

Jazz, Swing, and Community: Big Bad Voodoo Daddy played their hearts out

Brookings-Harbor and Del Norte High School jazz band members take to the floor to show their dance moves.

It was non-stop entertainment as the Big Bad Voodoo Daddy band played to a sold-out crowd at Azalea Park.

The venue was packed and the dance floor was crowded at the concert.

Acclaimed jazz and swing band Big Bad Voodoo Daddy thrilled the community at a fund-raising concert in Azalea Park on the last day of summer.

The concert was orchestrated by the Partnership for the Performing Arts (PPA), and featured a special opening act with the combined high school jazz bands from Brookings-Harbor and Crescent City who stole the hearts of the community with their outstanding performance.

This wasn't just any show, it was a major event with a mission: to raise much-needed funds

for local school music programs.

"Our future is only as good as the opportunities we provide for our youth," said Nick Rail, PPA's founder. "The money we raise from the concert will provide much-needed musical instruments and support for our kids that other communities take for granted."

The PPA aims to strengthen the vitality of the community by investing in educational opportunities and building shared resources. The concert was a prime example of its vision in action, fostering an alliance between school districts to maximize the impact of their programs.

"Ninety-five percent of us got

our start in a high school band," said Scotty Morris, Big Bad Voodoo Daddy's lead singer and songwriter. "We know this is just the beginning."

Big Bad Voodoo Daddy has been a force in the jazz world, celebrated for its unique blend of classic American music with a modern twist. The band, famously named after an autograph by blues legend Albert Collins, has sold millions of records and had their music featured in hundreds of movies and TV shows.

With a long list of sold-out concerts and appearances with prestigious symphony orchestras, the nine-piece band continues its mission to "celebrate

and revitalize jazz and swing music," bringing their high-energy performances to audiences worldwide.

"The performing arts prepare students for success. Students learn to share and express their feelings," said Rail. "They build skills, confidence and perseverance and they learn to collaborate with partners from diverse backgrounds."

All profits from the event will go directly to support the music departments at Brookings-Har-

bor School District and the Del Norte Unified School District.

The event was a powerful day of music that left a lasting impact on the community and also a chance for residents to come together, enjoy a world-class performance and directly support the next generation of local musicians.

\$50,000 matching fund drive for Chetco Activity Center is under way

By LINDA LEE
Curry Costal Pilot

Facing dwindling government funding and rising costs, the Chetco Activity Center is launching a campaign to raise money to keep its essential services running. The center, a long-standing community pillar, provides a lifeline for local seniors, from daily meals to social and wellness activities.

The campaign, spearheaded by board president Roger Mitchell and his wife Jennie Mitchell, a fellow board member, seeks to match donations up to \$50,000. So far, one donor has already contributed \$1,000. The goal is to raise the full amount by the board meeting on December 17th, with all proceeds going toward next year's budget.

"We have to pull about \$6,000 every month, that's in addition to the government resources, just to keep Meals on Wheels on the road and the congregate meals served at the center," Mitchell said. "And that does not include unexpected expenses like having to replace toilets or the elevator."

The center's most critical service is its nutrition program,

which includes both congregate meals served at the center and the Meals on Wheels delivery service, for those aged 60 or over. While the suggested donation is \$6, the true cost to the center is closer to \$10 per meal.

On an average, sixty meals are delivered every day for the Meals on Wheels program, and an average of twenty-five meals are provided in house; unless it's turkey day, then the in-house number jumps to near seventy as the turkey seems to be the favorite meal provided.

"We're not allowed to charge for the meals," Mitchell explained. "We rely on donations, and people give what they can."

The Meals on Wheels program serves an average of sixty-three meals a day, five days a week. A seven-day meal plan is available with two frozen meals being delivered on Thursdays, for weekend consumption.

For many, these deliveries are not just about food, they're a critical safety check. Mitchell recounted a story of a volunteer who, after getting no response to a knock, looked through a window and saw a client in distress.

"He (the delivery person)

Chetco Activity Center President Roger Mitchell, board member Jennie Mitchell and programs administrator and assistant general manager Carol Owens (r) each volunteer their time to keep the center running.

called the ambulance, and we were told afterwards that in another twenty minutes, she would have been dead," he said. "These people are very much on their own and they're pleased to see us."

Serving the community for

nearly forty years at its current location, the activity center's history dates back to 1986 when an acre of land was donated by Virginia Manley and community members gathered the necessary funds to build the center. At that

Halfway: Construction on U.S. 101 at Bearhead Mountain Lane

At 8:51 a.m. on Sept. 20, 2025, almost nine hours after U.S. 101 was closed for the weekend, staff for the Oregon Department of Transportation and prime contractor Farline Bridge, Inc. examine the rock that is being placed on the new culvert along U.S. 101 at Bearhead Mountain Lane. This work was part of an ODOT project to replace a failing culvert along U.S. 101, about six miles south of Bandon.

Nearly done: U.S. 101 culvert construction at Bearhead Mountain Lane

The Oregon Department of Transportation and prime contractor Farline Bridge, Inc. are working together to replace a failing culvert that sits about 20 feet below the road surface of U.S. Highway 101 at Bearhead Mountain Lane, about six miles south of Bandon.

Night work: At 3:31 a.m. on Sept. 20, 2025, about six hours after U.S.

101 was closed for the weekend, workers for prime contractor Farline Bridge, Inc. lift the second of three pipe segments into place along U.S. 101 at Bearhead Mountain Lane.

U.S. 101 Bearhead Mountain culvert replacement complete

Press Release

U.S. 101 is now open. The highway had been closed nearly 40 hours at Bearhead Mountain Lane, about six miles south of Bandon. The highway was opened at 12:20 p.m. on Sunday, about eight hours ahead of schedule.

For the next 2-3 weeks, drivers can expect lane closures with flaggers through the work zone as the contractor paves the roadway and finishes work. Most delays will be brief.

This work was part of an Oregon Department of Transportation project to replace a failing culvert along U.S. 101, about six miles south of Bandon.

During the previous two weeks, the contractor had excavated the northbound travel lane and placed one of three segments of pipe.

The project replaced the existing 2-foot diameter culvert, which failed during a high water event in December 2024, with an 11-foot wide pipe. Construction on the six-week project began on Sept. 9, 2025, with the contractor

excavating the northbound lane, installing the first section of pipe and building a wing wall at the east end of the culvert.

The first part of the project was completed ahead

of schedule and now travelers will have to contend with only minor delays as there will be one-lane traffic for the next several weeks while the rest of the repairs are completed.

Obituary

Harvey Allen Wright

Harvey Wright, 89, of Gold Beach, Oregon, passed away peacefully on August 1, 2025, surrounded by family.

He was born in The Dalles in 1935 and served in the Air Force reserves beginning in 1952. In 1963, he married Sylvia Prouse, and together they raised two sons in Portland. Harvey worked many years as a machinist with Oregon Saw Chain Manufacturing.

Fishing was his lifelong passion, and after retiring to Gold Beach in the 1990s, he enjoyed many days on the Rogue River. He became licensed as a fishing guide but preferred to take people out for free, sharing his love of the river and making lasting friendships along the way. He was also known for his love of motorcycles, hunting, and the wildlife that visited his Cedar Valley home.

Harvey is remembered for his humor, generosity, and devotion to his wife and family, loving them with a depth that often moved him to tears. He is survived by his wife, Sylvia; sons, Paul and Gary; and granddaughters, Grace and Lily.

He will be dearly missed. Harvey's ashes will be spread in the places he loved.

center running.

Today, all the board members and a majority of the staff are volunteers, including Pat Thomas, who has been a volunteer for three years and a regular at the front desk.

"My favorite thing is the activities and the laughter," Thomas shared. "It's great just to get out and see everybody."

Volunteers are the lifeblood of the organization, with roles ranging from kitchen work and meal delivery to office administration and the center always needs more.

One of the biggest areas of need is volunteers for its tax preparation program, a cooperative venture with the American Association of Retired Persons (AARP) that provides free, accurate tax services for seniors from January to April.

"We're always looking for volunteers," Mitchell said. "The community needs to know what we do and the services we offer."

Beyond serving meals, the center offers a large gaming room where people can meet up play cards, do puzzles or just socialize in general.

"I am firmly committed to the idea that seniors age longer, happier and healthier if they stay in contact with other people," said Glenda Groff, a 15-year volunteer. "I'm here to promote gathering. My favorite thing is game playing."

The center is not only a place for meals, which are served Monday thru Friday, but also a hub a vital social hub for many seniors as it offers a place to gather and connect.

The matching fund drive will continue until December 16th. During the local board meeting on December 17th the Mitchells will present a check for matching funds up to \$50,000.

The Chetco Activity Center relies on the generosity of local donors and volunteers to ensure the center can continue to serve the most vulnerable members of the community for years to come.

Public Notices

**PUBLIC NOTICE
FEMA DR-4881-OR**
The Federal Emergency Management Agency (FEMA) hereby gives notice to the public of its intent to reimburse eligible applicants under the Public Assistance (PA) Program for eligible costs to repair and/ or replace infrastructure and facilities damaged by Storms, Flooding, Landslides, and Mudslides (FEMA DR-4881-OR) occurring from March 13 to March 20, 2025. This notice applies to the PA Program implemented under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5207. Under the major disaster declaration FEMA DR-4881-OR signed by the President on July 22, 2025, Coos, Curry, and Douglas counties have been designated as adversely affected by this major disaster and are eligible for PA. As of August 28, 2025, Josephine County has also been designated as eligible for PA. Additional counties may be subsequently designated. Presidential Executive Orders 11988 and 11990 require that all federal actions (including federal awards of financial assistance) in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and evaluated for social, economic, historical, environmental, legal and safety considerations. Where there is no opportunity to relocate, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages. The public is invited to participate in the process of identifying alternatives and analyzing their impacts through this notification. The regulations at 44 C.F.R. Part 9 set forth the FEMA policy, procedure, and responsibilities for implementing Executive Orders 11988 and 11990. Certain actions are totally excluded from being covered by 44 C.F.R. Part 9, such as certain emergency protective measures necessary to save lives and protect property and public health. In addition, FEMA has determined that there are no alternatives to relocate certain facilities that occur within the floodplain and/or wetland. These facilities must meet all of the following criteria: 1) FEMA's estimate of the cost of repairs is less than 50-percent of the cost to replace the entire facility, and is less than the minimal cost threshold (currently \$364,000); 2) the facility is not located in a floodway; 3) the facility has not sustained major structural damage in a previous presidentially declared flooding disaster or emergency; and 4) the facility is not critical (e.g., the facility is not a hospital, generating plant, emergency operations center, or a facility that contains dangerous materials). FEMA intends to provide grant assistance for the restoration of these facilities to their pre-disaster condition, and where applicable, provide assistance to mitigate the effects of future hazards. For routine activities, this will be the only public notice provided. For those actions not excluded from 44 C.F.R. Part 9, FEMA will identify and evaluate practicable alternatives to carrying out a proposed action in the wetlands or floodplain and use social, economic, historical, environmental, legal, and safety factors when analyzing the practicability of the alternatives. Where there is no practicable alternative, FEMA will undertake a detailed review to determine what measures can be taken to minimize potential harm to lives and risk from flooding, the potential adverse impacts the action may have on others, and the potential adverse impact the action may have on floodplain and wetland values. The public is invited to participate in the process of identifying alternatives and analyzing their impacts. Other assistance projects will undergo more detailed review, including an evaluation of practicable alternatives and FEMA may publish subsequent public notices regarding such projects as necessary as more information becomes available. For most in-kind facility restoration and associated minor hazard mitigation measures, this will be the only public notice provided. Other activities that affect wetland areas or floodplains may be required to undergo more detailed review, including study of alternate locations. Subsequent public notices regarding such projects will be published, as necessary, as more specific information becomes available. Some of the activities for which FEMA provides assistance may affect historic properties, may be located in or affect wetland areas or the 1% annual chance (base or 100-year) floodplain, and/or may involve critical actions within the 0.2% annual chance (500-year) floodplain. In those cases, FEMA must comply with Executive Order 11988, Floodplain Management; Executive Order 11990, Protection of Wetlands; the National Historic Preservation Act of 1966, (54 U.S.C. § 300101 et seq.) ("NHPA"); and the implementing regulations at 44 C.F.R. Part 9 (Floodplain Management and Protection of Wetlands) and 36 C.F.R. Part 800 (Protection of Historic Properties). The executive orders, NHPA, and/or regulations require FEMA to provide public notice for certain activities as part of approving the award of assistance for specific projects. Section 106 of the NHPA requires FEMA to consider the effects of its activities (known as "Undertakings") on any historic property and to afford the Advisory Council on Historic Preservation an opportunity to comment on such projects before the expenditure of any federal funds. A federal assistance project is an "Undertaking" for the purposes of the NHPA and a historic property is any property that is included in, or eligible for inclusion in, the National Register of Historic Places. For historic properties that will not be adversely affected by FEMA's undertaking, this will be the only public notice. It will also be the only public notice if the work is an immediate rescue and salvage operation to preserve life and property (36 C.F.R. § 800.12(d)). FEMA may, for other projects, provide additional public notices if a proposed FEMA Undertaking would adversely affect a historic property. As noted, this may serve as the only public notice regarding some of the above-described actions under PA. Interested persons may obtain information about these actions or a specific project by writing to the Federal Emergency Management Agency Region 10 office, 130 228th Street SW, Bothell, Washington 98021-9796 or by email to FEMA-R10-EHP-Comments@fema.dhs.gov. Comments should be sent in writing to John Harrison, Federal Coordinating Officer, at the above address within 15 days of the date of this notice. 9/24/2025, Pilot, 418509

Notice is hereby given that the Bureau of Indian Affairs (BIA), Department of the Interior has released an Environmental Assessment (EA) dated September 19, 2025 for the Tolowa Dee-Ni' Nation Fee-To-Trust And Housing, Cultural Center, And Commercial Parking Project. The EA has been prepared pursuant to the requirements of the National Environmental Policy Act (NEPA 42 United States Code [USC] §4321 et seq.), the National Environmental Policy Act of 1969 (43 CFR 46), and the U.S. Department of the Interior Handbook of National Environmental Policy Act Implementing Procedures (516 DM 1) and assesses the environmental impacts that could result from the acquisition by the BIA of a 22.3-acre property (Project Site) into federal trust status for the benefit of the Tolowa Dee-Ni' Nation (Tribe) for non-gaming purposes (Proposed Action), and subsequent development by the Tribe of parking lots (50 automobile stalls and 17 recreational vehicle stalls), tribal housing (6 single-family units) and private road, a cultural center (5,330 square feet), and a cultural preserve (Proposed Project). The Project Site consists of seven parcels (Assessor Parcel Numbers 102-070-17, 102-070-13, 102-070-08, 102-070-25, 102-160-23, 102-010-41, and 102-010-40) comprised of approximately 22.3- acres of tribally owned land in the town of Smith River, Del Norte County, California (Project Site). South Coast Health Equity Coalition

Opens New Community Space in Brookings

Brookings, OR – October 4, 2025 – The South Coast Health Equity Coalition (SCHEC) is proud to announce the grand opening of its newest community hub in Brookings, located at 555 Hemlock Street. To celebrate, SCHEC is inviting the public to an Open House on Saturday, October 4, 2025, from 11:00 AM to 1:00 PM.

The event will feature food, community connections, and an introduction to SCHEC’s mission and programs. This expansion reflects SCHEC’s deep commitment to serving communities across both Coos and Curry Counties, strengthening local partnerships, and ensuring that equity-centered resources and programs are accessible throughout the region.

Brookings - Open House

“We’re excited to open our doors to our community and partners—and we’d love for YOU to join us,” said Jayden Ruff, Executive Director of the South Coast Health Equity Coalition. “This new space in Brookings will be a home for collaboration, advocacy, and healing, rooted in our shared values of equity and justice.”

The South Coast Health Equity Coalition, part of Oregon’s Regional Health Equity Coalition (RHEC) model, works to address social determinants of health by centering the voices of historically underrepresented communities, with a specific focus on our rural region. SCHEC’s programs include youth leadership development, advocacy, cultural celebrations, and community wellness initiatives.

By opening this new Brookings location, SCHEC will deepen its presence in Curry County, offering a welcoming hub for community members, partners, and advocates to come together, share resources, and work collectively toward a healthier and more just future.

Librarians to be slimed at fall festival, More storytime added

By LINDA LEE
Curry Coastal Pilot

The Chetco Public Library met its goal of getting two-hundred new sign-ups for library cards and now library staff members, Alexa, Brenna and assistant library director Kat Liddell will each get a buck of slime poured over their heads at the library’s fall festival on October 4th.

The Fall Festival is on October 4th from 2:00 to 3:30 p.m. Everyone is welcome to stop by and enjoy fall-themed festivities and games and watch library staff get slimed at 2:30 in

celebration of meeting the library card signup month goals! While you’re there, pick out a free pumpkin to take home and paint, then return it by October 24th to be displayed on our book shelves the following week. The Pumpkins are limited and available on a first come, first served basis.

Also on the 4th is Tabletop Takeover Gaming Club happening all day. Tabletop Takeover invites tweens, teens, and adults to drop in anytime between 10am and 5pm for a day of strategy, storytelling, and friendly competition. Whether you’re into classic board

games or ready to dive into RPG adventures, there’s adventure for everyone and new friends to be made at this free, open-play club.

The Afternoon Indie Films is also on the 4th at 2 p.m. It’s a free monthly film screening for the community, our Afternoon Indie Film events feature top film selections from the Wild Rivers Film Festival. October’s Film Selection: Backseat Driver (2025), a comedy written and directed by Oregon filmmaker Rollyn Stafford.

On October 11th, from 3:00 to 4:45 p.m. is Art Walk Open House. Join the winners of the Brush of

the Coast Art Competition and library staff for light refreshments, music, and an art gallery meet’n’greet!

At the end on the month on October 25th is Family Film Saturday at 2 p.m. Families are invited to join us in an early celebration of Día de los Muertos with a free screening of the Pixar film Coco! MPAA Rating: PG.

At 1:00 p.m. is the Saturday Shuffle, which includes Pokémon, Magic, and more. Players can bring their favorite deck and play popular card games. Gamers of all kinds are also welcome to bring their favorite card or board

games from their own collections, or browse the library’s games, and find a crew to play with.

At a new time, for the 2nd and 4th Saturdays, is Teens Teach Tech at 2:00 to 4:00 p.m. Drop by the Library Annex with your device or tech questions and get help from a trained Cyber-Senior Technology Mentor. Our mentors are young people who have been trained to teach technology to older adults and are standing by to help with your smart phone, iPad or computer. This free service is presented in partnership with Harmony & Me Music.

In other news, storytime at the library is now twice a week with Saturday morning fun added to the schedule. This new schedule will begin October 11th at 10:30 a.m. Storytime features stories, songs and games for young children.

All library-led events and programs are free to attend, whether or not you have a library card. For more info at chetco.library-calendar.com.
