

# Meet the UM curators and their partisan donations

Eight of the nine members of the UM System Board of Curators have donated to partisan causes **between 2012 and 2021**. Darryl Chatman was the only member without any donations. The Missourian analyzed and categorized their donations. For example, the “**clearly**” keyword means the recipient of the donation carries a party designation. “**Majority**” means the recipient aligns more with one party than the other.

The **darker blue bar** means Graham has donated \$53,800 to **clearly Democrat** recipients. The **darker red bar** means that Graves has donated \$43,933 to **clearly Republican** recipients.

The **lighter blue bar** means Brncic has donated \$8,448 to **majority Democrat** recipients. The **lighter red bar** means that Brncic has donated \$16,755 to **majority Republican** recipients.

Hoberock is on a separate scale due to large difference in dollars donated.
