

# RHT funding program will not offset cuts

Healthcare providers nationwide are also expected to lose about **\$1.4 trillion** in funding over the next decade. Missouri was awarded **\$216 million** for its first year in the five year Rural Health Transformation (RHT) Program. The program aims to strengthen the infrastructure of Rural health care across the country.

## RHT Funding

**\$50 billion** total federal investment over 5 years 2026 - 2030

**\$216 million** of the money will be distributed to Missouri.

## Cuts

**\$1.4 trillion** in projected losses over the next 10 years

Will be phased in starting in 2027, and continuing long-term

Projected outcomes, include increased uninsured patients and uncompensated care.
