

## **TxDOT Brownwood District Rural TIP Virtual Meeting gets underway, public comment sought**

---

April 15, 2026

**BROWNWOOD** – The Texas Department of Transportation (TxDOT) Brownwood District is currently hosting an online virtual public meeting for the 2027–2030 Rural Transportation Improvement Program (RTIP). The Brownwood District includes Brown, Coleman, Comanche, Eastland, Lampasas, McCulloch, Mills, San Saba, and Stephens counties.

This virtual meeting is an opportunity to learn about and provide input on transportation projects that could be coming to your area over the next four years. Your feedback helps shape priorities that may eventually become part of the Statewide Transportation Improvement Program (STIP).

The RTIP includes both grouped and individually listed projects that are funded outside a Metropolitan Planning Organization (MPO) boundary, such as:

- Added capacity projects
- Regionally significant projects
- Safety and maintenance projects (including intersection improvements, sidewalks, turn lanes, and shoulder widening)

Many of these projects are eligible for federal funding.

To participate, simply visit [txdot.gov](https://www.txdot.gov) and search “Brownwood Rural TIP,” anytime now through Monday, April 27, 2026. Materials available included are a prerecorded presentation and project exhibits.

Members of the public are encouraged to submit comments on the proposed priorities. Comments are welcome and must be received by Monday, April 27, 2026, to be included in the official public meeting record.

Comments may be submitted by mail to:

TxDOT Brownwood District  
Attn: Rural TIP  
2495 Highway 183 North
