---

Hi Molly - thank you for your time. In looking over the list it appears the Boards with the most synergy with OIC are the PERS Board and the Oregon Short Term Fund Board, although neither appear to have any near-term openings. On the higher education front the UofO Board of Trustees is also of interest, but doesn't appear to have any near-term opportunities either.

Thanks  
Bryan

Hi Bryan,

Thank you for the follow up and your willingness to serve! I will definitely let our education policy advisors know that you are interested. If you see anything that you are specifically interested in other than OIC, please do not hesitate to reach out.

Take care,

MM

Hi Mary - just a quick follow up to the exchange below.

As stated I remain interested in the OIC longer term, but given the extended time frame before openings are anticipated I would also welcome the opportunity to serve on another Board or Commission in the nearer term if there is a good fit. In addition to my background in investments and economic development, I also have an interest in higher education (including my alma mater University of Oregon) as a complement to my wife's focus and advocacy for K-12.

Let me know if you become aware of any opportunity that might be a good fit, and if I can provide additional information to complement what is already on file.

Regards

Bryan

Thanks, Bryan. Was great to talk with you.

Really appreciate your willingness to serve the state. Look forward to staying in touch.

Looping in my colleague Mary, who manages all Executive Appointments in our office, so she's also aware of your profile and interest.

Best,

Jason

Hi Jason

Thanks again for your time today to discuss opportunities with the OIC. As discussed I have a strong desire to serve an organization like the OIC that aligns with, and can benefit from, my interests and experience in the investment domain.

Our discussion regarding consideration of ESG and diversity in investment practices are both areas I have been involved with in my current role. I have also been an active mentor and advocate for women and minorities in investment roles with Intel Capital. Both are experiences I can also bring to OIC policy deliberations.

Beyond the application materials you already have, let me know if there is anything else I can provide as you evaluate candidates for this important role.

Regards

Bryan

Bryan,

I'm following up on your interest in the OIC. Thanks much for reaching out and for your willingness to serve the state.

Would you like to hop on the phone for 15 minutes? Would be an opportunity for you to learn a bit more about OIC (though I'm hardly an expert) and for me to learn more about you.

Julie can help with scheduling.

Best,

Jason
