Over $230M invested to strengthen Oregon's rural communities

SUBMITTED

U.S. Department of Agriculture's Rural Development has announced nearly $25 billion in rural community investments nationwide in fiscal year 2026. These projects strengthen essential infrastructure, expand housing and business opportunities, and ensure rural families and farmers have the tools they need to succeed.

"Rural communities know what they need to thrive, and USDA is proud to help turn those local priorities into lasting results," USDA Rural Development Oregon State Director Jim Carmack. "The investments we made over fiscal year 2026 strengthen housing, infrastructure, businesses and essential services across Oregon while creating new opportunities for the people who call rural Oregon home."

In Oregon, Rural Development invested more than $233.8 million in loans and grants in fiscal year 2026 to support these efforts.

These investments support local priorities in Oregon and deliver real results for rural residents, farmers, businesses, and communities, including the following highlights:

• Business: $73.8 million invested in Oregon's rural businesses, including timber production, manufacturing, entrepreneurship, and supporting value-added agriculture.

Metro Creative Connection

In Oregon, Rural Development invested more than $233.8 million in loans and grants in fiscal year 2026 to support rural residents, farmers, businesses, and communities.

• Housing: $143.3 million in multifamily and single-family housing investments to support rural homeownership and affordable rural rental housing, including $12.3 million in direct loan funding for 40 new Oregon homeowners.

• Water and Wastewater Infrastructure: $1.2 million invested to protect, modernize, and improve rural water and wastewater systems.

• Telecommunications: $12.7 million to expand access to high-speed internet in Oregon's rural and remote areas.

• Community Facilities: $7 million invested to support emergency communications, essential community buildings, and equipment.

The investments mark only the beginning of USDA's commitment to deliver resources that communities can rely on to improve their quality of life. Focusing on the needs of rural America helps build more resilient communities across the nation.

Looking ahead, USDA Rural Development will continue to deliver targeted investments that strengthen our communities by responding to rural needs across Oregon.

For more information on USDA Rural Development investments in rural America, visit the Rural Data Gateway. The Rural Data Gateway is an online tool that strengthens USDA Rural Development partnerships with rural people, entrepreneurs, government officials and Congress by making agency investment data accessible to the public.

"Continuing to Serve Our Community"

READERS' CHOICE AWARDS 2026 CURRY COASTAL PILOT Gold Winner

"Wow! Nineteen years in a row! We're honored that you've once again recognized Barron's as one of your Readers' Choice favorites — and voted us GOLD for 2026! For 19 consecutive years, you've shown your support for Barron's. Whether you've shopped with us, recommended us to a friend, or simply stopped in to say hello, we're truly grateful. Your trust and loyalty mean more to us than any award ever could. From our entire Barron's family to yours, THANK YOU! We promise to keep working hard to earn your trust, every single day."

The reasons to stay local when shopping this holiday season

Holiday shoppers have no shortage of retailers competing for their dollars come December. The National Retail Federation estimated 2025 holiday spending exceeded $1 trillion, and there's little reason to suspect 2026 spending will not match or exceed that amount.

With so much money being spent, retailers have much to gain from attracting holiday shoppers. While big box stores and online retailers may beckon shoppers louder than anyone this December, there's plenty of reasons to look local when buying gifts for loved ones during the holiday season.

• Buying local pays you back. Communities benefit when shoppers spend their money at locally owned businesses. According to the Local Business Institute, $48 of every $100 spent at a locally owned business ultimately recirculates in the community. That means supporting one business in your community indirectly leads to supporting others. And residents should know that a thriving local business sector is great for property values, as buyers tend to be willing to pay more to live in locations with successful shops, cafes and restaurants.

• Buying local encourages additional investment. New Jersey-based Spencer Savings Bank notes the appeal of already thriving business sectors on other entrepreneurs seeking to open their businesses. By supporting existing local businesses now, residents are helping to establish a foundation for future economic growth within their communities. The holiday season is a particularly lucrative time for businesses of all sizes, so that makes it a perfect time for locals to support the establishments in their community.

• Buying local offers more chances to find something unique. Buying local also pays more immediate dividends come the holiday season. Big box stores and online retailers sell the same items to people regardless of where they live, whereas independently owned local businesses tend to feature more unique items that can only be found in their stores. Shoppers looking for unique gifts for their loved ones need look no further than Main Street to find such items.

• Buying local benefits the environment. Eco-conscious holiday shoppers should know that buying local is often beneficial for the environment. Locally crafted and purchased items will not require as much packaging as items purchased from big box stores or online retailers that must protect products from the wear and tear of long distance travel. And that travel also has a negative impact on the environment, as the longer distance it takes to get a product from a warehouse to a consumer's home, the more harmful the transaction typically is on the environment.

The holiday season is a lucrative time of year for retailers, and there are numerous reasons why shoppers should focus their buying power on local businesses this year and in the years to come.

I am truly **honored and deeply grateful** to have been recognized in this year's Readers' Choice Awards, earning **Silver as your favorite Realtor**. To say I was surprised is an understatement! Thank you to everyone who voted **Bret Curtis as Best Boss**. Between Bret and our Office Managers they lead and guide our team to become better.

This year marks the **eighth consecutive year** I've received Readers Choice recognition, but the truth is, this honor isn't mine alone. It belongs to every client, friend, and member of our community who not only placed their trust in me, but rather **our incredible RE/MAX Coast and Country Real Estate Team**. Your unwavering support has been the foundation of everything we've accomplished, and I genuinely believe that any success we achieve is a reflection of the people we serve.

Living and working in this beautiful coastal paradise is a privilege, but **what inspires me most isn't just the scenery, it's you**. The people who visit, work, and call this community home are the heart and soul of what we do. Your confidence and continued support in us fuels our passion and commitment every single day. On behalf of our entire RE/MAX Coast and Country team, **thank you from the bottom of our heart, for your support,** your trust, your votes and the opportunity to be part of your journey. Your support is my "why," the reason I get up every day excited to do what I love. **With so much gratitude -**
