

True/False Film Fest ticket sales increase for 2023

This year's True/False Film Fest saw a 36% increase in ticket sales from the 2022 festival. The number of tickets sold is not equal to the number of attendees because people can buy multiple tickets for different films. In 2021, the event was hybrid, with 7,450 in-person tickets and 2,050 online.
