

Curry County the epicenter of COVID surge

KNOX KERANEN

Curry County is in the midst of an unprecedented surge of COVID-19.

On Monday, the county reported more cases per capita than any other county in the state, according to data from the Oregon Health Authority.

The 136 cases occurring over the weekend and reported Monday also illustrated a sharp uptick from the previous Monday when 55 cases were reported. The surge has moved the county's running daily average for COVID-19 cases from 14 to 36. Additionally, from Friday to Sunday, the county saw a 20.4% test positivity rate. Since the beginning of the pandemic, there have been 1,148 cases and 13 deaths linked to the virus.

Ginny Williams, CEO of Curry Health Network, said the Delta variant seems to be hitting Southern Oregon especially hard

right now.

"Southern Oregon really is the new hotspot for us. It used to be the Portland metro area and Washington, but this variant has definitely migrated and taken hold down here," said Williams.

According to Williams, each person infected with the Delta variant can transmit the disease to eight additional individuals, whereas those infected with previous strains could only infect about two people. Meaning, the virus can spread more quickly and to a greater number of people.

"We are definitely testing more people, we are seeing a higher positivity rate, and we are seeing a younger population. We are continuing to see people seeking services in the emergency room," said Williams.

Despite the surge and backlogs at hospitals across the state, Williams said they are still able

Battling a labor shortage and a surge of COVID-19, local restaurants are finding it difficult to stay open.

Patty Parke and Cathy Quinton, owners of Blue Water Cafe and Lounge in Brookings, recently closed down their 14-year-old restaurant temporarily because several of their staff members contracted COVID-19 — it was their fourth time closing since the beginning of the pandemic.

"We had everybody tested and since we had more than one case, we called the health department and closed the restaurant for

Bike the Rogue returning September 11

THE PILOT

The 11th annual Rotary Bike the Rogue bicycling event will take place Saturday, September 11, in Gold Beach. This spectacular scenic event offers cyclists low traffic routes, along with good weather, great food and SAG support.

Riders have their choice of

two different routes through this wild and remote southwestern corner of Oregon: 23 miles/1,100 vertical feet (\$30.00), and 38 miles/2,000 vertical feet (\$40.00). Both rides follow the banks of the mighty Rogue River, and cross three bridges. The 38-mile ride finishes along the Pacific Ocean, with panoramic views of beaches, sea stacks and

rugged coastline. A continental breakfast for all registered riders will be provided at the start to kick off the event. Well-stocked rest stations will be positioned every 7-15 miles along the route, and there will be a cold Arch Rock beer waiting for thirsty bikers at the end of their ride. Each paid rider will receive \$5 voucher toward a wood-fired piz-

za from the Wandering Pizzaioli food truck in Buffington Park at the end of event. Riders will also receive a \$5 voucher off the entry fee to the Turtle Rock Music Festival which will be taking place in Gold Beach the same afternoon/evening as Bike the Rogue.

Wildfire conditions worsen amid drought

HILARY DORSEY

Fire officials discussed Oregon's ongoing wildfire season, fire prevention and preparedness in a briefing Thursday. Leaders expressed concern of fire danger in relation to the high temperatures and drought conditions throughout the state.

Nancy Hirsch, state forester for ODF, said fire conditions continue to worsen from drought and high temperatures.

Five major complexes resulted in last week's lightning, with a total of 100 fires. One single spark can start a fire that can spread quickly. Firefighters are challenged to continue with the pace of this fire season.

"We can't control the weather or fire starts from lightning," Hirsch said, "We can and we must prevent how many human-caused fires we add to the landscape."

ODF's Chief of Fire Protection Doug Grafe said this is a difficult fire season with a tough forecast of triple digit temperatures across much of the state this week.

"We have, along with the challenging temperatures, likelihood of lightning," Grafe said. "That's a difficult forecast for us with lower humidity on top of the ongoing drought."

Lightning has contributed to many fire starts, including the Skyline Ridge Complex near Canyonville and the Middle Fork Complex near Oakridge.

Oregon Fire Marshal Mariana Ruiz-Temple said there is a large amount of fire across all lands.

"We as the general public are probably the number one helper in this," Ruiz-Temple said. "We have a role."

Andrew Phelps, director of the Oregon Office of Emergency Management, said every Oregonian was in some way impacted by last year's fire season, whether they were evacuated or experienced poor air quality from smoke.

"We need to use these experiences of our past emergen-

to transfer patients in-need of intensive care from Curry General Hospital to ICUs without much delay, and there are still a few available beds at the hospital. Additionally, the health network has not yet had to activate its surge plan, which would pull nurses from other settings, including outpatient care, to treat COVID patients.

However, Williams warned the situation may get worse, as state health officials are expecting the peak of the current surge to arrive sometime in September.

Last week, Gov. Kate Brown announced the state would be deploying up to 1,500 National Guard members on August 20 to assist at hospitals overwhelmed with COVID-19 patients.

According to the announcement, 500 National Guard members will be sent to more than 20 hospitals in Oregon to provide logistical support as materials handlers and equipment runners, as well as assisting with COVID-19

testing and other services. The same day, Brown also renewed a statewide mask mandate for indoor public spaces.

Williams said the health network applied to bring in some of those National Guard members to assist at Curry General, and while they cannot provide advanced medical care, she said they could use the extra support.

“They can definitely help us with patient-sitting, they can help us with screening, they can help us with testing, they can help us with vaccines, so there’s a lot they can do,” said Williams.

To help curb the spread of the virus and ease the burden on health care workers, Williams urged the public to do their part.

“We need to mask up and we need to distance. You need to wash your hands, and you need to be vaccinated if you haven’t been. I really do believe that is the public’s number one safeguard against this. We’ve slowed this down before and we could do it again, but it’s going to take a concerted effort,” she said.

During the surge, St. Timothy’s Episcopal

Church in Brookings has been offering free COVID-19 testing and vaccines out of the church’s basement. On Monday, about 20 people were gathered on the lawn outside — either waiting for a shot or a test result.

Guadalupe Calderón, an employee at South Coast Lumber Co., was one of many waiting for a test result. Calderón said he took a test because he was beginning to experience mild symptoms of COVID-19, and he wanted to know for sure.

Earlier this month, South Coast Lumber Co. temporarily shut down, partially due to high-rates of COVID-19 among employees.

Although, if Calderón tested positive, he said he was unlikely to have contracted it from the mill because he works alone for the most part.

So far, 49.5% of Curry residents were fully vaccinated and an additional 7.6% had received at least one dose. The county is administering about 30 doses of vaccine per day, a steep decline from April when the county was giving out more than 300 shots per day. Curry’s vaccination

rate is ranked 20th of the 36 counties in Oregon.

Recently, the Centers for Disease Control recommended COVID-19 booster shots for immunocompromised individuals, including those who have received chemotherapy, an organ transplant, or have an immunodeficiency.

Those wanting a COVID-19 test or vaccine can call the Curry Health Network at 541-412-2000 to schedule an appointment.

Additionally, the Coast Community Health center in Port Orford is hosting COVID-19 testing from 1:30-4:30 p.m. and vaccines from 8:20-11:40 a.m. St. Timothy’s Episcopal Church in Brookings is hosting COVID-19 testing from 12-3 p.m. Monday-Saturday and giving out vaccinations from 1-3 p.m. Wednesday and Saturday. When wildfire keeps coming back

By CHAR MILLER

Poor Butte County, California, is again on fire, its smoke choking the air of states miles away. Nestled in the Northern Sierras, Butte County is home to Chico State University, Sierra Nevada Brewing Co., and portions of two national forests. Almost half its 220,000 residents live in metro Chico. Over the past four years, the county has now become known for the wildfires that keep coming back. This summer, the Dixie Fire torched more than 559,000 acres of pine, cedar and fir, 1,000 homes and pushed deep into neighboring Plumas County. Last year, the lightning-ignited Bear Fire merged with others to become the 318,000-acre North Complex fire. It killed 16, injured 100 and burned up several towns.

In 2018, the 150,000-acre Camp Fire proved a holocaust: 85 people died, the town of Paradise famously was engulfed in flames, and more than 18,000 structures burned. It was the deadliest and most destructive inferno in California history.

Unfortunately, these almost-annual fires in Butte County have become part of the larger pattern across the 21st-century West. A new wrinkle is that these three fires even re-burned some acreage burned earlier. And it will happen again.

That’s one of the takeaways from the recent report of the Intergovernmental Panel on Climate Change, containing some of the most-dire warnings this UN organization has ever issued.

By century’s end, the planet may have warmed by 5.4 degrees Fahrenheit. A hotter Earth will trigger “progressively serious, centuries’ long and, in some cases, irreversible consequences.”

Wildland wildfire is a lead indicator. By now, every Westerner knows that our climate-driven drought, when combined with skyrocketing temperatures (Portland hit 113 degrees in June), has extended fire seasons and accelerated fire intensity. The UN’s Climate Change report adds that these factors may double the potential burnable areas.

Butte County’s harrowing experience underscores this prediction. To date, the National Interagency Fire Center reports more than 39,590 fires nationally have burned 3.7 million acres. Of the 108 major fires burning in mid-August, Montana led the pack with 25, Idaho had 21, Oregon and Washington each had 14, and California had 11.

The expansiveness of these wildfires is also evident in their smoke plumes. Particulate matter from the 410,000-acre Bootleg Fire, still chewing through Oregon’s Fremont-Winema National Forest, first spilled into western Washington, Nevada, Idaho and Montana, producing some of the nation’s worst air quality index

readings.

It then wafted east to darken New England’s skies before drifting over Europe. Western fires have a very long reach. Their extent will soon be amplified. The remarkably hot and dry conditions, from the Rockies to the Cascades, sucked moisture out of the soil and desiccated chaparral and sage, pine, oak and fir.

As in the past, California may suffer the most damage; traditionally its mega-blazes erupt between August and November. Yet that tradition has been badly singed: Significant fires now ignite every month of the year.

Since January 2021, more than 6,272 fires have burned 917,000 acres in California. Climate change is causing these earlier burns, according to CAL FIRE, the state’s firefighting agency: “Warmer spring and summer temperatures, reduced snowpack, and earlier spring snowmelt create longer and more intense dry seasons that increase moisture stress on vegetation and make forests more susceptible to severe wildfire.” These factors have increased the Sierras’ fire season by 75 days.

There are no easy fixes to this crisis exacerbated by human-caused climate change. But there are three interventions we can put into effect right now:

- Accelerate the careful reinsertion of fire into the landscape, as Indigenous fire managers have long practiced. It brings significant cultural, ecological and forest benefits.

- Radically reduce greenhouse gas emissions wherever possible. Over time, this should moderate some of their generative impact on Western wildfires.

- Enact rigorous limitations on new housing in fire zones. States with sprawling foothill and canyon developments would do well to copy California, which this spring took part in a lawsuit challenging the construction of a massive subdivision. The houses are slated for a High Severity Fire Zone in frequently burned Lake County.

Whatever the effectiveness of these and other strategies, the Intergovernmental Panel on Climate Change is clear about the consequences of continued inaction. The rising generation will shoulder the heavy costs resulting from our indecision.

As the UN’s Intergovernmental Panel put it baldly, “Life on Earth can recover from a drastic climate shift by evolving into new species and creating new ecosystems. Humans cannot.”

Misinformation from the City Council

Brookings City Manager Janell Howard is spreading misinformation about COVID. At the recent city council meeting, she made several comments about the COVID tests given at St. Timothy's as not 'real' tests. This puts her in the same league as Ron DeSantis, governor of Florida and Greg Abbott, governor of Texas, states where people are dying because of their misinformation.

Ms. Howard is wrong. St. Timothy's is virtually the only source of a COVID test in Brookings and it is very 'real' and certified. St. Tim's also offers all three versions of the COVID vaccine and something else you will not find at city hall these days, compassion and very real help. Where are the city postings about how to stay safe during this time when the COVID numbers in Brookings are soaring? Why have the county health services failed? The city and the county are both failures while St. Tim's is saving the day. Tell me again why the city of Brookings is trying to shut down St. Timothy's.

America's nightmare

The 2020 election mistake has turned into a nightmare. It took President Trump three years to establish the United States as energy independent. It only took Biden four months to increase gas prices 100 percent and make us once again dependent on OPEC.

Too much money chasing too few goods causes inflation. It only took Biden six months to send inflation surging. His obsession with printing more money will only make inflation rage to heights not seen since the 1970s.

Biden’s support of the Democrats ‘defund the police,’ ‘demonize the police’ and ‘eliminate the police’ has sparked the greatest increase of violent crime our county has ever seen.

President Trump solved illegal immigration at our Southern border. Stay in Mexico, rapid asylum judgements, Title 42 evictions and building the wall had the entire situation under control. No caravans and no surges. It took Biden’s encouragement to ‘come’ and ‘surge’ the border ‘one month to bring about the greatest human tragedy our Southern border has ever seen. Thousands of children are being pulled from their parents arms by the cartels to follow Biden’s

‘children won’t be sent back’ policy. A Democratic orchestrated invasion. And now we learn Biden is shipping COVID positive illegals all around the county causing the biggest ‘super spreader’ event in COVID history.

If Biden’s domestic disasters aren’t enough, there’s Afghanistan. President Trump maintained control of the country with just 2,500 troops while trying to come to some agreement with the Taliban for dual government rule. Biden wasted those efforts and has allowed the Taliban to take over the entire county in just weeks using millions of dollars of American military weaponry. The coming bloodbath belongs to Biden.

In seven short months Biden and his administration have become this country’s greatest nightmare of all time.

Take a law class

Get off your high horse. A few years back our now convicted felon, former sheriff issued a proclamation letter to the media proclaiming that he would not enforce a non-existing law that would require him to take away our citizen's guns.

Now our Curry County Board of Commissioners proclaims that it will not enforce non-existing COVID lockdown restrictions. Both of these arguments were based on their decision of how they are interpreting the enforcement of our U.S. Constitutional rights.

These rights and the manner in which laws may be enforced are only to be determined by the courts, ultimately the Supreme Court, not small county sheriffs and commissioners. This political grandstanding is a big waste of time. Take a law class.

Kevin Vanginderen
Brookings

The tide is changing

With rising inflation, increased crime in Democrat controlled cities, the fall of Afghanistan, the oversell of Critical Race Theory and continuing COVID lockdowns, the Democrats appear to be in disarray. President Biden cannot seem to find the door to the White House without help from secret service. He appears destined to be a one-term president.

Governor Newsome of California appears to be losing in his recall to conservative talk show host Larry Elder. Governor

Cuomo of New York resigned. Mayor Bill de Blasio of New York will apparently be replaced by a law and order ex-policeman. Many believe Republicans will take the house in 2022. Republicans could take the White House in 2024. Political momentum appears to be changing.

Thank you for your support

On Sunday, Aug. 1, the free Billy Joel/Elton John tribute concert at Brookings’ Azalea Park was a big hit, drawing nearly 1,100 music fans. Afterward, one of those fans asked us a good question: “How did we get so lucky? A professional Vegas band! A Grammy nominated, mind blowing, amazing band! How is this free?”

The answer is: Audience donations and sponsorships.

The unprecedented generosity of our amazing audiences and our community sponsors allows us to bring to Brookings a higher caliber of musical artists typically reserved for larger, distant cities. Every single penny of the funds we receive goes to the artists, our sound technician and for promotion.

The volunteer board of the AMF’s Summer Concerts Series is humbled by the tremendous financial support this year. Despite the pandemic, social unrest and economic uncertainty, our budget for the series is the highest it’s ever been. Our audience numbers are hitting record highs. Nearly 30 percent of the people attending concerts travel here from outside Curry County, with some traveling from other states. This definitely has a positive impact on our local economy and our local businesses.

We have this message to all of our supporters: We believe that we have an awesome concert series and your continued and increasing generosity confirms it. We still have four more fantastic shows scheduled this summer, and your donations and sponsorships will not only help AMF cover our costs this year, but guarantee that the 2022 summer concert series will be even more AWESOME!

Thank you for your support. We couldn’t do this without you.

NOTICE OF PUBLIC HEARING DEL NORTE COUNTY PLANNING COMMISSION

NOTICE IS HEREBY GIVEN that the Planning Commission of the County of Del Norte will hold a public hearing to consider the requests listed below. All persons are invited to appear and be heard. Comments may be submitted in writing at, or prior to, the hearing. Those wishing to be notified of the final action must submit a written request. Appeals must be filed with the Clerk of the Board of Supervisors by September 14, 2021. If you challenge the decision of the Planning Commission in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the Planning Commission at, or prior to, the public hearing. The following project(s) are located within the California Coastal Zone:

DATE OF HEARING: September 1, 2021
TIME OF HEARING: 6:00 p.m.
PLACE OF HEARING: **VIA Zoom (media.del-norte.ca.us)**

*** Minor Subdivision of a Parcel into 2 Parcels and a Remainder. The parcel is zoned RRA- 1-MFH (Rural Residential & Agriculture one- acre minimum lot size and Manufactured Housing Combining District); the General Plan land use designation is UR-2/1 (Urban Residential two dwelling units per acre). The project involves the division of a ±3.26-acre parcel into two new parcels and a remainder located on Lazy Lane, off of Old Mill Road. The parcel is currently developed with one single family residence. As a result of the division all parcels would meet the applicable minimum lot size standards. A wetland buffer will be applied to the east portion of proposed parcels 1 and 2. Existing and proposed locations for all onsite wastewater treatment systems and individual wells have been evaluated and determined to comply with current standards. MS2101C - APN 116-040-044 located at 220 Lazy Lane, Crescent City, CA. *** Coastal Development Permit for a Culvert Replacement on U.S. Highway 101 at Milepost 42.1 in Smith River. The permit is after-the-fact as the culvert was replaced in early summer 2021 under an emergency determination due to the condition of the road and the need for public safety. The winter and spring rains caused a sink in the roadway above the culvert caused damage to the roadway, culvert and guardrail. Caltrans replaced the 36-inch by 57-foot culvert with a 36-inch by 60-foot culvert using the cut and cover method. They reconstructed the roadway and embankments, placed rock slope protection on the embankments for stabilization, placed rock slope protection at the outlet as an energy dissipator, and replaced the guardrail above the culvert. Best Management Practices were in place during construction to ensure minimal impacts to biological resources per a Biological Memo prepared for the project. B36535C - U.S. Highway 101, located at Post-mile Marker 42.0, Smith River.

On July 27, 2021, I, Barbara M. Lopez, Del Norte County Tax Collector, was directed to conduct a sealed bid sale by the Board of Supervisors of Del Norte County, California. The tax defaulted properties listed below are subject to the tax collector's power of sell and have been approved for sale by a resolution, dated 07/27/2021, of the Del Norte County Board of Supervisors. I will publicly open the sealed bids submitted and sell the properties at 10:00 AM on Monday, September 27, 2021 in Suite 150, at 981 H Street, Crescent City, CA 95531. Each property will be sold to the highest bidder among the qualified bidders for not less than the minimum bid as shown on this notice. Transfer taxes will be added to and collected with the purchase price. The right of redemption will cease on Friday, September 24, 2021 at 5:00 PM, and properties not redeemed will be offered for sale. If the parcel is not sold, the right of redemption will revive and continue up to the close of business on the last business day prior to the commencement of the next scheduled tax sale. The right of redemption will revive for any property purchased, if payment in full is not received by the close of business on the date specified by the tax collector. If the properties are sold, parties of interest as defined in California Revenue and Taxation Code section 4675, have a right to file a claim with the county for any excess proceeds from the sale. Excess proceeds are the amount of the highest bid in excess of the liens and costs of the sale that are required to be paid from the sale proceeds. Notice will be given to parties of interest, pursuant to California Revenue and Taxation Code section 3692(e), if excess proceeds result from the sale. Additional information may be obtained by visiting the Tax Collector's website at www.co.del-norte.ca.us, by contacting the tax collector at 981 H Street, Suite 150, Crescent City, California or calling (707) 464-7283. **ASSESSMENT NUMBERING SYSTEM EXPLANATION:** The Assessor's Parcel Number (APN), when used to describe property in this list, refers to the assessor's map book, the map page, the block on the map (if applicable), and the individual parcel on the map page or in the block. The assessor's maps and further explanation of the parcel numbering system are available in the assessor's office. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 800- 280-2832 for information

regarding the trustee's sale or visit this internet website http://www.qualityloan.com, using the file number assigned to this foreclosure by the Trustee: CA-19- 873491-AB. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the internet website. The best way to verify postponement information is to attend the scheduled sale. **NOTICE TO TENANT:** You may have a right to purchase this property after the trustee auction pursuant to Section 2924m of the California Civil Code. If you are an "eligible tenant buyer," you can purchase the property if you match the last and highest bid placed at the trustee auction. If you are an "eligible bidder," you may be able to purchase the property if you exceed the last and highest bid placed at the trustee auction. There are three steps to exercising this right of purchase. First, 48 hours after the date of the trustee sale, you can call 800-280- 2832, or visit this internet website http://www.qualityloan.com, using the file number assigned to this foreclosure by the Trustee: CA-19-873491-AB to find the date on which the trustee's sale was held, the amount of the last and highest bid, and the address of the trustee. Second, you must send a written notice of intent to place a bid so that the trustee receives it no more than 15 days after the trustee's sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. Third, you must submit a bid so that the trustee receives it no more than 45 days after the trustee's sale. If you think you may qualify as an "eligible tenant buyer" or "eligible bidder," you should consider contacting an attorney or appropriate real estate professional immediately for advice regarding this potential right to purchase. Obituaries

Robert (Bob) Thain May 27, 1936 – August 2, 2021

Robert (Bob) Thain passed away peacefully Monday, August 2, 2021 at age 85 following a brief illness. He was born in Portland, OR on May 27, 1936 to Robert & Thelma. The family moved to a ranch in Walnut Creek, CA a few years later and so began his lifelong “Western Way of Life”. He grew up around horses, riding his horse to the meat market in town for his mother and even to school. The family went to the famous Cow Palace Rodeo every year.

Bob attended Acalanes High School where he excelled mainly in football. When he was drafted, he was sent to Germany to play football for the U.S. Army. Upon his return he enrolled at Diablo Valley College, again concentrating on football. Newly married, his wife Marilyn and his father cautioned him that he would need to find a “real” job that would provide a decent income. Bob commented many times that his Pops would never believe the salaries of pro football players.

Bob did go to work for his dad’s printing company which made the plates to print milk cartons. He

traveled all over the U.S. & Mexico, establishing a printing plant in Mexico to also produce milk cartons. During his travels, he met a man who hired him to sell tickets for his circus company. Promotion suited Bob well so he looked for other opportunities. Along came Mr. Rodeo, Cotton Rosser, thus began Bob’s involvement and love of the sport of rodeo.

The “big man in the white hat” lived an adventurous life and had a fulfilling career. Bob originally partnered with Dave Johnson to form Thain & Johnson Enterprises. They were selling tickets to concerts, circus and racing events when the opportunity to promote rodeo entered the picture. Bob & Dave became the largest rodeo promotion company in the country, producing 30 rodeos in 21 states every year, including Hawaii and Alaska. Based in Santa Cruz, CA, Bob was on the road and in the sky 40 weeks a year, with numerous offices and thousands of temporary staff to oversee. This took a toll on his marriage and he & Marilyn divorced, remaining friends for the rest of his life. Bob en-

joyed trap shooting during his limited spare time which is where he met his current wife, Linda, and they shared over 35 years of a wonderful loving relationship. They established their home at their Thom’s Creek Ranch in Alturas, CA where they raised long-horn cattle and miniature burros. They divided time between Reno, the ranch and a summer home in Gold Beach, OR where they moved full time a few years ago.

Bob and Dave dissolved their partnership and Bob moved his base of operations to Reno, NV, as Bob Thain Productions. In 1985, when the Professional Rodeo Cowboys Association was going through tough times, Harry Vold

and Shawn Davis asked Bob and Eldon Evans to head the reorganization efforts as Co-Commissioners of the new PRCA. When they took over, volunteering their time, the PRCA was \$200,000 in debt. When they left a year later, the organization had 1 million in the bank. For his tremendous contribution, Bob was awarded the PRCA Man of the Year in 1987.

Bob was a people person. His productions always had the fans in mind, with family tickets a priority, and he not only wanted the best stock and contestants, but quality singers and entertainment as well. His sponsors were mainly law enforcement and firemen organizations as their fund-raisers, whom he always paid up front, a novel concept which led to years-long relationships of mutual respect and appreciation.

Among his many productions was a rodeo at the Rose Bowl which still holds the record for a one day rodeo with attendance of over 52,000. His work with the PRCA led to his involvement with the National Finals Rodeo and their move from Oklahoma

City to Las Vegas in 1985.

Bob was Co-Commissioner of the PRCA during their re-organization 1985-86. Bob

served on the PRCA Board of Directors for 19 years, 3 as Chairman, 18 years on the NFR Board of Directors, the Executive Director of the Pro Rodeo Stock Contractor’s Association, was General Manager of the successful Benny Binion’s Bucking Horse & Bull Sale for 8 years, and produced the National Senior Finals Rodeo for 5 years. He edited and produced the glossy coffee table book “100 Years of Rodeo Stock Contracting” which sold out and is now a collector’s item. He represented the PRCA during the Canadian Finals Rodeo many times and the 1988 Calgary Winter Olympics Special Rodeo. Bob produced the 2002 Winter Olympics Rodeo in Ogden, Utah, as well as a special production for the world downhill skier championships in 2000. During his years selling tickets for the Reno Rodeo, they increased their production from a 3-day rodeo to their current 10 days. He was honored and proud to be inducted into

the ProRodeo Hall of Fame as a Notable in 1999.

Bob was retired from the NFR Board of Directors during a ceremony in the arena in front of 17,000 fans during the 2005 NFR and officially retired from business in 2008 but never stopped his interest and involvement in the sport of rodeo. He leaves behind many treasured friends and admirers in that world.

Bob was preceded in death by his parents, his sister Mitzi and niece Shari. Bob was a good man and will be sorely missed by his loving wife Linda, her 2 children, 2 grandchildren and 6 great-grandchildren, his nephew Jon (Laura) Goens, his friend and former wife Marilyn (Dave) Zittlow, numerous relatives and long time friends. Bob wanted his legacy to be that he left the rodeo business better than he found it. He would appreciate any contribution honoring his life be made to the ProRodeo Hall of Fame in Colorado Springs, CO. At his direction, there will be no services. Bob will be remembered at a memorial during the National Finals Rodeo in December 2021, Las Vegas.

In Brief

Quilt guild to meet

The Azalea Quilt Guild general meeting will be held Monday, August 23, at 6 p.m. in the Driftwood Estates clubhouse, 16063 Driftwood Lane, Brookings.

Concert cancelled, series to continue

The free concert in the park in Brookings scheduled for August 22 with Gator Nation Band has

been cancelled.

The band cited the surge in COVID as the reason to cancel the concert. The band said it had several gigs leading up to the Brookings show that were cancelled, and the band was worried about protecting its members from the outbreak.

However, our August 29 concert with Dirty Cello is still expected to continue as scheduled.

Thomas John Schmidt entered this world in Curry General Hospital in Gold Beach, Oregon on June 6, 1959. His parents were John Thomas Schmidt (Smitty, the Barber) of Mandan, North Dakota and Vivian Clara Henkes of Stenen, Saskatchewan Canada. He was the youngest of three children. His oldest sister, Shereen Scheuneman currently resides with her husband Gus in Longwood, Florida. His older sister Pam Bay (deceased) was a long-time resident of Myrtle Creek, Oregon.

Tom was a member of the Seventh Day Adventist Church of Gold Beach, which his family helped build, until he became a member (with his sisters’ blessings) of Bethany Lutheran Church of Gold Beach in 2003. He was an SDA Pathfinder and a member of the wrestling and football teams at Gold Beach High School where he also played the trumpet, trombone, harmonica, and guitar.

He had many jobs growing up including picking berries, stringing crab pots, logging for various outfits in Curry County, longshoreman with his dad in Curry and Coos Counties, banking in Portland, and produce manager in Northern California. Most notably, he became an excellent chef and worked for various restaurants in Gold Beach (Spadas, Spinners, The Riverview restaurants) and Pappy Gander’s in Merrill, Oregon; but the

job he loved the most was when he became the best Dietary Cook at Curry General Hospital from March 1, 2005 – May 19, 2021. He prepared the meals with love and nourished the souls of many patients and family members, staff, visitors, and residents of Curry County through the Hospital’s Curry Café.

Tom has three amazing children, Robert (42), Brianna (36), and Heather (35), and a great stepson Scott (41). He has six beloved and wonderful grandchildren, Austin (20), Paige (12), Maci (11), Seth (11), Dean (7), and Adie (5). He also loved spending time with his sister Pam’s son, Kevin (42), and her grandson, Austin (13), and her granddaughter Becky (21).

Tom met the love of his life, Laura, who had just arrived in Gold Beach from the East Coast on June 16, 2003, on a blind date set up by Rita at the Fairgrounds Halloween Party, Saturday, November 1, 2003. It was love at first sight for the costumed San Francisco’s 49ers fan and the sexy witch. He proposed to Laura on November 1, 2004, had their engagement party in 2005, and was happily and forever married on June 3, 2006 at Bethany Lutheran Church.

Tom followed in his dad’s footsteps (who was a volunteer Gold Beach Firefighter and Fire Chief in the 50’s, 60’s, and 70’s) and became a Firefighter and First Responder in

Gold Beach from 2003 to 2016. He loved the commitment, training, and responsibilities of being part of the team. He loved working with the kids at Riley Creek Elementary School doing Fire Safety events, he was the best “Ham Man” cook at the annual Firefighter Breakfast Fundraiser, and especially enjoyed driving the firetrucks at the annual Curry County’s Fair parade and helping to set off the July 4th Fireworks at the Port of Gold Beach.

Tom loved music and must have attended well over 500 concerts ranging from 50’s music all the way up to the current hits. But what Tom and his wife Laura enjoyed the most besides kayaking, camping, singing in the church choir, and their animals was fundraising for local charities especially groups that helped children. Tom helped set up, clean up, advertise, participate in, and helped prepare the best food for fundraisers that included Curry Cares for Kids (a local dental program); Gold Beach Snack Pack Program, Wally’s House, Gold Beach Youth Fund; Summer Camp for Developmentally Disabled Children and the list goes on and on.

Tom, through Bethany Lutheran church, Thrivent, and the Bar None Group of Gold Beach (which he was a member since 11/12/2003) also helped with activities that included Valentine’s Day and Mothers’ Day Lun-

cheons, St. Patrick’s Day, Campouts, Thanksgiving, Christmas Parties, AYG (Adult Youth Group) functions, Assemblies, and that list goes on and on as well. Tom was always there with a helping hand and a well-cooked meal!

Tom’s Celebration of Life will be held on Saturday, August 28, 2021 at 2:00pm at the Bethany Lutheran Church’s Youth Education Building. The service will be from 2 to 3pm with a potluck and memory sharing following at 3:00pm. Please bring fresh fruit, veggies, salads, and dips in honor of Tom’s dietary lifestyle changes. Parking will be at the Curry General Hospital’s parking lot.

In lieu of fresh flowers and to honor Tom’s commitment to service, please donate to Wally’s House (PO 1845), or the Gold Beach Snack Pack Program (PO Box 377), or the Gold Beach Youth Fund (PO Box 267) all three of these non-profit organizations’ addresses are Gold Beach, OR 97444.

NOTICE OF RECEIPT OF BALLOT TITLE

Notice is hereby given that on Tuesday, November 2, 2021, a measure election will be held in Curry County, Oregon. Notice is also given that an SEL 805 with a ballot title for a measure referred by Curry County has been submitted to the County Clerk of Curry County on August 17, 2021.

Measure

Caption:

ESTABLISHMENT OF THE SOUTH COAST PARKS AND RECREATION SPECIAL DISTRICT

Question:

Shall the district be formed authorizing a maximum permanent tax rate of \$0.33 of \$1,000 of assessed value beginning in 2022-2023?

Summary:

If approved, this measure would form the South Coast Parks and Recreation District (SCPRD), which would be dedicated to the development and funding of recreational programs, services, facilities, parks and open spaces consistent with community recreation needs. District boundaries begin at the Pistol River and continue south to the California border.

SCPRD will collaborate with existing organizations to facilitate recreational programs, services, and amenities. If formed, SCPRD would be locally governed by an elected Board of five at-large members nominated for the May 2022 election.

Formation of the District would:

• Provide permanent, dedicated funding for the maintenance, development, and operation of public parks and recreation facilities within the district boundaries.

• Cap the permanent tax rate at \$0.3300 per \$1,000 of assessed value, which cannot be increased. Homeowners with an assessed property value of \$300,000.00 would pay \$99.00 yearly. The district is not required to levy the full amount of taxes yearly.

An elector may file a petition for review of this ballot title in the Curry County Circuit Court not later than 5:00 p.m. August 26, 2021, per ORS 250.195. An elector filing a petition under this section shall notify the county clerk in writing that the petition has been filed. The notice shall be given not later than 5:00 p.m. on the next business day following the day the petition is filed.

three weeks,” said Quinton.

On Tuesday, Quinton, Parke and their staff were wiping down tables, mopping up floors and making final preparations before their reopening on Thursday. Both Quinton and Parke are preparing to work behind the grill this weekend, as they are understaffed across the board.

“Were short-staffed cooks and dishwashers and hostesses. So, we’ve had to cut-out half of our business,” said Quinton as she pointed to the back-lounge area, which will remain closed for the foreseeable future.

Traci LeBoutillier, server at Blue Water, said understaffing problems have caused her shifts to be more taxing.

“It’s really stressful, we’re exhausted and worn out. I’m sure it shows in our work too when we go to tables and we’re not as happy or friendly, we feel like we have to force it because we are so exhausted,” said LeBoutillier. “If we’re short that means longer wait times for people and it’s not always fun, but we’re doing our best.”

Parke pointed to the extra \$300 per week through the Federal Pandemic Un-

On August 11, Gov. Kate Brown renewed an indoor mask mandate statewide due to a surge in COVID cases.

employment Compensation program as a contributing factor to the lack of interest in the labor market. However, with the extra benefits set to expire September 4, Parke hopes more people will be looking for a job.

While Curry County saw a slight decrease in unemployment during the month of June, the county’s seasonally-adjusted unemployment rate of 7.3% is the third highest among the 36 counties in Oregon, according to a recent report from the state employment department.

According to the report, there were about 600 unemployed individuals

in the county during June, which is a significant decrease from last June when more than 1,000 people were out of work.

Despite the gains, Rob Krebs — owner of Black Trumpet Bistro — said there still are not enough workers to fill the gaps. Krebs said he would need about four more employees to consider his restaurant, which is only open five days a week, fully-staffed.

Additionally, Krebs said the labor shortage at his restaurant has led to a decrease in morale among the employees that he does have.

“It’s got everybody at a heightened sense of exhaustion. There’s a lot of unnecessary tension between employees right now due to being over-worked and tired. I think that’s spilling over into our guests and our dining room,” said Krebs.

According to Krebs, restaurants are also being compounded by staffing problems higher up the supply chain.

He said one of his food suppliers recently told him they would only be able to send him a portion of his order, and a different ven-

dor told him they wouldn’t be able to deliver an order at all.

Quinton and Parke at Blue Water Cafe also confirmed they were having issues with their food vendors due to short-staffing.

During this tumultuous period for restaurants, Krebs urged the public to be patient when going out to eat or ordering take-out.

“I think the general public needs to be a little bit more patient and understanding of what we’re going through as a whole in the restaurant business, including the servers, the kitchen everybody,” said Krebs. “They need to be a little bit more patient and realize that we’re bending over backwards to make them happy.”

Blue Water Cafe and Lounge is open 6 a.m. to 2 p.m. every day and located at 97900 Shopping Center Avenue.

Black Trumpet Bistro is located at 625 Chetco Avenue and open from 11 a.m. to 9 p.m. Tuesday through Friday and 3 p.m. to 9 p.m. on Saturdays, they are closed Sundays and Mondays.

Brookings woman ordained in Lutheran church

A local woman became the first female lawyer-deacon in the Lutheran tradition when she was ordained to the public ministry roster of Word and Service in the Evangelical Lutheran Church in America during the Sunday morning service held at St. Mark’s Lutheran Church in San Francisco on July 25, 2021. Newly-minted Deacon Cora Rose grew up attending Trinity Lutheran Church in Brookings and credits the teaching and example of its pastor (then Rev. Dr. Gordy Myrah) and members for instilling values of service and compassion from an early age.

Bishop Laurie Larson Caesar of the Oregon Synod (a synod is a regional division of the ELCA denomination) presided at the service; Rev. Elizabeth Ekdale, lead pastor at St. Mark’s, preached. Also in attendance were Bishop Megan Rohrer of the Sierra Pacific (northern California) Synod; Sister Noreen Stevens, Directing Deaconess of the Deaconess Community of the Evangelical Lutheran Church in America; and friends, family, and congregants at St. Mark’s. Episcopal Deacon Linda Lee from St. Timothy’s Episcopal Church in Brookings traveled to participate in the service and to represent Brookings and the special bond between the Episcopal Church and Evangelical Lutheran Church in America.

If you would like to learn more about the Deaconess Community, please feel free to email deaconess.community@elca.org or call 773-380-1705.

“Too many of us in Oregon are underprepared. We need to work together to change that.”

People must do their part to limit the risk of hazards. People should have copies of critical documents and sign up for emergency alerts in the county at oralert.gov

For evacuation levels, level one means get ready, level two is get set, and level three is go, Phelps added. People might get a knock on the door from the fire department, receive a message or may receive no notification at all. People should take time to prepare now.
