

## CHIP

### This week's Pet of the Week is Chip!

Meet Chip, a 4-year-old Hound dog! If you love hounds with big hearts and even bigger curiosity, Chip might just be your perfect match. This handsome boy is a super sweet companion who absolutely adores people. Gentle head pets, human attention, and exploring the world are some of his favorite things.

Chip is still learning what it means to live indoors, and he has made tremendous progress. He rarely barks, has overcome his fear of indoor stairs and even the TV, and he's learning good leash manners quickly. His crate has become a familiar and comforting place for him, especially when humans are home. He's a smart guy who wants to please. And yes, he's even potty trained!

Chip is looking for a patient, loving home that understands young hound energy and his cute quirky needs. He is ready to find a family that can help him build confidence, learn independence, and grow into the incredible companion he's meant to be.
