

HUNTERS FOR THE HUNGRY

2023

This deer season, hunters in Central Texas are being asked to consider donating a deer to help feed the hungry. By partnering with Coleman County Processing, LLC. and the Food Bank of West Central Texas, **Cornerstone Community Action Agency** (CCAA) is able to pay a reduced processing cost for deer donated to this program during bow, muzzleloader, and firearms season.

This program has been a great success in previous years, providing meals to Central Texas families in **Brown, Callahan, Coleman, Comanche, Eastland, Runnels, and McCulloch** counties. All it takes is to field dress the legally tagged deer and bring it to Coleman County Processing, LLC., in Coleman Texas.

CCAA will pay for the processing cost of the deer, and once completed, it will be donated to local food banks. It will then be distributed to families in our communities. Join us in making a difference by donating your deer today!
