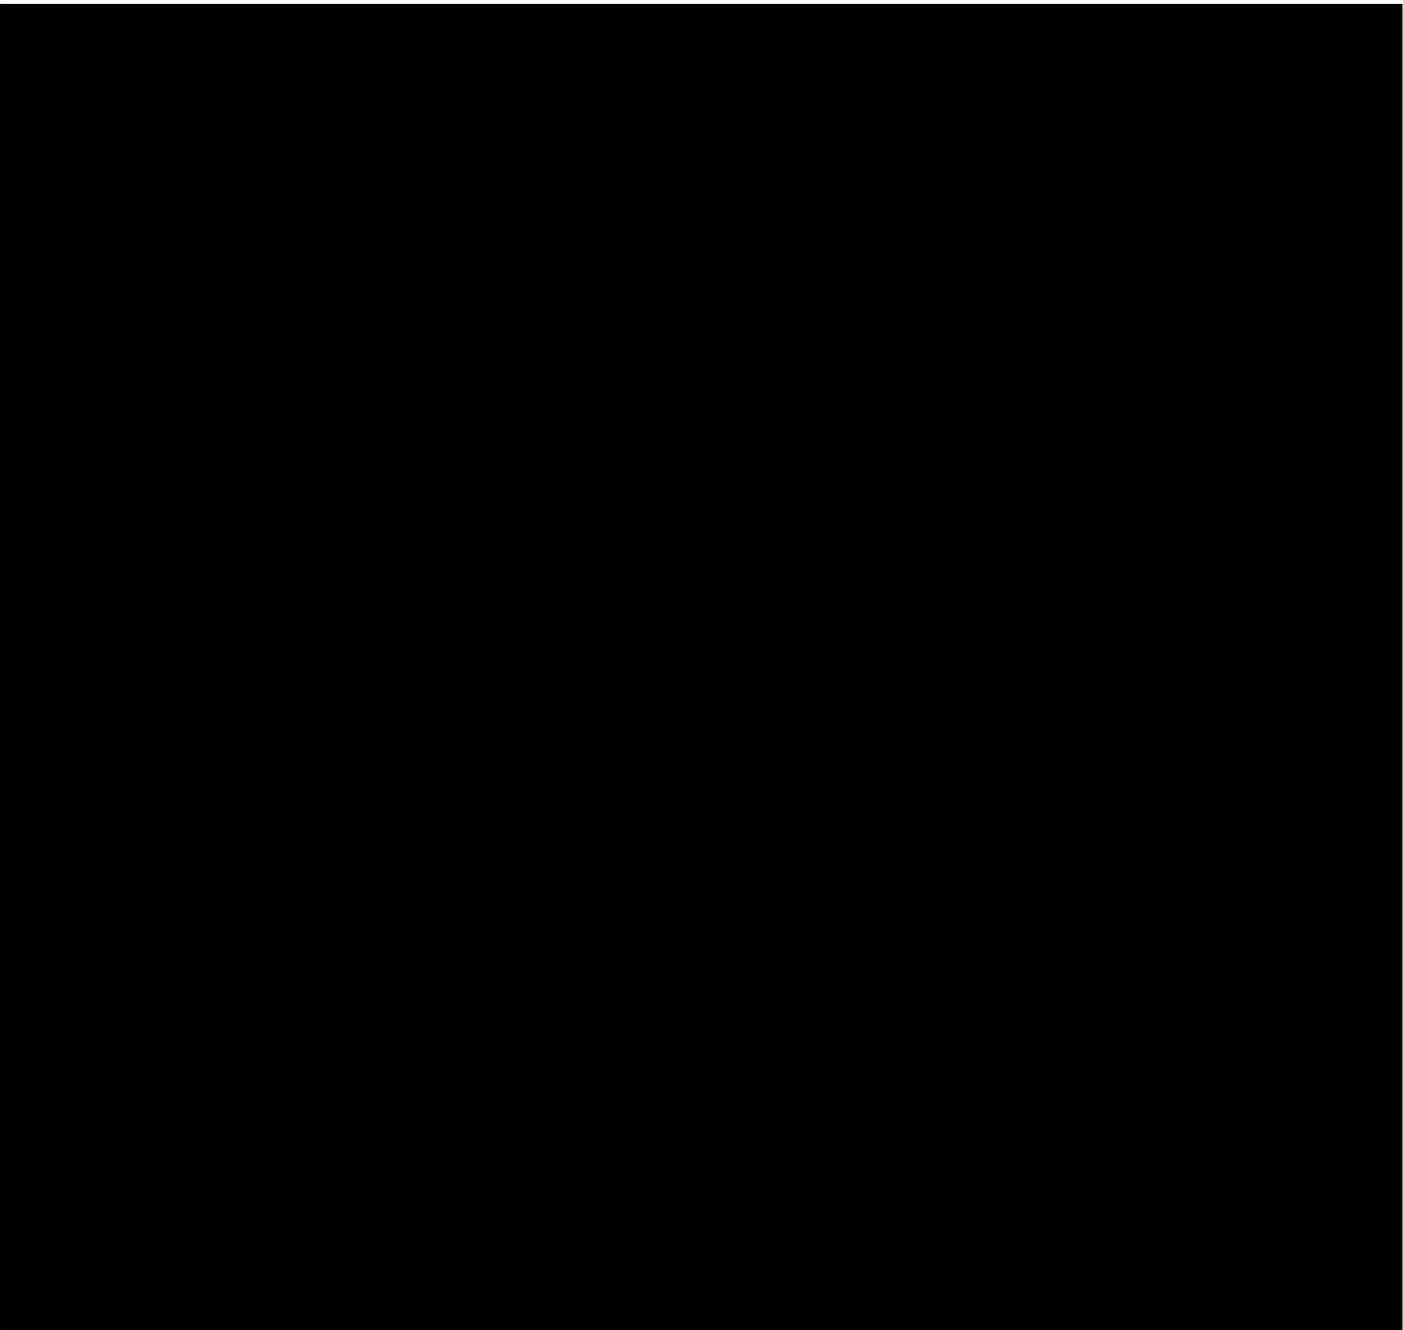

Since its inception, the Wilmington (DE) Chapter has been committed to serving the Wilmington community with thoughtful service and impactful programs with an eye toward enriching the quality of life for all residents. Through the years, the members have brought many firsts to the community including sponsorship of the Ebony Fashion Fair Show, presentation of the incomparable Duke Ellington in concert at The Playhouse Theater, sponsorship of projects for migrant workers, book awards, scholarships to college-bound students, presentation of African-American artists at the Delaware Art Museum and the Christina Cultural Arts Center, presentation of the Towels Sisters in a musical recital and fashion show, co-hosted a fundraising gala for the grand opening of the Nordstrom as Christiana Mall, Juleps and Jazz annual fundraiser that takes place on Derby Day, and was one of the first African-American women's organizations to join the Fund for Women (providing funding to programs for women and girls).

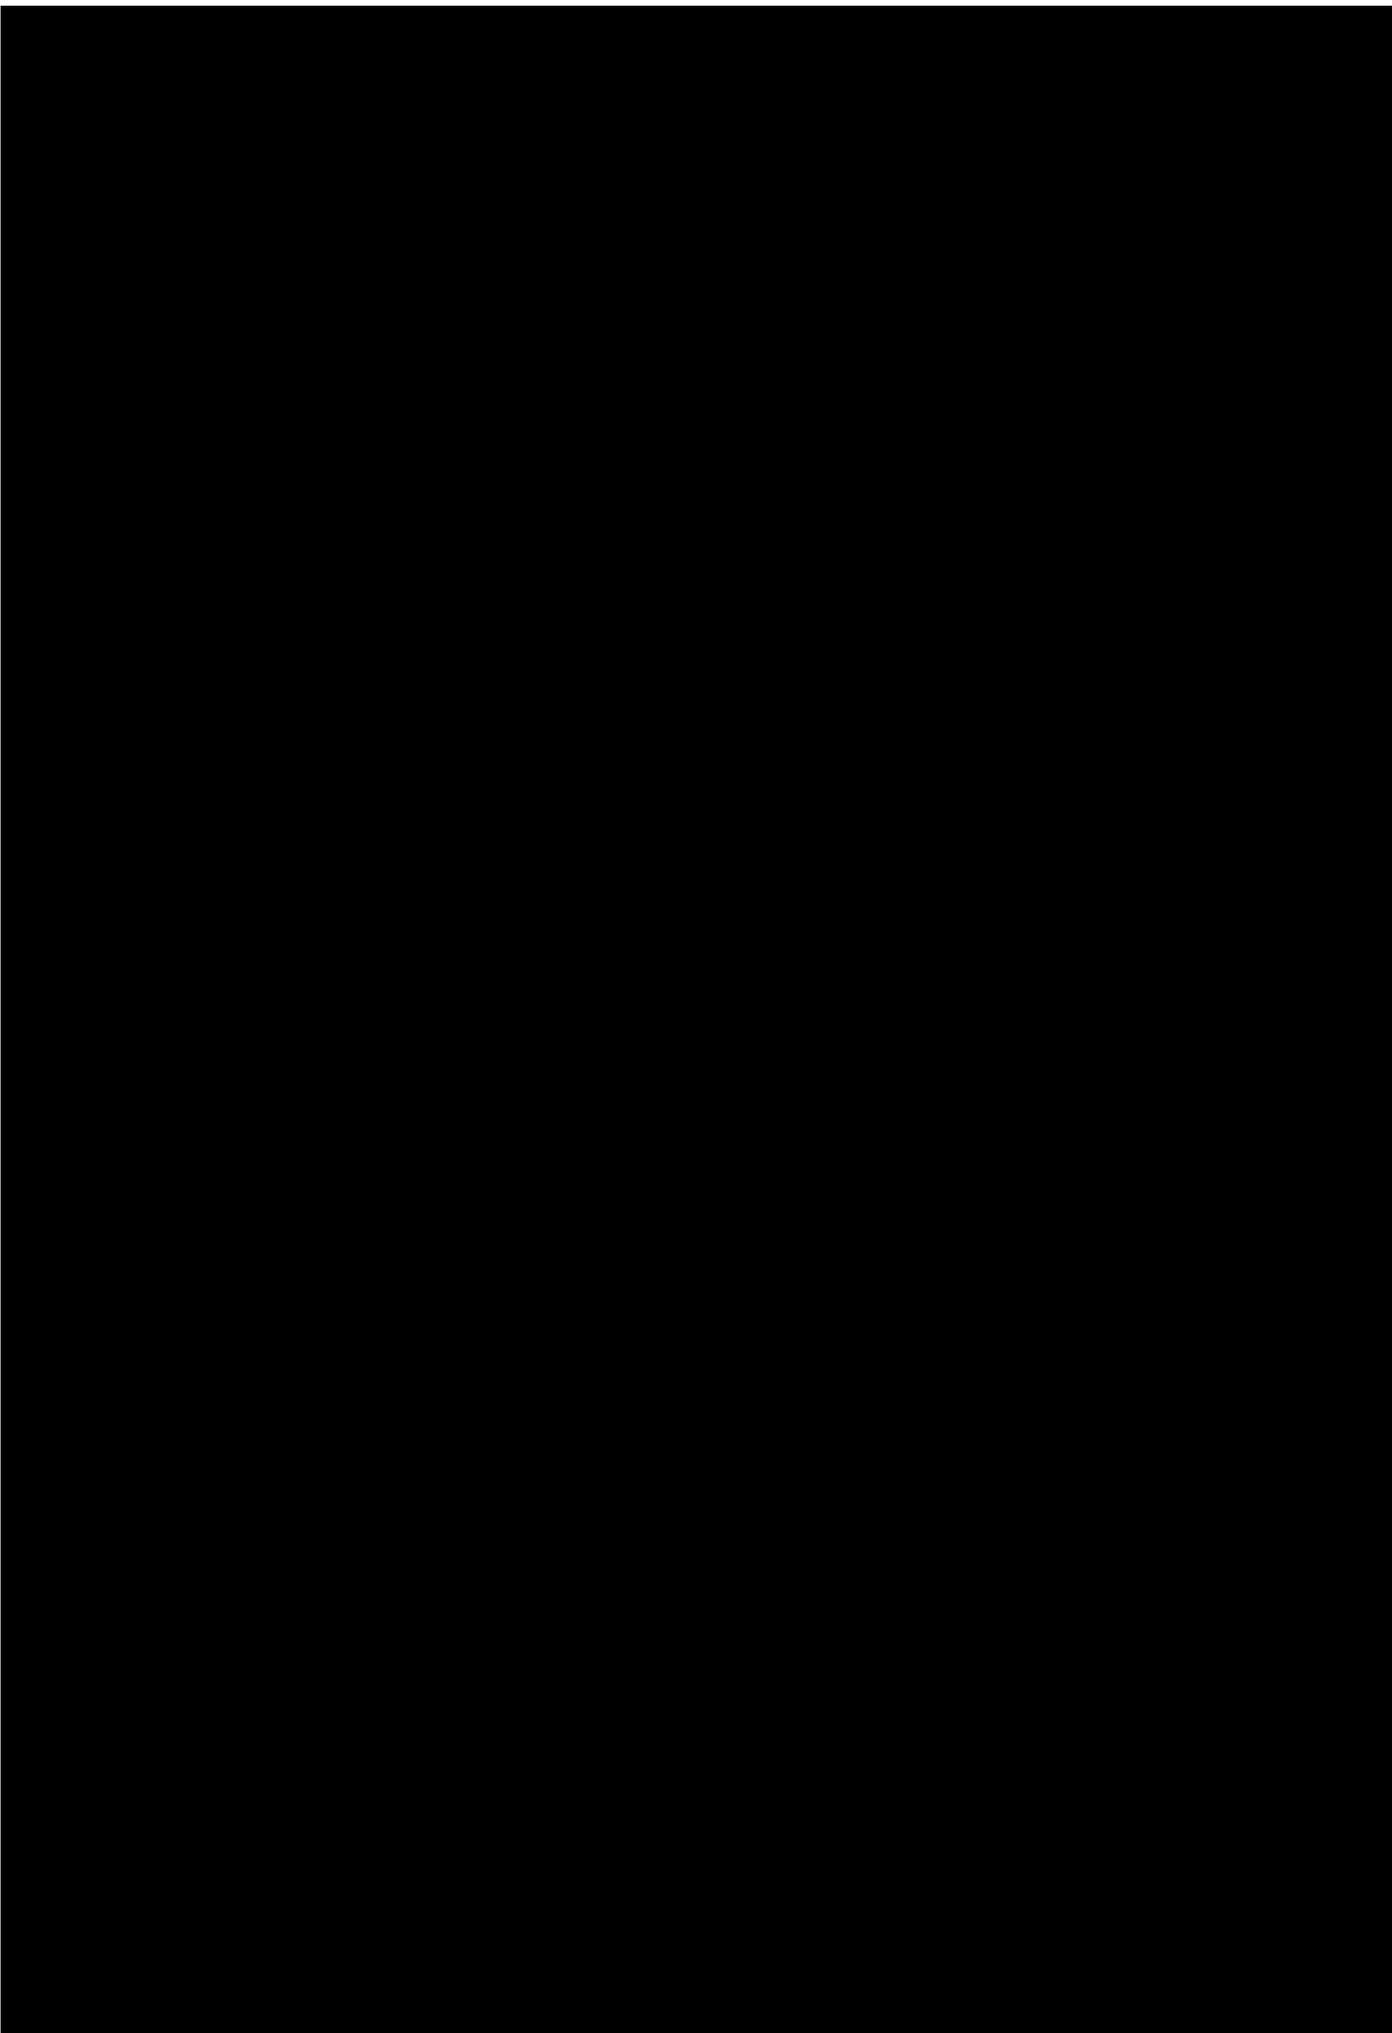

Over the years, under the umbrella of the five international facets—Services to Youth, The Arts, National Trends and Services, International Trends and Services and Health and Human Services—the chapter has donated educational supplies and finances to schools in South Africa, fostered cross-cultural communication by hosting local international students at luncheons, instituted a tutorial and checkers program (homework for 1 hour, checkers for 1 hour) which aided students in developing their math skills, established mentoring and support initiatives with Serviam Academy, Girls Inc. the Wilmington Senior Center GrandFamilies Program, and partners with Kappa Alpha Psi Fraternity, Inc. to mentor high school males in The Achievers Program. The programs are implemented through strategies such as public information and education, economic development, and public policy campaigns.

Today, the chapter boasts a membership of approximately 40 women under the dynamic leadership of Dr. Joan Coker and has been a leader in the education of and the fight against the spread of COVID-19. During this very critical time, the chapter has partnered with ChristianaCare to provide scholarships to HBCU Week and created the Dream, Believe, Achieve Scholarship, co-hosted a She Leads EmpowHER series event with the Dover (DE) Chapter of The Links, Incorporated—a meet and greet with members of the Delaware Assembly, hosted a Know Before You Go Webinar for voters, held Real Talk Vaccine Webinars, led vaccination initiatives, donated \$10,000 to Delaware State University, held food drives with the National Coalition of 100 Black Women, Inc., Omega Psi Phi Fraternity, Inc., and Congresswoman Lisa Blunt Rochester, continued its work with The Achievers Program and developed a mentoring program with the Teen Warehouse. This diverse group of talented women continues their legacy of service by providing transformational programming for the community in which we serve.

The Links, Incorporated is an international, not-for-profit corporation, established in 1946. The membership consists of more than 16,000 professional women of African descent in 292 chapters located in 41 states, the District of Columbia, the Commonwealth of the Bahamas, and the United Kingdom. It is one of the nation's oldest and largest volunteer service organizations of extraordinary women who are committed to enriching, sustaining and ensuring the culture and economic survival of African Americans and other persons of African ancestry.

About Leadership Council on Legal Diversity:

Founded in 2009, the Leadership Council On Legal Diversity is an organization of more than 400 corporate chief legal officers and law firm managing partners—the leadership of the profession—who have pledged themselves, through our Leaders at the Front initiative and other means, to creating a truly diverse U.S. legal profession. Our action programs are designed to attract, inspire, and nurture the talent in society and within our organizations, thereby helping a new and more diverse generation of attorneys ascend to positions of leadership. By producing tangible results in our institutions, we work to promote inclusiveness in our organizations, our circles of influence, and our society, with the ultimate goal of building a more equitable and diverse legal profession.

About the Democracy Project:

The Delaware Center for Civics Education promotes civic engagement and a better understanding of citizen responsibilities in a democratic society among young people through a series of education-based services and programs.

Its lead program is the summer Democracy Project Institute for Teachers. The goal of the Institute is to improve the teaching of civics in Delaware classrooms by working with individual teachers. Through the Institute, teachers have the opportunity to meet with many public figures and develop new and innovative lesson plans. Over the past 20 years, more than 300 teachers have participated.

Featuring:

New York Attorney General
Letitia James

Minnesota Attorney General
Keith Ellison

The IIP, in partnership with Arnold Ventures, is creating a formal network of state attorneys general to learn, discuss, and collaborate on how to conduct police oversight and accountability work.

Advisory Board:

- **Lisa Madigan**, *Former Attorney General of Illinois*
- **Peter Harvey**, *Former Attorney General of New Jersey*
- **Jill Habig**, *Founder & President, Public Rights Project*
- **Hassan Aden**, *Former Police Chief*
- **Chuck Wexler**, *Executive Director, Police Executive Research Forum*
- **Natashia Tidwell**, *Former Police Officer, Former Prosecutor, & Lead Monitor in Ferguson, MO*

Dear Attorney General Jennings,

I hope this message finds you well.

I am writing to extend an invitation to join a community of practice, organized by the [Institute for Innovation in Prosecution at John Jay College](#), that is focused on supporting state attorneys general as they engage in police oversight. The IIP is leading this effort — which is, to our knowledge, the only program of its kind in the country — in partnership with Arnold Ventures.

By bringing together attorneys general, policy experts, academics, community leaders, and other key stakeholders for a series of strategic convenings, we hope to lay the groundwork for state attorneys general to take a leadership role in the police accountability space. [The convenings will take place on March 22 \(virtual\), June 14-15 \(in New York City\), and October 18-19 \(in New York City\).](#)

Numerous leading figures in the field of police accountability are represented on the advisory board for this initiative, including Lynne Ross (former executive director of the National Association of Attorneys General), Lisa Madigan (former attorney general of Illinois), Peter Harvey (former attorney general of New Jersey), Jill Habig (founder and president of the Public Rights Project), Hassan Aden (former police chief), Chuck Wexler (executive director of the Police Executive Research Forum), and Natashia Tidwell (former police officer, former prosecutor, and lead monitor in Ferguson, Missouri).

The attached summary discusses in greater detail the structure of the program and the role of the individual members of our community of practice. We would be honored to add your voice to this critical conversation.

The deputy director of the IIP, Alissa Heydari, is happy to address any questions you may have. You can reach her at [REDACTED] if you'd like to speak, or are interested in joining the network.

Thank you and stay well,
Harry Breault, *on behalf of* the IIP Team

Call Rodger Levenson

Tue 11/29/2022 11:30 AM - 11:45 AM

Location: AG to call [REDACTED]

Purpose of Call: Addressing Gun Violence in West Center City is a large undertaking and should be informed by the feedback of residents and community members, rather than our office's outside perspective. Gauge Mr. Levenson's interest in either of the following and offer to set perimeters to ensure WSFS' comfort:

1. The DOJ can organize a meeting or listening session in West Center City for our office and (optional) WSFS to attend to hear directly from residents about their concerns/suggested solutions related to gun violence in West Center City.
2. The DOJ can organize an empowerment walk for WSFS team members to attend to directly connect with residents at their homes and hear from them about their needs as well as thoughts on addressing gun violence in their community.

■ NAAG Capital Forum: State Attorneys General and the Fight Against Corruption--Prep Session

Thu 12/1/2022 3:00 PM - 4:00 PM [🔗](#)

Location: [REDACTED]

The panel itself is from 9-10 AM on Thursday, Dec. 8; here is the description:

State Attorneys General and the Fight Against Corruption: Opportunities and Challenges

State attorneys general can play an important part in fighting corruption. That role can include filing civil or criminal charges against corrupt officials, partnering with other enforcers on task forces, and opining about appropriate statutes to address corrupt behavior. At the same time, some states have limited criminal jurisdiction and may not have the resources or in-house expertise to handle complex, white-collar investigations. Moreover, as elected officials themselves, attorneys general may face arguments that enforcement actions are politically motivated. This panel addresses both the opportunities and challenges for attorneys general who do this crucial work, particularly given recent Supreme Court cases suggesting that federal law leaves much public corruption to the states to rectify.

Moderator

Kathy Jennings, Delaware Attorney General

Panelists

Adi Goldstein, Chief Deputy Attorney General, Rhode Island Attorney General's Office

Matthew Platkin, New Jersey Attorney General

Mark Vargo, South Dakota Attorney General

My goals for next week's preparation session are to determine:

- The topics that AG Jennings, as moderator, will guide panelists AG Platkin, AG Vargo, and Adi to discuss.
- If edits should be made to the CLE outline to ensure it reflects the topics you will actually discuss.
- If anyone will use a PowerPoint. (I am happy to assist in creating one, if you'd like.)

Program:

Formal program will begin at 3:15 p.m. followed by tours and a reception.

Event Background:

The six-story FinTech building is a new addition to UD's STAR Campus. With a strong emphasis on collaboration space, the facility features an entrepreneurship center, incubator space for software development and much-needed workforce development for the Financial IT industry.

The Fintech Innovation Hub at the University's STAR Campus has been established to address inequities in access to affordable, safe, and high-quality financial services and the consequential inequities in access to credit, housing, health care and other life essentials. This will be accomplished through engaging and aligning an ecosystem of private, public and academic stakeholders – including incumbent and early-stage firms, the wider business community, state and local government, nonprofit intermediaries and universities.

About What is Your Voice

A Message from Jacqueline Sterbach, President and Founder:

Violence does not discriminate. I could not give back to myself or my children what I lost at the hands of domestic violence as a young mother. The hand of violence reaches through every generation until we learn how to stop it. My faith pulled me out from my despair and my voice became empowered. I realized that I could stand up and say I will make a difference; I can be the difference and I can stop the hand of violence and create hope for others instead.

We're celebrating our 7TH Anniversary as a public non-profit 501c3. In that time, we have fought hard against domestic violence, family violence, and teen dating violence. We have branded ourselves as a trailblazer in our mission to stop the cycle of violence against women and children within Sussex County and Delaware.

During the last year we have responded to over **12,000** texts and calls through our 24/7 helpline; we had **12,000** responses from our Peer Advocates and counselors; over **1,500** counseling sessions and intakes; educated and performed outreach to **800,000** individuals; maintained or set up **40** apartments and households; brought well-being and hope to more than **300** women and children.

We provide a holistic and person-centered approach: Body, Soul, and Spirit. It's through trauma-informed care, case management, educational classes and materials, group and individual sessions for survivors that they learn to seek out freedom and find their voice. We are fierce warriors for our survivors. We're empowering voices for today to empower the generations to come.

Event Background:

This year the NAACP celebrates 113 years of dedicated service and commitment to our communities. During the past 2½ years, our branch has remained active and engaged in fighting discrimination, promoting quality equitable education for all, and helping to support and uplift those in our community who have been impacted by the pandemic. This in-person event serves to reunite us not only physically, but in spirit as well with new resolve as we continue our work, and to recognize those who have done so much to advance justice, peace, and equity in our society. This year's theme is "Engagement is Empowerment." Our keynote speaker is *Delaware State Representative Sherry Dorsey Walker*.

Newark NAACP Officers:

Dr. Freeman Williams, President

Rev. Blaine Hackett, 1st Vice President

Richard Williams, Sr., 2nd Vice President
Susan Mitchell, Secretary
Glen Schmiesing, Assistant Secretary
Donna Jackson, Treasurer
Donna Shand, Assistant Treasurer

About Newark NAACP:

Newark Branch NAACP gives tribute to the former long-time members Jane and Lit Mitchell who re-activated the Branch in 1992. They taught us the meaning of "shall do, not may do", which places emphasis on "doing" the work of the Branch, which is a calling and is not optional.

The Newark Delaware Branch of the NAACP continues to be a voice for the greater Newark and New Castle communities in the struggle against injustice in housing, education, employment, mass incarceration and everywhere discrimination arises in the social, economic and environmental arenas.

The Branch has a long history representing the community against discrimination from the days when the Ku Klux Klan was a visible threat to more recent times when hatred and discrimination, once subtle, have come out of the shadows.

We are engaged in improving our education system, including advancing educational equity and fair treatment of children within our public schools and in higher education. We are currently working with the University of Delaware to encourage them to utilize a portion of the substantial funds that they from the State of Delaware to develop programs for low-income and minority student retention. The University should be directed to increase recruitment of low-income and minority students, particularly targeting Delaware students.

Our branch continues to expand our Youth Council membership, inviting all youth from birth through age 24 to be a new generation of voices against inequality and injustice. We are active in the preservation of the Black community in Newark and in their resistance to gentrification and the influx of student housing in historic black neighborhoods.

We are involved in the fight for environmental justice and disparities in citing sources of pollution in low income and minority communities for the protection of health and quality of life, including the efforts to protect the community from the noxious odors at Peninsula Compost, and the redevelopment of Cleveland Heights, now Alder Creek, to protect the community from contaminated land resulting from the site's former use as a municipal landfill and wastewater treatment plant.

We advocate for healthy and safe communities. The recent redevelopment of the Cleveland Heights public housing project into the new low income housing development Alder Creek raised a historic concern with the safety of the point of ingress/ egress on Cleveland Avenue. We advocated for pedestrian and bicycle safety measures on Cleveland Avenue to improve accessibility, reduce the potential for accidents, and encourage healthy outdoor exercise.

We opposed the use of foreclosure/mortgage settlement funds to balance the state budget and presented an alternative 10-point plan for the administration of these by the State of Delaware to provide direct assistance to those who were directly harmed by the foreclosure crisis.

We send delegations to the annual NAACP convention and participate in the policy-setting agenda for the national organization.

When the Voting Rights Act turned 50 we were proud to join our allies at the Delaware Alliance for Community Advancement, Common Cause of Delaware, and the Delaware Chapter of the Sierra Club in an event to celebrate this important legislation and to outline the challenges ahead to improve voting access.

Each year for more than a decade we adopt a family and this past year was no exception. Donations made to our Branch are matched by the Branch to the extent possible to make every dollar go further.

We have developed relationships and co-sponsored programs with The Coalition to Dismantle the New Jim Crow, The League of Women Voters of New Castle County, Network Delaware and the YWCA.

We invite you to become a part of our branch's history by becoming a member and participating in our efforts.

Sheriff David Decatur
Stafford County Sheriff's Department
1225 Courthouse Rd,
Stafford, VA 22554

Dear Sheriff Decatur,

I am shocked and grieved by the senseless terrorist attacks on Israel by the Hamas terrorist organization. The loss of innocent life and disregard for human rights is painfully tragic to see. I am writing to ask if you would join me in offering some help.

Many Americans are stepping up to offer support or humanitarian relief to innocent Israelis and Palestinians. In that spirit, my office is coordinating efforts to collect surplus body armor, protective gear, and tactical equipment from local law enforcement departments that want to help the Israel Defense Forces fight terrorism in Israel and Palestine.

While I'm aware that some police departments are stretched for resources, there are many departments that have expired equipment that are required to be donated or discarded. If you have excess law enforcement protective equipment, my office will collect them and ship it to the Israel Defense Forces.

During my trip to Israel earlier this year, I met women and men who serve in the Israel Defense Forces who are willing to give their lives to maintain peace in this region of the world. They are committed to democracy and the public safety of their land, and I am proud to stand with them during this difficult time. If you're interested in participating in this effort, please contact my office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason S. Miyares".

Good Afternoon—

AG Miyares from Virginia has asked that we share his recent efforts on behalf of Israel with you all in case any of you would like to join in similar efforts. He has embarked on a statewide effort in Virginia to collect surplus body armor, protective gear, and tactical equipment from Sheriffs' offices across the state to send to Israel. Specifically, the effort collects expired equipment which is required to be donated or discarded, which will then be forwarded by the AG's office to Israeli Defense Forces. Attached is a copy of the letter AG Miyares sent to his Sheriff's department's seeking expired equipment. Please reach out directly to AG Miyares and his office if you have any questions.

Thank you.

Patricia,

Given the rearranged speaker order after today's meeting, I'll go ahead and use slides after all. They're just visuals, almost exclusively photos.

As for a question or two, how about:

How realistic is it to hope for healing when Americans are so divided?
Given our political biases, are Americans even capable of deliberating together?

Hello,

We look forward to seeing you next week in Tucson at Miraval Resort!

Miraval Resort offers a menu of seasonal festivities, exclusive workshops, visiting authors, and more designed to challenge, improve, renew. As a guest, you have the opportunity to select from various wellness sessions during your stay. We note that you are not currently signed up for any of the included wellness sessions at Miraval Resort. Use the [online booking portal](#) and your confirmation number to access the wellness session sign up page.

Please note that the Networking Sessions listed on the agenda for **Thursday February 29th** from 2:00pm-6:00pm are intended to be a time for attendees to connect during Miraval's included wellness classes and activities. Classes do fill up quickly, so we suggest booking as soon as possible.

The 10-day weather forecast indicates a weather as warm as 80 degrees during the day and as cool as 55 in the evenings and early mornings. This is a high mountain desert hotel, so comfortable walking shoes will ensure easy movement among the rustic walkways and event venues. Hiking, walking and exercise opportunities abound, so athleisure wear and denim are encouraged. While the dress for meeting sessions is business casual, dinners and evening events will be resort casual.

Please be reminded that Miraval is a digital device-free resort which allows guests to participate in the Miraval experience free of distraction. Miraval asks that all guests use technology only in designated areas. More information can be found [here](#).

If you have any questions regarding our upcoming event, please do let me know.

Thank you,

Subject: Attorney General Alliance Cannabis Project

Dear General Jennings,

I hope this reaches you well. As you know, cannabis reform has created a host of challenges and opportunities for state governments, constituencies, and the rule of law. That is why the Attorney General Alliance (AGA) answered the call of our members to develop the Cannabis Project.

I would like to introduce you to Bruce Turcott and Austin Bernstein, our two in-house cannabis experts. Before the AGA, Bruce and Austin each advised and represented state agencies implementing adult-use cannabis programs with the Washington State and Colorado Attorney General's Offices, respectively. Today, they lead all things relevant to cannabis at AGA, including co-managing editors of the Cannabis Law Deskbook, a Thomson Reuters national treatise.

I'm excited to share that this spring AGA will be making Bruce and Austin available as direct resources. They will be out in the field visiting with, learning from, and consulting with AGA members.

We would like to extend an offer for Bruce to visit the Delaware Attorney General's Office to meet with a member of your team, to discuss the cannabis related issues happening in the State of Delaware. Bruce will be in the region on Wednesday March 15 and Thursday, March 16, 2023. If a member of your team is available for a visit with Bruce, we will coordinate the logistics with your designee.

We hope that Bruce and your team can engage in this collaboration.

Sincerely,

Karen White
