

# Columbia begins new routes for curbside recycling pickup

On Monday, the city of Columbia will resume curbside recycling on an every-other-week basis. Households are divided between a **green diamond zone** and a **blue circle zone**. Households on trash routes in the green diamond zone will have curbside recycling again Monday, while those on routes in the blue circle zone will begin the week of Feb. 8. Recycling will be picked up on the household's regular trash pickup day.
