

Dear Editor,

I am writing to express my support for Blaine Joines for Jackson County Commissioner, Precinct 4. This county needs leadership that is thoughtful, accessible, and committed to serving the people.

Over the 30 plus years that I have known Blaine Joines and watched him grow in to the man he is today, he has consistently demonstrated a strong work ethic, integrity, and a genuine concern for the people. He understands the real issues facing our county and would be able to approach them with practical common-sense solutions.

What sets Blaine Joines apart is a willingness to listen and consider different perspectives before making decisions - something I believe is essential in this type of county leadership.

I encourage you to support him in this upcoming election because I am confident that Blaine Joines will serve Jackson County with honesty, transparency, and respect which are the same characteristics I have always seen and admired about him.

Sincerely,

Dean Hall
